TRAINING OF TEACHERS

Conference of Specialists Called to Meet at Richmond

Washington, D. C., Oct. 16.—The United States Commissioner of Education has called a conference of specialists in charge of departments in State universities, normal schools and other institutions for the training of teachers for vocational schools, and presidents or directors of such institutions, to be held in connection with the 1914 annual convention of the National Society for the Promotion of Industrial Education, Richmond, Va.

The conference will be held by invitation, in the rooms of the Richmond Business Men's Club, Friday evening, December 11. The conference will be preceded by an informal dinner at 6 p. m., tickets for which will be \$1. Application for copies of the program of the conference and cards of admission should be addressed, before December 1, to W. T. Bowden, United States Bureau of Education, Washington, D. C., who is in charge of the arrangements.

THIRD CROP OF RASPBERRIES

Marietta Citizen Gathers Pint of Luscious Fruit From Garden

Marietta, Oct. 16.—John Rutherford, residing on a farm near town, took from his garden a beet that weighed nearly sixteen pounds and had thirteen protruberances. It was twenty-five inches in circumference and fifteen inches long.

Benton Hipple took a pint of raspberries from his garden yesterday, it being the third time this season the plants bore. Tomatoes in any quantity are being taken daily from gardens in this section, which is unusual.

LATIN AMERICAN COUNTRIES

Dr. Clayton Urges Special Study of Them in U. S. Schools

Washington, D. C., Oct. 16.—Special study of the countries of Latin-America in schools in the United States is urged by Dr. P. P. Claxton, Commissioner of Education, in a letter to high school principals. Dr. Claxton declares: "We should teach in our schools and colleges more of the geography, history, literature, and life of the Latin-American countries, and we should offer instruction in the Spanish and Portuguese languages to a much larger extent than is now done."

"All our relations with the republics to the south of us are bound to become much more intimate than they have been in the past. The completion of the Panama Canal, the changes in commercial relations brought about by the war in Europe, as well as other recent events, have served to call the attention of the people of the United States to the recent rapid growth and development of the Latin-American republics."

"These countries comprise an area three times as great as the United States. They are rich in minerals, forests, water power, and a wide range of agricultural products. They have 70,000,000 of people, with governments modeled after our own. Their foreign commerce amounts to more than \$3,000,000,000 annually and is rapidly increasing."

"The third American city in population is in Latin-America. Another Latin-American city has 1,000,000 inhabitants. Three others have approximately 500,000 each, and five others have each 200,000 or more. Some of these cities rank among the most beautiful and attractive in the world."

"These countries are making rapid progress in elementary and secondary education and in industrial education. Several of their universities enroll from one to 2,000 students each. The history of their countries is interesting, and they possess a rich and varied literature."

"A further reason for teaching Spanish in our schools, more than we do is that it is the language of one-tenth of all the people claiming protection under the American flag, as well as of one of the culture nations of Europe."

PENNSYLVANIA HAS SAND

This State Ranks First in Value, If Not in Quantity

Washington, D. C., Oct. 16.—The production of sand and gravel in Pennsylvania in 1913 was 4,702,449 tons, valued at \$2,381,892, against 6,509,333 tons, valued at \$3,371,613, in 1912, according to the United States Geological Survey.

Building sand is the most important product of this character in the State, but of greater relative importance is glass sand, in the production of which Pennsylvania ranks first among the States. In the value of the sand produced, although not in the quantity, Pennsylvania ranks first, the precedence in value being due to the high value of the glass sand compared to other kinds.

ACCUSED OF MANSLAUGHTER

Fight Ends in Death of Man Run Over by Van

Philadelphia, Oct. 16.—Oscar Grant, 26 years old, a helper on a storage van at Chester, was brought here yesterday by city detectives to answer the charge of manslaughter in having caused the death of Frank Sparks, 25 years old, also a resident of Chester.

Sparks died last Tuesday night, at the Chester hospital, from injuries suffered on September 24, when he was run over by a storage van during a fight on Gray's ferry bridge, in this city. The police say that Sparks was knocked down by Grant, and that the horses attached to the wagon, in which the men had been riding, became frightened and ran over Sparks.

Dentists Select Lebanon for 1915 Meet

Lebanon, Oct. 16.—With the closing of the 1914 convention of the Lebanon Valley Dental Association in Pottsville, yesterday Lebanon was selected as the place for the next annual convention in 1915. Dr. E. S. Elbert, of Pottsville, was elected president of the association and Dr. Harry Zimmerman, of Annville, was re-elected the treasurer for another year. Dr. Edward P. Kremer, of this city, gave a demonstration that was interesting and instructive.

Elected Scoutmaster at Marietta

Marietta, Oct. 16.—K. Miller was last night elected scoutmaster of the troop of Boy Scouts, organized here, succeeding George H. Pinkerton, who resigned. Benton G. Hipple, Jr., will be the assistant. A council of the scouts with prominent men and women of the community interested, has also been formed.

