P. R. R. Y. M. C. A. CLASSES WILL OPEN NEXT THURSDAY

Natorium Is Popular Addition to Gymnasium Equipment and Swimming Teams Plan Meets For Opening of Season

Under the direction of Physical Director Geisel, systematic class work will be taken up in earnest at the P. R. R. Y. M. C. A., starting next Thursday. The gymnasium has been thoroughly cleaned and the apparatus gone over and repaired, in preparation for a busy season.

Owing to the fact that last year the educational classes, which are held Monday, Wednesday and Friday, interfered some what with the gymnasium classes, all classes which were held on Friday last year, will now be held on Thursday.

The schedule for this year is as follows: Night Men's Class, Tuesday and Thursday mornings, from 9.00 to 11.00 a. m.

Junior Class, Tuesday and Thursday afternoons, from 4.00 to 6.00 p. m., and Saturday mornings, from 9.00 a. m. until noon.

Senior Class, Tuesday and Thursday nights, from 8.00 to 9.30 p. m. In addition to the regular class hours, the gymnasium will be open for individual work every day from 8.30 a. m. to 9.30 p. m.

The graded gymnastic exercises, standardized by the International Committee of the Y. M. C. A., will be used throughout the winter. The members of the different classes will be divided into elementary, intermediate and advanced grades, according to ability and experience. Regular attendance will be a big factor in advancement.

The Basketball League, which was such a success last year, will probably be a feature this year, and will start its schedule about December 1.

The bowling alleys are already in use, although the Bowling League will not organize until the first week in November.

One of the most popular additions to the equipment has been the Natatorium. It has had a successful year, and has been very well attended. Now that outdoor swimming is impossible, it will be used more than ever, for the room is kept at an even temperature of 80 degrees, and the water is heated to 76 degrees. Several meets are being planned with the swimming teams of other associations and the season will be opened by a local meet, in which only members of the Harrisburg Association will participate. This meet will be held November 20, and will be a great help in choosing the swimmers to form a representative team.

The management expects this season to be the busiest and most successful in the history of the association.

CHILDREN HAD SCALP ERUPTION

Like Blisters. Very Itchy and Irritating. Caused Hair to Fall Out Gradually. Restless at Night. Used Cuticura Soap and Ointment. Eruption Disappeared.

1027 Albright Ave., Rear, Spangtown, Pa. "Our two children had some kind of a scalp disease which gave them annoyance on account of the itching. There was an eruption on their scalps in the form of blisters. These were very itchy and irritating. It caused their hair to fall out gradually. Both of the children were restless at night. For a week I tried remedies which did not give relief. Then I purchased a cake of Cuticura Soap and a box of Cuticura Ointment and after a week's use noticed a marked improvement in both cases. In the space of three weeks the eruption had completely disappeared from both of the children's heads." (Signed) Mrs. J. Kearney, Apr. 4, 1914.

Samples Free by Mail

Do you wish to improve your complexion, hands and hair? If you wish a skin clear of pimples, blackheads and other annoying eruptions, hands soft and white, hair lustrous and glossy, and scalp free from dandruff and itching, begin to-day the regular use of Cuticura Soap for the toilet, bath and shampoo, assisted by an occasional light application of Cuticura Ointment. They work wonders in promoting skin and hair beauty. Cuticura Soap (25c) and Cuticura Ointment (50c) are sold by druggists and dealers throughout the world. Liberal sample of each mailed free, with 32-p. book on skin and scalp troubles. Address post-card "Cuticura, Dept. T, Boston."

When You Want to Laugh--Eat!

And If You Want to Eat Without Food Pains Take a Stuart's Dyspepsia Tablet After Each Meal

Laughter, smiles and mirth never go with a "caved-in" stomach. Fancy a man afraid of his food laughing! There is always that haunting feeling that a sick stomach is nothing to be mirthful about.

"My old grouchy days are funny to me now."

Just make up your mind to help nature help herself. Give your body a chance to make good. Heal the raw edges of your stomach and give your blood the tools to make digestive fluids with.

There is only one way to make the body well—give it the chance to make itself well. Harmful and strong medicines handicap the system. Stuart's Dyspepsia Tablets go into the stomach just like food. They are dissolved and there they strengthen the weakened juices of the digestive apparatus until the digestion is made normal.

There is nothing mysterious or magical about them. Science has proved that certain ingredients make up the digestive juices. Stuart's Dyspepsia Tablets are these concentrated ingredients—that is all there is to it. One grain of a certain ingredient contained in Stuart's Dyspepsia Tablets will digest 3,000 grains of food. This illustrates how you aid nature to restore her worn-out materials. When a stomach which is filled with food receives a Stuart's Dyspepsia Tablet, it is more able to digest the food than it would be without it. The work is not so hard nor the task so long.

When the meal is finally assimilated the entire system absorbs more nourishment and harmful food effects are eliminated easily, quickly and with the maximum of benefit.

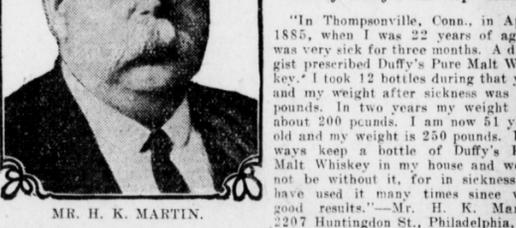

Every drug store carries Stuart's Dyspepsia Tablets. To anyone wishing a free trial of these tablets please address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich., and a small sample package will be mailed free.

Duffy's a Lifetime Benefit

Nearly thirty years ago this gentleman began using Duffy's Pure Malt Whiskey. The results were so beneficial that he has depended upon this valuable medicine in case of sickness ever since. His picture shows how hale and hearty Duffy's has kept him.

Duffy's Pure Malt Whiskey

is a life-sustaining agent in cases of emergency which no family medicine chest should lack. It is an absolutely pure distillation of clean, selected grain, carefully malted and so processed as to remove, so far as possible, all injurious elements. By its salutary effect upon the digestion it enriches the blood and builds body and muscle, and in the prevention and relief of coughs, colds, and stomach troubles it is very dependable. It makes the old feel young and keeps the young strong and vigorous. Heed the advice of thousands—
