1914 BASEBALL SEASON HAS PASSED INTO HISTORY

Invasion of Federal League and its Subsequent Legal Battle; the Around-the-World Trip of Big Diamond Stars Featured Campaign

By Associated Press.

New York, Oct. 17.—With the World's baseball championship and almost all the pennant races in the major and minor leagues decided, the baseball season of 1914 has passed into history. Many of the events which occurred during the playing season, as well as those which immediately preceded the departure of the various teams to their training camps, were of a sensational character. The invasion of the major league circuit by a new organization, its stubborn fight for recognition, the enforced extraordinary advance in the salaries of prominent players, the legal battles fought for the retention or subjugation of several alleged contract breakers kept the baseball world in a ferment for months. The around-the-world trip of the foremost diamond stars, which was, both financially and instructively, a huge success, was a big step toward making the great American game universally understood. Taken altogether, the season just finished has marked an epoch in baseball and furnished probably the most interesting chapters in the long and varied records of events on the diamond.

In addition to the National, American and Federal leagues, there were nearly forty organizations of professional baseball clubs in operation in the United States and Canada during the past year, and the appended list shows the pennant winners for 1914:

- World's championship, Boston Nationals. National league, Boston. American league, Philadelphia. Federal league, Indianapolis. International league, Providence. American Association, Milwaukee. Sporting Briefs The reported acquisitions by the University of Wisconsin football team of Halfback Guyon, formerly of the Carlisle Indian school eleven, should greatly strengthen the Badger backfield. Guyon was a remarkable player at Carlisle, his record being almost equal to that of Jim Thorpe. Last fall he scored twenty touchdowns for the Indians; kicked nine goals and one field goal, giving him a total of 132 points. This record grows in importance when the Carlisle 1913 schedule is considered, containing as it did games against Cornell, Pittsburgh, Pennsylvania, Dartmouth, Syracuse, Brown, Georgetown and other strong college teams. If Guyon plays in the conference games, Chicago, Minnesota, Illinois and other middle western university coaches will have something to worry about. "Dad" Phillips, who is employed as binder by the Leland-Stanford University Press, claims to have seen the first finger mitt ever used in a baseball game. Over forty years ago "Dad" says he played on the same team with A. G. Spalding at Rockton, Ill., and tells of the origin of the mitt as follows: "In one of the games that our Rockton squad played we were attracted by the sound of the ball as it clapped into the hands of the man on first base for our opponents. Of course, none of us wore mitts on those days, and we never thought such a thing would be practical. But this man on first base always caught the ball with a loud pop, and several of us noticed it, though we could see nothing unusual about his hands. However, after he caught the ball each time, he pressed something into his left hand. After the game Spalding and I went over to see what he had in his hand. After some protest he showed us. It was nothing but a piece of bent metal around which he had sewed some leather. It seemed he had injured his hand, and did not want to be kept out of this game, which was for the championship of the State. So he had made this mitt."

DICKINSON-GETTYSBURG ANNUAL GAME CALLED OFF

Pennsylvania College Cancels Contest On Account of Difference Over Eligibility Rules—Efforts to Play Game Under Present Rules Failed

(Special to the Star-Independent.)

Carlisle, Oct. 17.—The annual game between Dickinson and Gettysburg, which was to have been played this afternoon at Gettysburg at 4 o'clock yesterday afternoon. Trouble over eligibility of some of the players on both teams arose and although Dickinson was willing to abide by the rules in existence between the two schools, efforts at adjustment on those lines failed yesterday afternoon.

Relative to the matter the following official statement has been issued by the college authorities:

"In May, 1911, an agreement was entered into between the Athletic Association of Dickinson and Gettysburg Colleges. A part of this agreement follows:

"All bona-fide students, as defined in section (a) of this article who are certified by their respective management and by the president or dean of their respective college, are eligible to compete in all contests.

