Paris, Oct. 24, 4.52 A. M.—The correspondent in Bellegard, France, of the "Echo de Paris" has sent the following dispatch to his paper: "Major Morath, in an article in the Berlin 'Tageblatt,' asserts that the largest battle of the war is being fought between Lille and Dunkirk. He says it is a combat of life and death and that on its issue depends the fate of the operations in France. On the contrary, General Blum, writing for the Berlin 'Lokal Anzeiger,' says he does not expect a rapid solution, believing that the battle in France will finish only when the forces of one side or the other are exhausted."

PRESIDENT IN PITTSBURGH
Makes Address at Seventieth Anniversary
Celebration of Founding of
Y. M. C. A. Movement

Pittsburgh, Pa., Oct. 24.—Peace commission treaties of the kind negotiated between the United States and many foreign countries were spoken of by President Wilson here to-day as the means for "shedding light" on disputes which will make the use of force unnecessary. The President predicted that after international disputes have been discussed for a year, as provided in these treaties, cannon will not be found necessary to settle them. The President addressed a mass meeting in celebration of the seventieth anniversary of the Y. M. C. A. movement and dwelt on the lessons of Christianity, urging young men to be progressive and work for the public welfare. The President left for Washington at 1.15.

Washington, Oct. 24.—The German Ambassador, Count Bernstorff, said to-day that early in the European war he had assured the United States government that whatever the outcome of the conflict, Germany would respect the Monroe Doctrine.

city, you are under my care.' At which Dr. Brumbaugh turned and left the room with him.

"I added: 'I judge from this that when the doctor is in Pittsburgh he is in charge of Jim Mulvihill and while in Philadelphia in charge of Neil Bonner.'"
Brumbaugh Not Included
"There was no coupling up of Dr. Brumbaugh's name with the gang he was traveling with to insinuate that he was under the influence of liquor or that he even drank. My information was that Dr. Brumbaugh is an exemplary man in his private character. There were two separate remarks based on two separate facts.

"The word 'drunk' is a very elastic word, and so I will modify it to 'under the influence of liquor.' The excuse of some of the accused will be that as long as a man can walk or stand up he is not drunk. I made no reference to their tour through Clearfield county nor to any other part of the trip, except what took place in the city of Dubois. My fight here and everywhere is not one of partisan politics, but a fight out and out against booze.

"Hewing on the line I am not particular whether the chips hit Republicans, Democrats, Progressives, Socialists or even prohibitionists."
(Signed) Henry W. Stough.
Statement by Editor
Mr. Bixler, the editor of the Clearfield "Progress," which published the statement as coming from Stough charging Brumbaugh with being drunk, sent a telegram to Dr. Brumbaugh in Uniontown last night saying that he regretted the publication of the Stough statement and he had every reason to believe it was unwarranted. In an editorial statement in his paper Editor Bixler says that his paper reported Dr. Stough's speech "just as it has reported the speeches of other politicians." Furthermore, he declared that the article reported in his paper was correctly stated and attributed nothing to the evangelist that he did not say. A reporter of Bixler's paper, a young woman, wrote the story of the Stough sermon, and the manager of the paper sat on the platform and verified her report, said Mr. Bixler.

Whether Dr. Stough's explanation, as printed above, is satisfactory to Dr. Brumbaugh had not been learned here late this afternoon.
"Billy" Sunday Heard From
K. M. Pray, press representative of the Democratic State Committee, to-day gave out the following telegram purporting to come from "Billy" Sunday, the evangelist:
"Denver, Col., Oct. 23.—I am informed that a personal letter of mine, written last spring before the lines of the booze fight were drawn, is being used to promote the cause of a candidate of the Personal Liberty party ticket. I am not endorsing any candidate or party and have never done so, except that I am against every man and party the saloons are for. This is not a matter of politics, but one of religion and decency."
"Make no mistake about this. I would oppose my own brother if he were to line up with the booze crowd. And my name must not be used to boost any run scheme."

No Doctor or Undertaker There
Newton Hamilton, Pa., Oct. 24.—With a population of 400 souls this town finds itself in the unique position of being without a physician or an undertaker. bidding would be even more competitive. However, contractors said there was sufficient competition to cut down the proposals and net the city a saving of no less than \$5,000 compared with the prices that have heretofore recently been paid.

When a section of Derry street was paved last year the contractor bid \$2 a square yard for paving and 90 cents per linear foot for curbing. The bid on a section of the same street to-day was \$1.85 for paving and 90 cents for curbing. The comparative saving on this street section, it is estimated, will approximate \$1,182.

