

MOTORING

ONLY WHEN YOU HEAR IT
—can you know the Hand Klaxon.

It is totally different from the clicking, rattling hand signals that you have seen and heard. Its note is POWERFUL—sharp and clean-cut. It will CARRY. It is built for PERMANENT service. It is guaranteed to GIVE permanent service. It shows its class. It is a high-grade signal—and LOOKS it.

MOTORCYCLE NOTES
About 100 riders enjoyed the recent outing of the National Capital Motorcycle Club of Washington, D. C., at Rock Point, Md.
Eight motorcycles have just been installed to expedite the collection of mail in the outlying districts of Milwaukee, Wis.
On a cross-country motorcycle trip from Alhambra, Cal., to Warren, Ohio.

Homer Stewart covered 3,785 miles in thirty-one days, averaging 122 miles a day.
Entries for the annual grand prize 200-mile motorcycle race to be held at Savannah, Ga., on Thanksgiving day, will close on November 10.
Since the first of January there has been an increase of 1,036 motorcycles registered in Massachusetts over the corresponding period of last year.
The Capital City Motorcycle Club of Sacramento, Cal., is already making plans for its 1915 events. The first run of the season is arranged for April and is to be a 200-mile race for stripped stock machines.
Tree Kills Climbing Woodman
Lewistown, Pa., Oct. 24.—David Haines, 53 years old, was fatally crushed here yesterday morning when a giant old chestnut tree fell. Scarcely a leaf was stirring in the woods when Haines climbed the trunk of a large oak to trim out the limbs, when the chestnut, some distance away, tottered and fell on him.
A word to the wise is not only sufficient; it is altogether too much.

NEARLY 2,000 FEET FLOOR SPACE FOR HAYNES CARS

Will Have Immense Display at the New York and Chicago Automobile Shows, Says George G. McFarland, Local Distributor

"The largest gathering of motor car-builders in the history of the industry was present at the semi-annual meeting of the National Automobile Chamber of Commerce in New York City on October 7, when drawings were held for space at the New York and Chicago automobile shows," states George G. McFarland, of the Harrisburg Auto Co., distributors in this territory for the Haynes, America's first car, in a recent interview.

The Haynes company drew space

ELWOOD HAYNES
Father of the American Automobile Industry

B-22, which covers 919 square feet, for their exhibit at the New York show, which will again take place at the Grand Central Palace the week of January 2 to 9, and for the Chicago show, which will be held, as usual, at the Coliseum, the company drew space H I, which covers 924 square feet.

"Last January, at the Chicago show, the Haynes company sold more cars than at all the previous shows held in the Windy City combined, but, with the popularity of the Haynes 'light six,' it is predicted that all Haynes records for cars sold at similar events will be shattered. It is stated that there will be approximately 550 exhibitors at the New York and Chicago events. Of this number, 101 will exhibit passenger cars, while the balance will exhibit accessories and products of allied trades that enter into the making of the modern motor cars.

"S. A. Miles, manager of the shows, reported that applications for the fifteenth annual exhibition exceeded in number those for any previous affairs of the kind, it being impossible to provide for seven of the car applications received from the Chicago show.

"There was much gratification among the makers over the eminently fair action of the Senate committee at Washington in recognizing the importance of the industry as evidenced by their decision not to place a tax on the motor cars, which are already so heavily taxed throughout the country, including registration fees, taxes to operate vehicles, personal property tax, wheel tax, road improvement tax, and in the case of North Carolina, \$500 license fee to sell cars in the State.

"The drawing showed that the past year has seen little or no increase in the number of manufacturers, the cars represented at the drawing being old-timers in the field. In this connection it is interesting to note that the Haynes company participated in the fourteen annual exhibitions held in New York and Chicago—a record that can be duplicated by very few of the present day manufacturers.

GOOD TIRES A NECESSITY

Vincent Astor Gets an Average of 10,000 Miles Out of Them

In placing his order for his seventh car, Vincent Astor stated that he has gotten an average of ten thousand miles on his tires and has never had any tire trouble on the road with the last car in the four years he has owned it. Likewise, in that time, the car has never left for a destination but what it has returned without trouble of any kind. This is accounted for by the selection of good tires and well-made automobiles.

Young Mother a Suicide

Lancaster, Oct. 24.—Dependent since the birth of her child, seven months ago, Mrs. Emma Shenk, 30 years old, of Lancaster county, hanged herself in her husband's barn.