Expert Cigar-maker Dies at Maytown

Marietta, Oct. 16.—Harris K. Hinger, 59 years old, died from a complication of diseases after a short illness at Maytown. He was an expert cigar manufacturer and affiliated with the Cigarmakers' Union. He is survived by a sister, Mrs. John Mathias, of Philadelphia.

The Trained Voice

Lawyers, clergymen and doctors all fail to secure the influence with the people whom they come in contact because of inability to express their thoughts in an impressive way. Had the voice been trained the same as the eye and the intellect, had the exterior qualities been trained to express like the voice the best and the clearest facts, they would all have been successful. The melodious voice of Henry Clay always charmed his audience everywhere. Wherever he went people flocked to hear him, while the heavy bass tones of Daniel Webster failed to attract and actually drove people away. They preferred to read what he had to say, but wanted personally to hear Clay's pleasing voice.—Medical Record.

FRUIT SHIP RAMMED IN FOG

Vessel Sinks in Shoal Water After Collision in New York Harbor

New York, Oct. 16.—The steamship Metapan, coming from Colon, foundered in the lower harbor late yesterday after a collision with the freighter Iowan, leaving port for San Francisco. All of her 77 passengers and her crew were rescued. The Iowan, less seriously damaged, stood by and her boats took aboard two of the Metapan's passengers. The remainder were transferred to rescuing craft and landed in New York last night.

The crash occurred in a dense fog. The freighter was first seen when she was only a short distance away. In an effort to avoid the crash the Iowan is said to have let go her anchor, but the headway was greater than she could overcome. She hit the Metapan about 30 feet from the bow of the ship on the port quarter, plowing through the steel and iron and inflicting a wound that caused the Metapan to fill quickly.

The wireless operator on the Metapan immediately sent "S. O. S." calls for assistance, which were answered quickly by six or eight vessels.

As soon as it was seen that the ship was sinking he was headed toward shoal water. The boats were ordered out, and all hands were taken off without panic or confusion.

RESERVE BANKS SOON OPEN

Call for Installment of Subscriptions Issued by Federal Board

Washington, D. C., Oct. 16.—The federal reserve board took decisive action last night to hasten the opening of the twelve federal reserve banks by announcing a determination to call the capital of these banks. A call for 1 per cent. of combined capital and surplus will be issued at once and payments are due November 2.

The board decided also that all twelve banks shall be opened, simultaneously. No date has been set for the opening, but this probably will be determined after the conference with representatives of the banks to be held here early next week.

In view of yesterday's action it was believed that the banks will be in operation by November 15.

COUPLE RELEASED ON BAIL

Innes and His Wife Are Indicted for Murder and Conspiracy

San Antonio, Texas, Oct. 16.—Victor E. Innes and his wife, Eugene, Ore., indicted for murder and conspiracy to murder in connection with the disappearance of Mrs. Eloise Nelms Dennis of Atlanta, Ga., last June, were granted bail at a habeas corpus hearing yesterday. Innes' bail was fixed at \$4,000 and his wife's at \$2,000.

NOVEL MASSAGE CREAM

Perfect Skin Food That Removes Wrinkles and Clears Complexion

The most delicate skin will quickly respond to the soothing and tonic effects of Hokara and when this pure skin cream is used, pimples are soon a thing of the past.

As a massage cream or after shaving it is unequalled, removing all irritations, and making the skin soft and velvety.

Apply a little to the hands or face after washing and surprise yourself with the dead skin that comes off. Hokara is the only antiseptic massage cream, and pimples, eczema and all skin blemishes soon disappear when it is used.

Although far superior to the ordinary massage creams and sold on a guarantee of "best you ever used or money back," yet the price is a trifle, only 25c for a liberal jar; larger size 50c.

Sold on a guarantee by W. H. Kennedy.

BANK FAILURE DEATH TO SIX

Seventh Depositor in Mandel Chain Sleeps in Park With Baby

New York, Oct. 16.—Since the collapse of the chain of private banks conducted by Adolf Mandel, six of the depositors have committed suicide, and a seventh, a woman with a baby, has slept for the past six nights in the city parks. Mayor Mitchell was told yesterday by the spokesman of men, women and children depositors, who swept down upon the City Hall, demanding that the Mayor listen to their story.

The Mayor heard the disturbance they made outside his office and sent word for them to send in one of their number. They chose Louis H. Schuttler who told of the poverty of many of those whose savings were tied up in the banks.

GIVES UNIVERSITIES \$350,000

Harvard and Johns Hopkins Conditional Legatees Under Will

Salem, Mass., Oct. 16.—Public institutions, including Harvard and Johns Hopkins Universities and the Boston Museum of Fine Arts, are conditional residuary legatees to the extent of hundreds of thousands of dollars under the will of the late Gardiner M. Lane, of Boston and Brookline, filed for probate here yesterday.

