## ARMY-NAVY PASTEBOARDS ARE SCARCER THAN EVER

With Limited Number for Sale There Promised to Be a Big Scramble for Admission—Over 23,300 Go to Two Academies

At a meeting of the Pennsylvania committee on the Army and Navy football game, which was held yesterday afternoon in Philadelphia, all arrangements for this contest were completed. Sub-committees were appointed to receive the cadets on arrival, to superintend the erection of additional temporary stands, to take care of the grounds, and for various other purposes.

In view of the fact that the Pennsylvania committee has 2,000 seats less for distribution this year than in former years, the Army and Navy getting 23,300 seats this season, it was decided to restrict the sale of tickets to a limited class. For this purpose the committee has prepared the following statement, a copy of which will be mailed to the various bodies entitled to apply for Pennsylvania tickets:

"The seven thousand seats allotted to the University of Pennsylvania will be sold as usual and the net proceeds divided between the organizations for the relief of dependent widows and orphans of officers and enlisted men of the Army and Navy of the United States.

Application for not more than two numbered reserved seats may be made before Monday, November 9, by those included in the following University of Pennsylvania classification: Trustees of the University of Pennsylvania, members of a University faculty, contributors to the University, members of a varsity football team, members of the Athletic Association, football season ticket holders (1914).

The price of each ticket is \$3. Applications must be made on cards furnished by the Pennsylvania committee, and will not be received at any place other than Lock Box No. 816, Philadelphia postoffice, nor later than 6 p. m. Monday, November 9. Every application must be accompanied with a full remittance for the tickets.

Applicants wishing their allotment of seats grouped together must inclose the several applications in one envelope. The committee will endeavor to comply with such requests, but cannot promise to do so. No tickets will be mailed prior to November 23.

Members of the Athletic Association will mark on their application cards, where indicated, the number of their coupon books and inclose Coupon No. 32. No cash allowance will be made for Coupon No. 32 in the mail applications for reserved seats.

Members who desire to be admitted upon their athletic coupon books must signify their intention of attending the game by mailing Coupon No. 32 to the committee, addressed to Postoffice Box No. 816, accompanied with a self-addressed envelope (use the one inclosed) or before November 9. The committee will make valid Coupon No. 32 and return it by mail, at the risk of the members, on November 25. Coupons so validated accompanied by membership book must be presented at the northeast gate of Franklin field by the members personally, who will be admitted to seats in the section reserved for the Athletic Association. Identification by signature of members may be required at the gate. Because of the limited capacity of the field, coupons mailed after November 9 will not be honored.

## TECH IN SECOND HOME GAME

Lebanon High Engages Maroon and Grey Saturday Afternoon—Scrubs to Play

Tech's second home game of the present season will be played Saturday afternoon on Island Park, the opposition being the Lebanon High school team, which defeated Steelton early in the season. While the local team expects an ultimate victory, they will not have easy sailing, as Lebanon promises to put up quite a fight. The game will be played at 3 o'clock.

It will give local fans a chance to see Tech in action in mid-season form. The Tech players engaged in scrimmages yesterday with the scrubs for the first time since Saturday. The players are suffering from leg bruises, but there is no serious injury on the squad. The second team will play the Highspire A. C. at 2 o'clock. This game will be called at 2 o'clock.

Steelton at Williamsport

The Steelton High school eleven will have a stiff game in Williamsport Saturday, as the High school eleven of that place has a heavy team and a fast one. Steelton has been going at such speed lately, however, that the game is expected to result in another Steelton victory.

### JUDGE'S SLIP SETS VERDICT

Corrects Himself, But Amount of Damages Sinks Into Jurors' Minds

Wilkes-Barre, Oct. 29.—By awarding \$4,500 to 11-year-old Harry Hirshowitz, a jury in common pleas court yesterday followed instructions given by Judge Garman, who unintentionally named the price at which settlement should be made for the loss of Hirshowitz of both legs.

Upon the conclusion of testimony the jurist took the case in his own hands and told the jury to immediately return a verdict in favor of the plaintiff. He added the words "for \$4,500," and then corrected himself by "for the plaintiff." But the jury took the hint and made their award in the sum mentioned.

Young Hirshowitz collided with a traction company car and both legs were cut from his body. The suit against the traction company has been pending for three years.

### SENATOR GOFF PAYS FINE

Victim of Trickster, But Pleads Guilty of Violating Prohibition Law

Clarksburg, W. Va., Oct. 29.—United States Senator Nathan B. Goff, West Virginia's wealthiest citizen and a former judge of the United States Circuit Court, was arrested here for receiving liquor in violation of the West State prohibition law. He pleaded guilty and was fined for the offense. The arrest was the result of a trick played on Senator Goff. His offense consisted in not ordering the consignment of booze.

The West law provides that no resident of the State shall receive intoxicants unless it is ordered outside of the State. His offense consisted of receiving it and he was an innocent victim. A man called at the Senator's door with a package bearing the Senator's name. Senator Goff told the man that he had not ordered anything, but the man insisted his name was on the package. Upon opening it he found it to be whiskey. A warrant was sworn out for his arrest.

An investigation is now being made in an effort to ascertain the identity of the party responsible for the trick, which, it is said, is being worked on other residents of the State.
