**CAFETERIA AT Y. W. C. A. WILL BE OPENED MONDAY**

Returns Yesterday in Rainbow Campaign Amounted to Over Three Hundred and Fifty Dollars—Mrs. S. J. Hiney's Team Won Honors

It was announced at the Rainbow tea today that the cafeteria would be formally opened on Monday, and men will be welcome at the luncheon hour, not only on the opening day, but for all time henceforth. The luncheon hours last from 11.30 to 1.30 and it is hoped that the new cafeteria will be crowded each day by both men and women. The cooking will be home cooking of the very best, and the prices will be startegically low. Every one who can do so should lunch at the Y. W. C. A. on Monday.

The returns yesterday were good. Three hundred and fifty dollars and fifty cents were taken in and the honors of the day were won by a suburban team, Mrs. Solomon Hiney, Jr., of Steelton, which turned in \$125. The Steelton flag of green will wave above the others and Mrs. Hiney's team with \$114 won the local honors for the day and their blue flag now waves from the third floor of the building.

Six hundred and twenty new members have been added thus far.

On Friday the last of the Stough evening prayer meetings will be held from 7.45 to 8.45 in the directors' room of the Y. W. C. A. and every one is invited to attend.

The full membership of the Camp Hill team, captained by Mrs. E. N. Cooper, consists of the following Camp Hill lieutenants: Mrs. E. D. Hilleary, Mrs. F. G. Bucher, Mrs. A. M. Bowman, Miss Alice Myers, Miss Elizabeth Hilleary and Miss Rowland, Miss Sarah E. Cooper as workers, Miss Marian Lieb as New Camberton lieutenant with seven assistants: Miss Laura Martin, lieutenant, West Fairview, and the following workers in Lemoyne, Mrs. J. W. Bowman, Mrs. Walter Dietz and Mrs. Menges. A great effort will be made during the remaining time to secure sustaining members at \$5 a year each. E. Z. Wallower emphasized this point in a five-minute talk. Those who are pouring tea today are: Miss Laura M. E. Roy, Mrs. Thomas S. Blair, Miss E. Blanche Clute and Miss Weiss.

**A New Principle in Complexion Treatment**

Most creams are injurious when used habitually. They close the pores and eventually form a permanent, soggy, stinging film which interferes with eliminating skin and makes the skin sticky and pasty. There is an application—mercerized wax—which acts upon an entirely different principle. It is perfectly harmless, it has the peculiar property of removing by absorption the dead and half-dead particles of sebum, skin, as well as unhealthy matter in the pores. Thus it takes away instead of adding to the complexion, differing in this respect from cosmetics. The result is a perfectly natural and healthy young complexion. Mercerized wax, procurable at any drug store (one ounce is sufficient), is applied at night like cold cream and washed off in the morning.

The correct principle in the treatment of wrinkles is to tighten the skin, which naturally tones out the lines. A face bath, remarkably effective in this direction, may be made by dissolving 1 oz. powdered saskitol in 1/2 pt. witch hazel.

**EDISON AS A "NEWS BUTCHER"**

Great Inventor, at Scene of Boyhood Career, Lives Over Old Days

Detroit, Oct. 29.—It developed yesterday that Thomas A. Edison, the inventor, who has been visiting scenes of his boyhood in this section of the State for a week, cast off the mantle of his years Tuesday and on a trip to Port Huron once more tried his hand at the telegraph office and went so far as to take the wares from a news butcher on a train and sell them among his friends.

As a boy Mr. Edison sold papers and worked as an operator for the same railroad over which he traveled to Port Huron Tuesday. His last trip, however, was in a special train. As the inventor passed through Mt. Clemens he stepped into the telegraph office and tapped off a message to his children in New Jersey, but the message was interrupted. The Mt. Clemens operator turned to Mr. Edison with a smile and said:

"An operator on the line is complaining. He says there is a boy on the wire whose practicing is gumming things up."

It was not reported what the complaining operator said when he was told that Thomas A. Edison had caused the trouble.

At Port Huron Mr. Edison's host insisted on equipping his guest with the stock of a "news butcher." Mr. Edison appeared to take keen delight in the situation and soon was selling fruit and candies to his friends. Gum brought as high as 50 cents a package, and when the inventor stepped off the train he packed the proceeds of his day's business into the hat of a grinning porter.

**"There's a Reason"**

why more and more coffee drinkers quit coffee and use—

**POSTUM**

Once convinced that coffee-drinking is actually harmful to health, few parents would give coffee to their children, or drink it themselves.

What proof more convincing than the unnatural aches and pains that many coffee-drinkers suffer?

What proof more conclusive than the scores of expert medical and scientific opinions against coffee?

Brain, Stomach, Heart, Liver and Kidneys are the first organs to be affected. Sometimes it shows in headache; often in nervousness, indigestion or heart disturbance; frequently in biliousness or disturbed vision.

If you are in doubt try this test—  
Stop coffee ten days and use POSTUM

This pure food-drink made of prime wheat and a small per cent. of molasses, has a rich, Java-like flavour and is absolutely pure and free from the coffee-drug, caffeine, or any other harmful ingredient.

Postum comes in two forms:  
**Regular Postum**—must be boiled. 15c and 25c packages.  
**Instant Postum**—needs no boiling. A teaspoonful of the soluble powder stirred in a cup of hot water makes a delightful beverage instantly. 30c and 50c tins.

Grocers everywhere sell both kinds, and the cost per cup is about the same.
