#### WHITE SOX WIN CITY SERIES

Callahan's Crew Wins Fourth Straight From Cubs With Only Two Hits

Chicago, Oct. 16.—The Chicago Americans yesterday won the city championship by defeating the Nationals 3 to 2 in the seventh game of their series.

This is the fourth consecutive series in which the Americans have triumphed over their rivals. Scott, who started against the Nationals, did not last long.

He passed Leach; the first man to face him. Collins misjudged Good's long drive, which went for a triple, and scored Leach. Good scored on Zimmerman's double. Grotte then went in and thereafter the Nationals were easily held in check.

The Americans won out in the fourth inning. Derrick fumbled Weaver's grounder. Blackburn and Collins were easy outs, but Fournier drew a pass from Humphries. Roth doubled, scoring Weaver and Fournier. Humphries again grew wild and passed Demmitt. Schalk singled, scoring Roth with the winning run. S. Vaughan then replaced Humphries.

I assume that it is not possible to send you help from the outside. In order to avoid bloodshed, I embrace this opportunity to express my high esteem to your excellency."

#### PRINCESS MARY ASKS GIFTS FOR EVERY MAN AT FRONT

London, Oct. 16.—Princess Mary has issued an appeal, in which she says: "I want you all to help me send a Christmas present from the whole nation to every sailor afloat and every soldier at the front. On Christmas Eve, when, like the shepherds of old, they keep their watch, doubtless their thoughts will turn to home and loved ones left behind. Perhaps, too, they will recall the days when as children themselves they were wont to hang up their stockings, wondering what the morrow had in store."

"I am sure we will be happier on Christmas morning to feel that we have helped by sending our little token of love and sympathy—something useful or of permanent value, the making of which may be the means of providing employment in the trades adversely affected by the war."

It is hoped that the appeal will result in the raising of \$500,000 for the provision of gifts, taking the form of an embossed brass tobacco or cigarette box, pipe and tinder lighter and candies for the Indian troops.

#### COINS NEWEST OF WORDS

Dictionary Designer Is Author of Spizerinktum—You Need It in Your Business

When you were little you used to "play at being things."

Should you now "Backward, turn backward, oh, time in its flight" of all the wild fancies you could conjure up, the occupation of a designer of dictionaries and its opportunities to influence the language of your fellow countrymen would probably not be among them. Only think, however, what a fanciful time you could have and the temptation you might yield in the matter of coining new words.

Now, this is the story of a maker of books, who had for nearly twenty-five years been proof to the lure of becoming an amateur lexicographer, only

to yield at the very last minute when urged by his friends to permit to be placed in his new dictionary one of the words he had coined for use in winning success in the business world.

That is the story of the birth of "Spizerinktum," a word which experts claim will live a long and lusty life.

Wherever Frank E. Wright, publisher of Bibles, dictionaries and other high-class educational works—who has placed his works in the homes of the majority of the "four million"—is known, that brain child of his with the outlandish name is known also.

When Mr. Wright sends a man on any mission he abbreviates the sense of that masterpiece, "A Message to Gaerea," into one word of four syllables, and the word that is buzzing in the ear of the one whom he has charged with a duty to perform is "spizerinktum"—put some spizerinktum in it."

When Kipling's soldier man told "Gunga Din" to put some "juldee" in it, he may have meant much the same thing that Mr. Wright meant when he first said "spizerinktum."

The force of the word so impressed the editor of the New Modern English Illustrated Dictionary that he insisted upon incorporating it in the volume. Mr. Wright reluctantly consented, and there it is to-day: "Spizerinktum"—vim, go, intense energy, the overmastering will to succeed."

New as it is, and striking as it is, it is not the only new or striking feature of this modern dictionary which will greet you after opening the covers.

One certificate and a small expense bonus will get this book, which the Star-Independent is giving to its readers.

#### ITCHING ECZEMA IS DRIED RIGHT UP WITH SULPHUR

Use Like Cold Cream to Subdue Irritation and Clear the Skin.

Constant or intermittent irritation producing itching and red, angry Eczema patches on the skin is readily relieved with bold-sulphur. The moment it is applied the itching stops and the healing begins, says a noted dermatologist.

It effects such prompt relief, even in aggravated Eczema that it is a never-ending source of amazement to physicians.

For many years bold-sulphur has occupied a secure position in the treatment of cutaneous eruptions by reason of its cooling, parasite-destroying properties. It is not only parasiticidal but also antipruritic and anti-septic and nothing has ever been found to take its place in overcoming irritable and inflammatory affections of the skin. While not always establishing a permanent cure, yet in every instance it instantly stops the agonizing itching; subdues the irritation and heals the inflamed raw skin right up and it is often years later before any Eczema eruption again appears.

Those troubled should get from any pharmacist an ounce of bold-sulphur and apply it directly upon the affected skin like you would any ordinary cold cream. It isn't unpleasant and the prompt relief afforded is very welcome, particularly when the Eczema is accompanied with itching. Adv.