"(a) Students of Gettysburg College and of Gettysburg Theological Seminary and students of Dickinson College and of Dickinson Law School, who are carrying not less than eleven hours of work in their respective departments per week, shall be considered as bona fide students.

"(b) No students shall be allowed to contest in any branch of athletics for more than four academic years."

"On conference with Prof. Craver, of Dickinson College, last night, October 15, Dr. Billheimer, of the Gettysburg faculty, said that the agreement had not been kept by Dickinson College and that because of this, they had not kept it at Gettysburg and proposed in the game for Saturday between the two colleges to use prep men on their team and the rest of their line-up as they had been using it during the season thus far. Dr. Billheimer reiterated this disposition over the phone this morning and on being told that Dickinson would not play the game on the conditions said that Gettysburg would not play the game on any other conditions. Later Dr. Billheimer, over the phone, said they would not play on their team a member of the theological school who had already played for four years, but again insisted that the members of their preparatory school would be used on the team. Dickinson expressed regret for the conclusion but declined to play with the prep men on the team.

"As showing Dickinson's position in the matter, the following telegram from acting President Morgan will be of interest:

"Carlisle, Pa. Oct. 16, 1914. "President, Granville of Dean Bickel—Gettysburg: "Dr. Billheimer phones that Gettysburg insists on playing her prep against Dickinson to-morrow contrary to our formal five-year contract. Dickinson will not play against these prep men. She wants to play the game but only according to contract. Can you not bring this about? If there is disagreement about the meaning of the contract Dickinson will submit it to arbitration."

ZIM WANTS FINES REMITTED

Tells Thomas Cubs Must Do That or Send Him Elsewhere

Chicago, Oct. 17.—Heinie Zimmerman had his fighting clothes on yesterday. He was one of the Chicago Cubs who met at headquarters to obtain his share of the exhibition money and city series. While there he conferred with President Thomas and demanded that the fines which were taken away from him this summer be returned. Thomas refused to give him a definite answer and referred him to Manager Hank O'Day. If the latter recommends that the fines be returned they will be.

Manager O'Day was at the office but got out before Zimmerman arrived there. Zimmerman was peeved and declared that "if I cannot be treated white" he will demand that the Chicago club trade or sell him to any club it pleases and he will not care.

Zimmerman put up the argument that he was on the field every day fighting as hard as any one on the club and that is why he was put out of the games.

WOMEN'S LARGER LEAGUE

Federation of Clubs Takes Action Looking to Expansion

Pittsburgh, Oct. 17.—The executive committee of the State Federation of Pennsylvania Women yesterday selected Wilkes-Barre as the meeting place for the annual convention of the organization next year.

To merge all the women's clubs in the United States into a national association, the League of Organizations of Women of the United States, held a meeting at the Hotel Schenly yesterday.

The league is a tentative association formed one year ago at Washington. The temporary officers are: President, Mrs. Percy V. Pennypacker; vice president, Mrs. Kate Waller Barrett; secretary, Mrs. Philip N. Moore.

Mrs. Philip N. Moore, chairman of the committee on membership, reported yesterday that the merging of all women's clubs in the United States depends on the reports made by the various committees. She stated that out of the twenty-two national organizations in the United States fifteen had consented to join the league.

The delegates who had remained in the city visited the Pennsylvania training school at Morgantown.

Stop Those Early Winter Coughs

They hang on all winter if not checked, and pave the way for serious throat and lung diseases. Get a bottle of Foley's Honey and Tar Compound, and take it freely. Stops coughs and colds, heals raw inflamed throats, loosens the phlegm and is mildly laxative. Charles T. Miller, Ed. Enquirer, Cannelton, Ind., had bronchial trouble, got very hoarse, coughed constantly from a tickling throat. He used only Foley's Honey and Tar Compound. Was entirely relieved. Wants others to know of Foley's Honey and Tar. George A. Gosans, 16 North Third street and P. R. R. Station, adv.