The value of the estate was not stated, but residuary bequests are \$250,000 to Harvard to establish a fund to be known as the George Martin Lane fund and \$100,000 to Johns Hopkins University to establish a Basil Gildersleeve fund.

END HOUSE SALARY DOCKING

Action Permits Restless Ones to Go Home to Political Fences

Washington, Oct. 16.—Members of the House chafing to get into their home districts for campaign work, virtually were given temporary leaves of absence yesterday, when Majority Leader Underwood announced that there was no reason why those members who could return next week in time to vote on the war revenue bill after it had passed the Senate should stay in Washington now.

At Underwood's suggestion the House promptly repealed the recently enacted resolution directing the sergeant-at-arms to enforce the old law authorizing docking of salaries of members absent without leave.

Representative Underwood said Congress probably would adjourn about the end of next week.

TAFT PRAISES PRESIDENT

"Has Taken Exact Stand in War," Former Executive Declares

Providence, R. I., Oct. 16.—Praise for President Wilson for his neutral attitude in the present war was bestowed yesterday by ex-President Taft and Andrew Carnegie at a luncheon of the Chamber of Commerce.

"President Wilson has taken the exact stand," Mr. Taft said, "and has expressed it with admirable accuracy."

RUMANIAN KING BURIED

Bucharest, Rumania, Oct. 16.—With impressive ceremonies King Charles, of Rumania, was buried yesterday. The formal funeral exercises, which were exceedingly simple, were held at 9 o'clock yesterday morning. The entire city is in mourning.

TO SUE RELATIVES OF INSANE

New Jersey County Has Claims Against 100 That Total \$10,000

Trenton, Oct. 16.—Because of constant ignoring of claims against them more than 100 residents of Mercer county, who have relatives in the New Jersey Hospital for the Insane, here, will be sued by the county, which has claims against such persons amounting to more than \$10,000.

About \$35,000 per year is spent by the county for the maintenance of indigent patients at this institution.

CLERK HELD FOR BIG THEFT

Position at Baldwin Works Afforded Chance to "Doctor" Books

Philadelphia, Oct. 16.—James H. O'Drain, 1919 Master street, a clerk in the accounting department of the Baldwin Locomotive Works, yesterday was held under \$10,000 bail for a further hearing to-day, charged with embezzling \$13,000 from his employers during the past three years. O'Drain was arrested last night by Constable Walter Hauf, of Magistrate William J. Tracy's office, while he was coming from the Baldwin works, Broad and Spring Garden streets.

The charges were preferred by William DeKraft, secretary and treasurer of the Baldwin Locomotive Works. It appears that O'Drain at various times during the year, 1912-13-14 took \$13,000. The books had been altered and false entries had been made, it is alleged. Money was collected on written orders issued in his own name from various banks, it is charged.

According to Magistrate Tracy, O'Drain had been serving on a jury in common pleas court during the past week. The loss was discovered by Mr. DeKraft several days ago, when the annual auditing of the books was in progress. When confronted with the charges yesterday, O'Drain confessed. A warrant was immediately sworn out for his arrest.

According to Constable Hauf, the prisoner said as he was taken to the Fifteenth and Vine streets station, "Well, I got the money. I guess I might as well take my medicine pleasantly."

U. S. TRADE-SEEKERS GO SOUTH

Information to Further Foreign Business Will Be Obtained

Washington, Oct. 16.—Three of the newly-appointed commercial attaches of the United States, Albert Hale, C. W. A. Veditz and Erwin W. Thompson, will leave at once for the South to confer with manufacturers and merchants. They are to be connected with the American legations at Buenos Ayres, Paris and Berlin, and now particularly seek intimate information about southern interests in trade and possibilities of trade with Argentina and western Europe.

Wilson Endorses Glynn for Re-election

Washington, Oct. 16.—Governor Glynn, of New York, was endorsed for re-election yesterday by President Wilson, who sent him a letter expressing the hope that the voters of New York would return him to office, "with an emphatic majority."

PLUMP FOLKS AND THIN POLKS

Samose Will Make People Fat—"Money Back If It Fails" Says H. C. Kennedy

The line of beauty is a curve. Women may be thin and graceful, but not thin and beautiful. There is a vast number of pale, thin, scrawny people who are all brains and nerves, but without the strength and health that accompany the standard weight. Good flesh and perfect health go together. A true flesh forming food like Samose is absolutely necessary to many people.

This remarkable discovery comes in tablet form and when taken after meals mingles with the food and helps it to assimilate so that it makes rich blood and pleasing plumpness.

H. C. Kennedy has so much confidence in this remarkable flesh forming food and health restorer that he is willing and glad to allow any customer to deposit 50c with him and take home a box of Samose with the understanding that if it does not give a marked increase in good firm flesh the money will be returned without any questions.
