NO PEACE DOVE FLUTTERS OVER NATIONAL LEAGUE

Older Circuit Has Taken No Cognizance of Federal Meetings and Will Make No Overtures to Bury the Hatchet

New York, Oct. 28.—No dove of peace flutters over the National League, according to Governor John K. Tener, president of that organization, who is making a short business trip to New York.

"I am not here on baseball business," said Governor Tener when asked for a statement concerning the standing of organized baseball and the Federal League.

"The National League enjoyed a most satisfactory season this year, considering the existing business conditions, and the directors of the league are far from any worry that might be caused by a rival organization.

Knows of Business Meetings "I understand that some of the owners in the National League have talked with Federal League owners as to what might take place should organize baseball recognize the Federal League, but I am sure that these meetings have only been from a business standpoint.

Asked if the National League had made any arrangements for continuing the war and for next year, Governor Tener said that the war was over as far as the National League is concerned, and explaining that, he said the National League was satisfied that the Federal League could do no further harm, and for this reason the National League was not anxious.

CRIPPLES IN H. S. SQUAD

Rote, Bingham Froehlich and Smeltzer Out of Game on Account of Injuries

In the Central High school football camp following the game with Steelton Saturday there is a large number of cripples and the athletic authorities are now thankful that Saturday's game is an easy one.

Rote's injury is believed now to be so serious that he will be out of the game until Thanksgiving Day. Bingham is suffering from bruises of the legs and is barely able to walk.

The team, however, is undeterred by this chapter of accidents and is striving hard to perfect a machine that will humble Steelton at the next meeting, November 7.

BIDDING HIGH FOR JOHNSON

St. Louis Federals Ready to Pay Any Price for Washington Star

St. Louis, Mo., Oct. 28.—The directors of the St. Louis Federal League team yesterday gave Manager Fielder Jones instructions to go to Coffeyville, Kan., and get Walter Johnson.

Jones declared that the big pitcher will jump if he is offered enough money. He told the directors it would take a young fortune to get Griffith's star. Their answer was to "go get him."

Eddie Anscomb and Clyde Milan, according to Jones, will be with the St. Louis Federals next season if he is successful in landing Johnson.

"I know his price," he said, "and I'll sell you frankly it is going to take a check that will stagger even the gamest owner in the league. But they've told me to get him, and I'll get him."

Lebanon Plays Tech The Lebanon High school team will play Tech on the Island grounds Saturday afternoon.

Temperance and labor are the two real physicians of man.—Rousseau.

BRICKLEY WILL SEE GAME

Harvard Captain to Don Uniform and Mix With Subs

Cambridge, Mass., Oct. 28.—Captain Charley Brickley, of Harvard, will be back on the firing lines Saturday. The Harvard leader, who was whisked away Monday to the country, will return to his collegiate haunts Saturday, where he will get into his football togs for the first time in three weeks, and will be seated with the rest of the squad on the Harvard sidelines watching the game between Harvard and Michigan.

PLACE BAN ON BUCKET

Individual Drinking Glasses for Crimison Players

Harvard has lost its elms and now another landmark is threatened. The manager of the football team has fallen into belief in new fangled ideas of sanitation and has decreed that the old tin bucket of Pooch Donovan, trainer of the eleven, shall be abolished. The bucket was an institution, all embracing in its functions. Players in the midst of battle were sponged from the water of the bucket and with a fine democracy drank from it as well. The men rejoiced to see the bucket coming from the sidelines, even at Kipling's Tommies rejoiced at the advent of Gunga Din. But now the bucket has been demolished. This season when time out is called Donovan will advance to the gridiron bearing a tray, and on the tray will be individual drinking glasses.

Tale of a Tail of a Stuffed Horse

The stuffed representation of Napoleon's famous charger, Vizeir, having worn out its third tail since its master's death, has recently been supplied with a fourth flowing appendage for the benefit of visitors to Paris. Vizeir, except for its tail, is the "authentic" war horse ridden by Napoleon. After the animal's death the skin was stuffed and placed among the Napoleonic collection in the Invalides museum, and it became one of the objects which attract most of the attention of visitor. Of the three tails that have already disappeared at the hands of sightseers, despite the vigilance of the guardians, it is believed that at least two are in America in small detachments.
