How to Have the Best Cough Remedy and Save 22 by Making It at Home

Cough medicines, as a rule contain a large quantity of plain syrup. A pint of granulated sugar with 1/2 pint of warm water, stirred for 2 minutes, gives you as good syrup as money can buy.

Then get from your druggist 2 1/2 ounces Pinex (50 cents worth), pour into a pint bottle and fill the bottle with sugar syrup. This gives you at a cost of only 54 cents, a full pint of really better cough syrup than you could buy ready made for \$2.25—a clear saving of nearly \$2. Full directions with Pinex. It keeps perfectly and tastes good.

It takes hold of the usual cough or chest cold at once and conquers it in 24 hours. Splendid for whooping cough, bronchitis and winter coughs.

It's truly astonishing how quickly it loosens the dry hoarse or tight cough and heals and soothes the inflamed membranes in the case of a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough.

Pinex is a highly concentrated compound of genuine Norway pine extract, combined with guaiacol, and has been used for generations to heal inflamed membranes of the throat and chest.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex," and don't accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

JILTED GIRL USES REVOLVER

Orders Former Fiance to Drive Auto to Minister's or Be Shot

Pittsburgh, Pa., Oct. 8.—A near tragedy was enacted yesterday in an automobile on the principal downtown streets by Lillian Kreps and Benjamin Werner, an automobile dealer.

Werner had taken the girl, whom he was formerly engaged to marry, out for a ride. When they entered Fifth avenue, the principal business thoroughfare downtown, the jilted girl pulled a big automatic and, thrusting it against the back of Werner's head in plain sight of hundreds of passersby, ordered him to drive to the residence of an East End minister or prepare to die.

On Grant Boulevard, near Washington street, the cowed Werner dropped the steering gear and vaulted into the rear seat, but his strategy failed, as Miss Kreps brought the heavy revolver butt down on his head, opening up a big gash and rendering him unconscious. Deprived of its driver the car crashed into an embankment and piled up in a heap.

Passersby apprehended Miss Kreps. Werner was taken from the wreckage by the police and hurried to a hospital, where his injuries were dressed.

FIRE AT MILLERTOWN

Large Barn and Seven Horses on McDonald Farm Destroyed

Millertown, Oct. 8.—A fire of unknown origin destroyed the large barn on the McDonald farm in the west end of town on Tuesday night, between 9 and 10 o'clock. The building with most of its contents was totally destroyed. There were seven head of horses burned and all the grain which was in the barn.

The farm is tenanted by W. E. Shrawder and he suffered a total loss as he had no insurance. The barn, which was owned by the McDonald heirs, was insured. A drover who had cattle in the barn at the time, saved his stock.

DENIES CRUELTY CHARGES

Superintendent of State Reformatory Says Accusations Are Untrue

Huntingdon, Pa., Oct. 8.—Superintendent T. B. Patton, of the Pennsylvania State Industrial Reformatory, when interviewed in regard to the charges of inhuman treatment preferred by former inmates of the institution, declared that he knew nothing about the incidents referred to, but supposed the charges were made up by former prisoners on account of resentment for deserved punishment received for violation of the rules. All such punishment, he said, was administered according to the nature of the offense, and in no case was it severe or inhuman.

The reformatory receives young men from every county in the State. None is received under 15 or over 25 years of age, and the sentence is an indeterminate one, the boys receiving their parole at an early date when their behavior justifies it. When the conduct of an inmate is exceptionally bad, he may be transferred to one of the State penitentiaries. The average number of inmates in the institution is about 700, and there are about 100 teachers, guards and other employees.

Presented to Every Reader of THE STAR-INDEPENDENT

Many dictionaries of various kinds have been placed on the market, but none would pass muster with the STAR-INDEPENDENT. Recently a large publishing house in the East brought together the world's greatest authorities on the English language and the result is this New Modern English Dictionary, illustrated, which a syndicate of leading newspapers immediately secured for the purpose of following out a plan of education throughout the country. So for a short time the STAR-INDEPENDENT in connection with these other papers will offer this LATEST dictionary on the remarkable terms outlined herein, before it is placed on sale at the stores at the regular retail prices. THIS DICTIONARY HAS NEVER BEEN OFFERED IN THIS CITY BEFORE.

THE NEW Modern English Dictionary

This Is What They Say of It

Money Returned If Not Satisfied

The Best Dictionary Yet Printed

Indianapolis News—"A dictionary that almost attains the latitude of an encyclopaedia is the Modern English. Besides having an unusually large vocabulary of words, both ancient and modern, it contains words that have become popularized through aviation and other new creations. It also has the Census, a section of Foreign Words and Phrases, a dictionary of Commercial and Legal Terms, a collection of Synonyms and Antonyms," etc.