The Central Construction Company on paving bid to-day as follows: Emerald, Front to Fifth, \$1.72; Apricot, Fourteenth street to 105 feet east of Hoerner, \$1.91; Wengert, Fifteenth to Sixteenth, \$1.91; Whisler, Apricot to Wengert; Wengert, Fourteenth to Brady, \$1.93; Nineteenth, Regina to Chestnut, and Market, Nineteenth to Twenty-first, \$1.74; Primrose, Fifteenth to Eighteenth, \$1.81; Gruber, Camp to Emerald, \$1.95; Swab, Elizabeth to Gruber, \$2; Wharton, Fifth to Sixth, \$1.82; Howard, Woodton to Wharton, \$1.89; Howard, Wharton to Camp, \$2; Howard, Curtin to Seneca, \$1.98; Ethel, Eighteenth to Nineteenth, \$1.80; Derry, Twenty-third to eastern city line, \$1.85.

Witnesses Called

It is this case in which mysterious "force bags," alleged to have been sold by Seiferd, have been offered in evidence. The contestants, chief of whom is Mrs. Susannah Albright, a sister of Mrs. Adams, have many more witnesses to call. Seiferd will offer two dozen or more witnesses and it is expected that the hearings will take up the greater part of next week. James G. Hatz and John Fox Weiss, the attorneys, to-day said the case will be appealed to the highest court of the State whichever way it is decided by the Register, and that a final decision in the matter may not be had for a year or two.

where hundreds of Harrisburgers viewed it.

The carcass of the cow attracted so much attention that soon exaggerated stories of its value were being told the city over. One story to the effect that it was an imported cow valued at \$25,000 was told. Another story was that it was a blue ribbon winner at various cattle shows and was being shipped to another show. Express company officials say they cannot tell anything about the animal as its destination tag was burned off and they have no way of finding its value until a claim is made on the company.

The cow was stabled in a corner of the car and cases and packages of merchandise, including clothing, gloves, drinking cups, curtains, some election supplies and other printed matter. According to the express company officials it was a Pittsburgh car en route to Philadelphia with some merchandise for southern cities.

the haymow in the livery stable owned by C. T. Scouller. However, the origin is a mystery. The burned buildings were situated on Church avenue, just back of the Newville postoffice and just east of the residential section which was attacked by a great fire a little more than a year ago.

The firemen well remembered that blaze and that together with the fact that the water pressure was poor, led them to lose no time in sending out the call to Carlisle for assistance.

TO DO NIGHT WORK
ON TABERNACLE

Volunteers Will Give Aid by Electric Light to Hurry Completion of Building

Young People to Do Decorating

Religious Census of City Will Be Taken Tomorrow Within an Hour When Volunteer Workers Will Visit Every Home

The coming of Evangelist Henry W. Stough to this city within a week will find the co-operating churches prepared for the beginning of the actual campaign, and everything in readiness for the opening of the tabernacle meetings. There has been half a year's active preparation for the evangelist's coming, and these preliminary activities will be at their height at their conclusion next week.

The tabernacle is not yet near completion, but another week's work will finish it. Night work will be done next week, to give men an opportunity to help who must work at their regular vocations in the day time. The decorating of the interior will be done by young men and young women of the young men's and young women's committees.

To Take Census of City
The census committee has finally completed its arrangements for the taking of a religious census of the city. The work will start at 3.30 tomorrow afternoon. It is expected that the work can be completed in one hour. Volunteer workers have responded to an appeal and under the capable leadership of the ward and precinct captains have been assigned the territory they are to cover.

The precinct lieutenants have arranged a place of meeting within the limits of their respective precinct, where their workers are to report at 3.15 p. m., with two shopped pencils. They will then receive their card supplies from the precinct lieutenant and at the given hour will start to work.

It is hoped that at least one member of each and every family will remain in the home between the hours of 3.30 and 5 o'clock in order that there may be no delay. A card will be made out for every family. The purpose of the census is to get information to place in the hands of Dr. Stough and his workers, as to the number of people who are not connected with any church. This information will later be turned over to the personal workers league for use after the close of the campaign.

The publicity committee had a representative in attendance at headquarters all day to-day to give out supplies of the "Campaign Bulletin" which is distributed free amongst the members of co-operating churches. Each church sends to headquarters for its supplies.

Tickets for admission to the special service for church members in the tabernacle Sunday afternoon, November 1, will be distributed at the same time. From the nature of the address, a sort of "family talk," instructions have been issued to be careful with the distribution of the admission cards, as the attendance of outsiders is not desired on this occasion.

At a meeting of the publicity committee held last evening, the chairman, R. F. Webster, assigned members of the committee to make tentative arrangements with secret societies and trade and social organizations for the holding of special nights at the tabernacle when those societies will be guests of honor.