Colliery Worker Killed

Tamaqua, Oct. 24.—Struck by timber falling from a car at the Lanford colliery yesterday, John Yaulick, 28 years old, was instantly killed.

Some people believe all they see and imagine the rest.

MANY EUROPEAN FEATURES

Worm Drive Six in Jeffery Line—Named After Lord Chesterfield Because of Style

Last season the automobile industry was made to blink by the appearance of a four-cylinder car on the American market, embodying a great many of the proven and accepted European features, most prominent of which was the high speed, high efficiency block type motor.

This car was the Jeffery "Four" and it numbered among its other European features, imported annular ball bearings, the Daimler leather coupling which had never before been used in this country, and a Rothschild designed body similar to those which he exhibited at the London and Paris Shows.

The new Jeffery Chesterfield "Six" is right now creating an equal amount of comment because it looks like a Peugeot or a Delage and is the first moderate priced American car to incorporate the worm drive silent rear axle.

It is said that fifty per cent. of the cars in England are using worm drive rear axles and that France and Germany are rapidly taking it up. The claims made for the worm drive would seem to be substantiated by its silent, smooth and efficient operation and economy of fuel. The worm and pinion being constantly in contact eliminates the jerks incident to starting or changing gears.

Lord Chesterfield has been honored in the naming of the new Jeffery "Six" because this manufacturer figures that the days when a man referred to his motor car as a machine have passed, and that henceforth the successful manufacturer will build instead a style carriage.

Both the front and tonneau seats are tilted back so as to give a most restful position for long drives. The upholstery is so designed as to shape itself to the curves of the human body and give support where it is most needed.

C.V. NEWS

OLDEST SUNDAY SCHOOL GAY

Celebrates at 100, and Has a Pupil 103 Years Old

Carlisle, Pa., Oct. 24.—The First Reformed church Bible school is celebrating its one hundredth anniversary with exercises covering two weeks. The only living ex-pastor of the church, Robert J. Pilgram, Pittsburgh, has been a guest of honor. The church itself was organized here in 1763. The present pastor is the Rev. Elmer L. Coblenz and the head of the Sunday school is Dr. E. H. Shulenberger.

Mrs. Anna M. Sipe, of Carlisle, who is probably the oldest woman in Pennsylvania, now in her 103rd year, has been especially honored at the present centennial and the program book has been dedicated to her.

For Choral Society

Gettysburg, Oct. 24.—The first steps toward the organization of the new Gettysburg Choral Society were taken on Thursday evening, when a number of local persons, talented in music, met in the lecture room of the Presbyterian church and determined to start regular practices next week. It is hoped to secure a membership of at least 100 before the work is well on its way.

A committee was appointed to nominate officers and another to secure a place of meeting. M. K. Eckert, Mrs. Karl J. Grimm and Miss Mary Himes will present the names of officers to be voted on by the membership of the society. Prof. Richard S. Kirby, Mrs. H. B. Nixon and Miss Reba Miller were named to secure a place of meeting.

Ammonia Tank Explodes

Waynesboro, Oct. 24.—The explosion of an ammonia compressor in the Waynesboro Ice and Cold Storage Co.'s plant did some damage to the plant and narrowly missed injuring Hamilton Brown, chief engineer, and inflicting injuries on Clarence Stoner and Wilbur Stoops, other employes.

IMPORTANT

On account of removing our factory branch from Harrisburg on November 1st, we will offer during the following week what used cars we have on hand at **ABSOLUTELY SACRIFICE** prices. We herewith publish a list of what we have on hand. Look it over carefully, then come in and make us an offer.

- One Glide Seven-Passenger Touring Car
- One 1913 Light Oakland Touring Car
- One 1912 Michigan Touring Car
- One 1913 Michigan 40 Touring Car
- One Zimmerman Touring Car
- One Jackson Touring Car
- One Six-cylinder Pullman, Seven-Passenger Touring Car
- One Maxwell Roadster
- One Light Michigan Touring Car
- One Pierce-Arrow Touring Car
- One International Truck
- One Nearly-new Abbott-Detroit Touring Car
- One Six-cylinder, Abbott-Detroit, Demonstrator

We also have some office fixtures, including two roll-top desks, one flat top typewriter desk, large new safe, typewriter, and other articles too numerous to mention, which we will sell at low figures.

The building we occupy, we still hold a two-year lease on, and will sub-let it. This whole proposition is certainly worth a quick investigation.

