

## Never Questioned

Royal Baking Powder is absolutely pure and wholesome. It is made from highly refined, pure, cream of tartar, an ingredient of grapes. Not an atom of unwholesomeness goes into it; not an unwholesome influence comes from it. It perfectly leavens the food, makes it finer in appearance, more delicious to the taste, more healthful.

Its superiority in all the qualities that make the perfect baking powder is never questioned.

### CONSTANT ITCHING FROM DANDRUFF

Hair Started to Fall. Red Rash Dried Into Small Scales. Could Be Seen Plainly in Hair. Used Cuticura Soap and Ointment. Trouble Gone.

1410 No. 60th St., Philadelphia, Pa.—Some time ago I was troubled with dandruff. At first it was just thin and I didn't pay any attention to it but after about a month or so it became so thick and itched me so much that I would scratch it until my head would bleed. Shortly after my hair started to fall and then I knew I must do something. When the trouble first appeared it was kind of a red rash which later dried into small scales and could be plainly seen in my hair. There was a constant itching from morn till night so great that I would scratch until my scalp would bleed and later turned to little scabs. My hair became very thin and dry.

First I used a salve but it didn't have any effect. Then I used lard and sulphur which had the same effect. After that I saw Cuticura Soap and Ointment advertised and wrote for a sample, then I purchased a cake of Cuticura Soap and box of Cuticura Ointment. Now my head is free from dandruff and my hair is growing in nicely. The trouble is completely gone.

(Signed) Fred E. Dingee, Feb. 6, 1914.

**O. K. A. Stuart's Dyspepsia Tablet will quickly digest it.**

One takes a tablet just after the meal is completed. It is taken into the mouth like food; is mixed with the saliva; swallowed moist and partially dissolved. It goes into the stomach and is there mixed with the stomach juices which are composed of acids and alkalies.

A Stuart's Dyspepsia Tablet reinforces these juices. It quickly digests the elements which such weakened juices cannot digest.

After a while the stomach passes the meal partially digested to the intestines, where it goes through another stage of digestion. Here, as in the stomach, Stuart's Dyspepsia Tablets strengthen the juices of digestion and complete the work of giving the body the benefit of the meal.

There is nothing harmful in these tablets. Only natural ingredients which the body lacks are supplied. In a short time the blood and digestive juices are given the power they lack.

Man can digest any food without injury and the entire health of the body is increased. Stuart's Dyspepsia Tablets are sold wherever drugs are sold, price 50 cents a box. Anyone wishing a free trial of these tablets please address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich., and a small sample package will be mailed free.
