ers which might be presented, did time and space permit. I cordially and earnestly unite with you in an appeal for constitutional retorm; taid demand it at as early a day as is consistent with a respectful regard for the due forms of law. The evils of which we complain are palpable and alarming, are becoming more and more aggravated every year, are inflicting great wong and injustice upon our people, and are fast enting out the vitals of the republic; and unless speedily and effectually arrested, may yet kindle the fires of revolution and involve us in unfold calamities, as the outgrowth of erroneous principles

imbedded in our organic law.

I am strong in the faith that the generation which conquered the late rebeltion, which abolished slavery, and which has placed all men upon an equality before the law, will prove themselves equal to the new duties and the little farce of lodging one of the long to the last five years. The long comedy of keeping up appearance who, as Additional Law Judge, has corridor to the east front; the cast front the east front; the east front the east front; the east front the e ion, which abolished slavery, and grave responsibilities now devolving upon them. The nation and our sister-States have given us noble examples of progress and reform, and surely the who so rignally aided in saving the National Government from the perils of anarchy and disunion, to be handed of anarchy and disunion, to be handed down to future generations with interess of power, beneficiate, and remarks of the supreme court. His ability would honor the position, and compare favorbusy of the supreme court. His ability would honor the position, and compare favorbusy for a month past with a force of the supreme court. His ability would honor the position, and compare favorbusy for a month past with a force of the supreme court. Another new road, already chartered. nown, will demonstrate themselves able to achieve equal triumphs in the arts of peace and the science of governoconsoling company of his fellow-crafts. Court. ment, and, by the blessing of God, to reestablish the political foundations of our grand old State upon the indestructible and everlasting principles of equality and justice, "VIRTUE, LIBERTY AND INDEPENDENCE,"

The baste with which this letter has been prepared amid the pressure of to its opponents and of gratification to other daties, must excuse imperfections | its friends. Not long ago, Judge Unin composition and arrangement; and the magnitude and importance of the subject and my zeal and anxiety for success, must afford apology for its unexpected length. Most respectfully your obedient ser-F. JORDAN.

[Correspondence of the Agitator.] WILLIAMSPORT, Nov. 20, 1871.

coming creek, running along the bank | tice. - Bradford Reporter. of the river in front of nearly all the large lumbering establishments of the city. The road is located so as to give it almost the entire monopoly of the Immber carrying trade. At present, from two great cities, running up thro' a fich country, and ending in a saw mill pond,-millions expended to connect said mill pond with New York and Philadelphia.

York, and would also become feeders to the Catawissa. A connection with the Wellsboro and Lawrenceville road would seem to be most desirable, as this would afford it an almost direct route to lake Ontario, with fewer interests to the two roads would seem to be reciprocal and nearly equal: the road from Wellsboro to lake Ontario, when commines to New York and Philadelphia.

The route west, it seems to me, must be by the way of Pine creek; at least from its junction with the Marsh creek this route is not the best from Williamsother by the way of Liberty, Wellaboro and Marsh creek.

The former route has very material advantages, as well as disadvantages .-It leads more directly up into the bituminous coal region, and opens up Babb's creek, Wilson creek, Stony Fork, Cedar Run, and other coal fields, and runs through a good lumber region, though the pine is nearly exhausted. But it is a hard route over which to build a road: the stream is rapid, heavy bridging will be necessary, and in places, especially between Blackwell's and the Meadows. are heavy grades and high perpendicular bluffs on both sides of the creek.nected with the Magee road by an eight