Call at our salesroom and ask for Mr. Natcher or Mr. Stewart.

Harrisburg Branch
Abbott Motor Car Co.

Bell 'phone 3593.

was blown off and a piece of it weighing 50 pounds shot through the roof, carrying the trap door along with it.

Open New School

Chambersburg, Oct. 24.—The new Thaddeus Stevens school building, Main and South streets, will be opened on Monday, November 2. These teachers have been assigned: Misses Kate Sheets, May Miller, Susie Krichbaum, Fannie Shatzler, Ella Bessor, Nora Stratton and Lillian Atherton.

This will leave three school rooms in the new building that will not be occupied at the present, not counting two rooms in the basement, which are intended for manual training work.

City to Insure Employes

Hagerstown, Oct. 24.—Hagerstown will insure its own employes under the State accident law, if the State Industrial Accident Commission will permit this. At a special meeting of the Mayor and Council Thursday night City Attorney Hagner was instructed to notify the Commission before November 1 that the municipality decided to insure its own employes.

Louden Girl Yet Missing

Carlisle, Oct. 24.—As late as yesterday nothing had been heard of 18-year-old Mary Louden, who on September 16 left her home in Silver Spring township and has not since been located. Inquiries relative to her supposed elopement with an Indian have not been answered. Her father, A. L. Louden, yesterday stated that he had absolutely no clue or information.

FINE AUTO TRAFFIC AUTHOR

Framer of Hazleton Ordinance in Alderman's Court at Reading
Reading, Oct. 24.—The protection of three horns and his assistance in framing the automobile traffic ordinance of Hazleton, where he lives, were of no advantage to F. G. Zeger when he appeared before Alderman Stout in police court yesterday charged with breaking the traffic laws here. Mr. Zeger owns several stores in Luzerne county. He was accompanied by his wife. He was fined \$6.25, and paid, although he may appeal.

TOBOYNE

Fire on Conocheague Mountains Extinguished by Forester Bryner
Special Correspondence.

Toboyne, Oct. 24.—Fire was discovered on the Conocheague mountains near the sand banks. It was extinguished by Forester H. E. Bryner and Ranger H. N. Hart, assisted by several others.

The roads of Toboyne township are being put in good condition by the supervisors, with the aid of a traction engine, a roofer and a scraper.

Mr. and Mrs. James Baltözer are visiting friends in Harrisburg and Dauphin and Cumberland counties.

Misses Maude and Elizabeth Smith were guests of T. A. Morrow and family.

Elias Snyder and James O'Donel were in Harrisburg on business.

Mr. and Mrs. Edward College and sons, Clark, Blaine and Clyde, and daughter, Vernice, were guests of Mr. and Mrs. George M. College.

Edward F. Middleton, while out hunting, shot a blacksnake seven feet long.

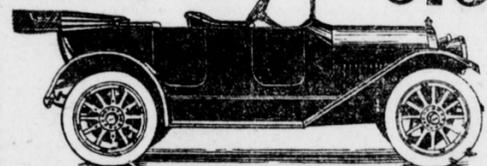

If people would work as hard as they worry they wouldn't have any time to worry.

GORSON Sets the Pace With a Motor Sale That Will Stand Unparelled for Years

Automobiles a Contraband of War.—The cars we offer were bought by an exporter to be shipped abroad, a substantial deposit left with the factory to guarantee the sale; the order was eventually canceled on account of the war, with almost a total loss to the exporter. We bought the entire lot for spot cash.

Satisfied Owners, the Best Recommendation.—The Early Buyers are so highly pleased with the smooth running qualities and hill climbing ability of these cars, that they are recommending them to their friends, who are visiting our showrooms daily and taking cars home with them. A demonstration will convince you.

\$1500 (BRAND-NEW TOURING CARS AND ROADSTERS) 1915 MODELS

These cars have never before been sold for less than list price. It is a well-known standard make. Thousands are now in use.
NOW \$875

Electric Starter and Lights
Motor, 4-cylinder, 4 1/4-inch bore by 5 1/4 stroke; three-point suspension; unit power plant; ignition, magneto, dual system; Stromberg carburetor; transmission, 3 speeds, center control; right and left hand drive, full floating rear axle, 34 1/4 inch tires, demountable rims, Goodyear no-rim-cut tires, 114-inch wheelbase and fully equipped.

The manufacturers of these cars are in a healthy financial condition and can furnish parts at any time.
