The Lost Mail Sack

A piece of lumber projecting from the side of a freight car picks up the mail sack hanging from the crane at Bell Station. Two hoboes find the sack and riddle the contents. Morrison, postmaster at Bgll, has been systematically robbing the mails and benefits by the mail sack's disappearance. Mary Gates, daughter of an engineer, supplies the postoffice inspectors with the first clue. How the tangle is straightened and the culprit discovered is splendidly told in motion pictures at the Standard Theatre to-night.

THE KLAVICLE OVERCOAT

(By the House of Kuppenheimer)

When you are ready to treat yourself to a bang-up overcoat—when you are tired of mediocrity, the commonplace, the fair-to-middling in overcoats—try America's master overcoat makers—the great Overcoat House—the House of Kuppenheimer.

Here, for example, is the last word in the loose, button-through overcoat, cut in the new manner. An adaptation of the Cavalryman's Cape—full back and full sleeves from one piece of clothes without a seam. Wide velvet collar, full soft-roll lapel, patch pockets with flaps, sleeves finished with a cuff. Front closes with half-ball buttons of buffalo horn.

You should get into the KLAVICLE to appreciate its effect at shoulders and collar; its clean drape and generous lines.

In loose overcoats this is the coat of the hour. With a swing and style becoming to most men, it is warm, easy, comfortable, suitable for the street, for all-round wear and for driving your car. Free play for the arms; no seam to bind or make the shoulder ache.

The KLAVICLE is authoritative—a definite overcoat achievement—and should not be confused with the welter of indiscriminate slip-over coats that flood the market this season.

We want you to know us better and we want to know you. We are going to talk to you right along in this newspaper.

Kuppenheimer Overcoats are sold by a representative dealer in nearly every Metropolitan center of the United States and Canada. If you will give us your name on a post-card we will be glad to send you our Book of Fashions.

Steuensville, O., Oct. 28.—D. J. It is believed Gilmore's mind was unbalanced. Gilmore has for years imagined that Sinclair owed him money for the care

of an uncle, in his declining years. He frequently demanded money from Sinclair, but the latter always refused to give him any. To-day Sinclair admitted Gilmore to his office to affect a private settlement and the shooting followed.