A Truly Modern Dictionary

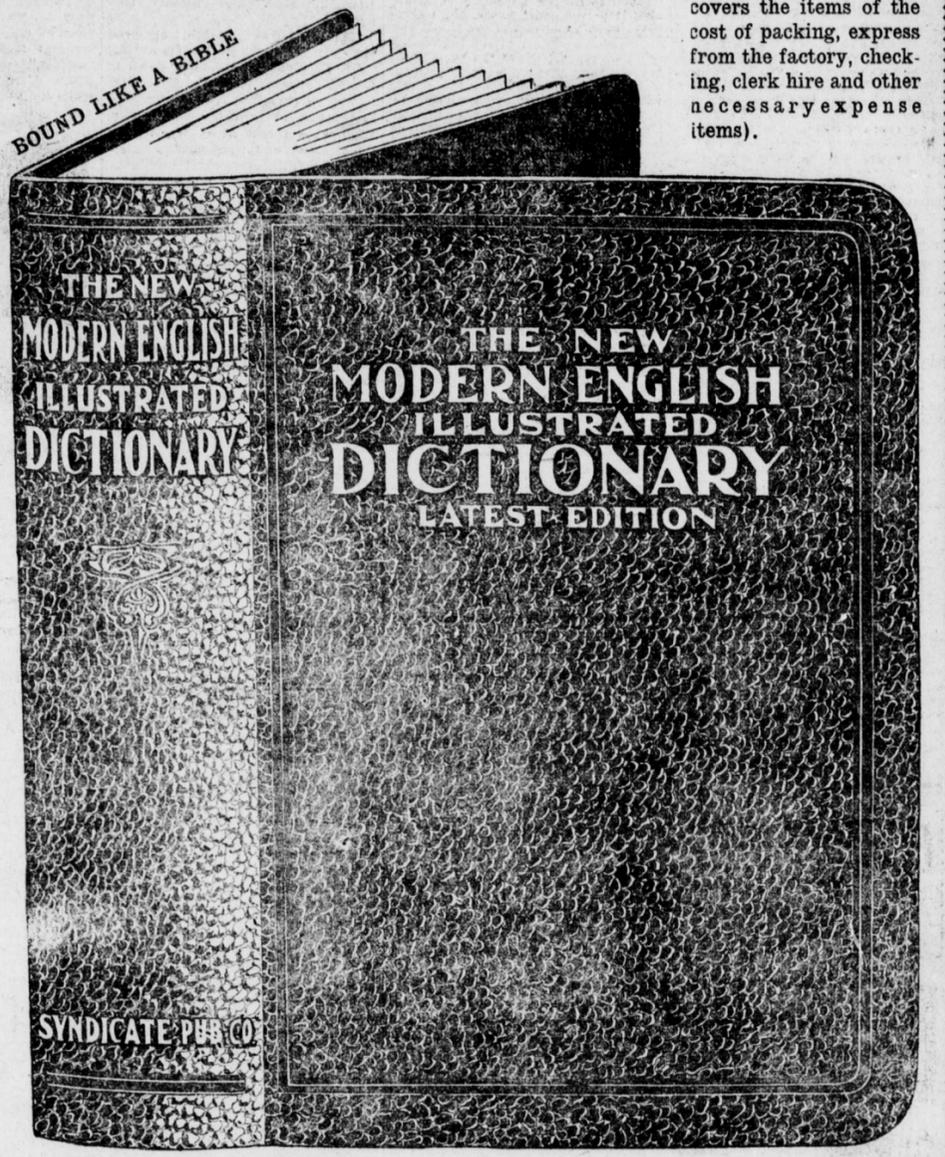

Indianapolis Sun—"An innovation in Dictionary publishing is this New Dictionary, which has just come from the press. Instead of being merely a revision of the uncopyrighted edition of the original Webster, the new dictionary is a combined product of recognized authorities from many of the great seats of learning and is a combination based upon the principles of Webster rather than a revision. It is invaluable for modern research."

An Improvement on All Dictionaries

Chicago Daily News—"Here is something new in the way of dictionaries, or rather an improvement on the old style dictionary. It is complete, accurate and convenient. It is thoroughly modern and up to date, and probably contains more of the latest words than does any other dictionary of language now published. In addition, there is a large amount of useful information such as is usually found only in comprehensive encyclopedias."

Nothing Like It in the World

Cincinnati Times-Star—"This New Dictionary is an innovation in Dictionary publishing, in that other dictionaries have been but revisions, made by an employe of a publisher, of the uncopyrighted edition of the original Webster, whereas the new Modern English sought a combination of the greatest authorities from the largest seats of learning and endeavored to produce a new combination, rather than a mere revision of an antiquated work."

But in the NEW MODERN—for the first time in dictionary making—is combined the work of the greatest MODERN authorities from the largest seats of learning, who have produced a new compilation based upon Websterian principles rather than a mere revision of the obsolete work. Vulcanizing With Light

Messrs. Heibronner and Bernstein, in France, have been experimenting with ultra violet rays as a means of expediting and simplifying the vulcanization of rubber. Vulcanization consists in impregnating rubber with sulphur. The experimenters mix solutions of sulphur and rubber at normal temperature and submit the mixture to the influence of ultra violet light for ten seconds. On evaporating the liquid a film of vulcanized rubber is left. A very small quantity of sulphur suffices—6 in 1,000.—New York World.
