That were \$25.00, \$27.50, \$30.00, \$32.50, \$35.00, \$37.50, \$40.00 and \$50.00

HERE'S one of the most remarkable offers we have ever made. Right in the very heart of the season we offer one hundred and ten suits—the best types of the season's models—in the finest materials and from the best known New York makers at less than the manufacturer's prices. This means a loss to us—a considerable loss in money. But it means gain in prestige—it means the making of more friends—of greater publicity. Rich, lustrous broadcloths with fur trimmings; imported poplins with fur and fur fabric or velvet trimmings; sturdy chevots and gabardines; and suits of fur fabrics and velvet combinations. The prices are for the day only.

Arabian Lamb Coats at \$9.98 Instead of \$15.00

You may be told that this is an impossibility—but here are the coats. Each coat bears the "Salts' Arabian Lamb" label. They are lined throughout with good satin, and have big plush collars and are closed with large frogs. The material is pure mohair that will retain its luster and will always be a bright black. Women's and misses' sizes.

Genuine Salts' Astrachan Coats at \$7.98. Value \$15.00

Black only. Full length and lined throughout with yarn-dyed satin; plush collar and turn-back cuffs; big silk and plush frogs. All sizes to 46.

Samples of Girls' Coats--No Two Alike--at \$2.98 to \$5.98

Our buyer called on a maker of children's coats last week and got his promise to sell us his samples when through for the season. Ordinarily that means about November 15th. But he surprised us by writing that, owing to his inability to get the same cloths as he was showing in his samples, he was discontinuing his entire present assortment and was shipping us the samples. There are over a hundred styles in sizes 8 to 14—but just one of each style. They represent coats that sell at \$5.00 to \$15.00.

For One Day Only

Three items that will crowd the selling space allotted them. Staple garments that every woman will want to buy. The quality will more than fulfill expectations. As the day starts the quantities are liberal—but they'll go quickly.
