The Frolaset corset is the one ideal corset that laces in front, and we heartily commend it to well-dressed women because we believe in selling the best merchandise that it is possible to buy.

If you are not familiar with the Frolaset will you not permit us to show you some of its new models.

## Bleachers' Table Linen Damages in a Sale of Great Importance. Double Damask of Extra Quality

at 69c and 89c If the European war lasts many months, as it is

almost certain to do, it is quite possible that there may be an entire cessation of manufacturing in the countries effected. Close to eighty per cent. of the flax that is used in Ireland and Scotland, in the making of linens, comes from Russia, whose supply has already been cut off. In the matter of yarns about fifty per cent. of all that is used in Ireland is procured from France, Belgium and Bohemia.

The outlook is not bright for another such sale of Bleachers' Damages as we are now holding, so it will well repay every housekeeper to look to her linen needs.

The story of the Broadway star feature picture, "Shadows of the Past," concerns the plottings of a politician who tries to blackmail a trio of people who have been in jail as a result of one of his previous schemes. Their fight to retain their good name and the success of their efforts furnishes the ground work of the drama. A delightful love story is interwoven through the action that is a relief to the many thrilling moments, stirring situations and startling climaxes with which the drama abounds.