COLLEGE GIRLS PROTEST

Want More Liberal Rule for Missing Their Classes

Bryn Mawr, Pa., Oct. 17.—Dr. M. Casey Thomas, president of Bryn Mawr College, returned to Bryn Mawr last evening and it was announced that she would say nothing regarding the new rule against missing classes, or "cutting," before to-day.

Students of the Main Line institution, which is admittedly one of the leading colleges for women in this country, are aroused over the "cut rule," which went into effect Thursday, and is demanding that the college authorities upon the conditions hereinafter set forth, may increase its indebtedness to an amount exceeding two per centum upon the assessed valuation of property, without the assent of the electors thereof at a public election, to wit: For the construction and improvement of subways and other transit facilities, for the construction and improvement of wharves and docks, and for the reclamation of land to be used in the construction of a system of wharves and docks, as public improvements, owned or to be owned by said city. Such increase, however, shall not be made without the assent of the electors thereof at a public election, to be held in such manner as shall be provided by law. In ascertaining the borrowing capacity of said city of Philadelphia, at any time, there shall be excluded the amount of any credit shall be ascertained by capitalizing the annual net revenue derived from the period of construction and the principal amount which would yield such annual net revenue, at the average rate of interest, and sinking-fund charges payable upon the indebtedness incurred by said city for such purposes, up to the time of such ascertainment. The method of determining such amount, so to be excluded or allowed as a credit, may be prescribed by the General Assembly.

ODD PARADE AT WIND-UP

Humanitarians Urge Kindness to Children and Animals

Lock Haven, Pa., Oct. 17.—At the final session of the convention of Federated Humane Societies of Pennsylvania, yesterday, the report of Secretary Thomas S. Carlisle, of Philadelphia, showed that they had expended \$246,020.33 in carrying on their mission of mercy toward man and beast. There were 5,043 cases investigated, involving 3,493 children and 239,736 animals.

Some important discussions took place, among which were the killing of live pigeons at shoots, the training of animals where abuse occurs, sprinkling of paved streets, making them dangerous to horses, and other topics of this nature.

The election of officers resulted: President, James S. Bell, Pittsburgh; vice president, Frank B. Rutherford, Philadelphia; secretary and treasurer, Thomas S. Carlisle, Philadelphia; counselors, A. M. Lee, Pittsburgh; General W. P. Bowman, Philadelphia, and Captain G. P. Blum, Harrisburg. Last night there was a novel parade of horses of every description, also blooded dogs and yellow curs without a pedigree.

Proposed Amendments to the Constitution

Section 1. Every male citizen twenty-one years of age, possessing the following qualifications, shall be entitled to vote at all elections, subject, however, to such laws requiring and regulating the registration of electors as the General Assembly may enact: "P. R. R. Station, adv."

Section 2. Every male citizen twenty-one years of age, possessing the following qualifications, shall be entitled to vote at all elections, subject, however, to such laws requiring and regulating the registration of electors as the General Assembly may enact: "P. R. R. Station, adv."

Section 3. The debt of any county, city, borough, township, school district or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two per centum upon the assessed valuation of property, without the assent of the electors thereof at a public election, to wit: For the construction and improvement of subways and other transit facilities, for the construction and improvement of wharves and docks, and for the reclamation of land to be used in the construction of a system of wharves and docks, as public improvements, owned or to be owned by said city. Such increase, however, shall not be made without the assent of the electors thereof at a public election, to be held in such manner as shall be provided by law. In ascertaining the borrowing capacity of said city of Philadelphia, at any time, there shall be excluded the amount of any credit shall be ascertained by capitalizing the annual net revenue derived from the period of construction and the principal amount which would yield such annual net revenue, at the average rate of interest, and sinking-fund charges payable upon the indebtedness incurred by said city for such purposes, up to the time of such ascertainment. The method of determining such amount, so to be excluded or allowed as a credit, may be prescribed by the General Assembly.
