CAN'T HAVE CONVENTION

Reading Firemen Notify State Association That They Cannot Hold Annual Celebration There. A sub-committee of the executive committee of the Pennsylvania State Firemen's Association, consisting of Charles H. Cohn, of Allentown; W. W. Wunder, of Reading, and George S. Kroll, of York, is having its hands full in finding a place to hold the firemen's convention for 1915. The Firemen's Union of Reading heard that the convention was to be held in Reading and they immediately notified the State Association that it was not wanted.

No invitation was received at the convention held in this city for next year's affair. The Reading companies object to the entertainment of the convention on the ground that they can not afford to bear the heavy expenses of entertainment (estimated at \$25,000).

The following is a copy of the letter sent by the Reading Firemen's Union to the State Association: "Reading, Nov. 3, 1914. Gentlemen:—The fact that Reading has been mentioned in the last convention as a suitable place for holding the convention of the State Firemen's Association in 1915, was reported to the Firemen's Union of this city at its meeting held Monday, October 19.

"After due discussion, the undersigned were directed to communicate with you showing that it would be totally inadvisable to have the convention meet in this city.

"We find that the treasuries of the various companies are in no condition to finance the project, and the antagonism shown by our business people through the Chamber of Commerce, to the volunteer fire department entirely precludes any possibility of assistance on their part.

"Much as the Reading fire department would like to entertain the firemen of the State in 1915, we feel we must forego the pleasure until conditions are more favorable.

"Respectfully, "M. Luther Mason, "Alfred Gunkel, "Walter S. Frees."

The publicity and conventions committee, of the Chamber of Commerce, offered to finance the affair, but the firemen claimed that its estimate of \$500 for each company would not be sufficient to pay the convention expenses, let alone the parade.

Drought May Close Mines. Pottsville, Pa., Nov. 5.—Fifteen collieries in this county have water enough for operation only this week. If it does not rain sufficiently to replenish the dried-up springs, they will be compelled to close down next week.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time discoverer, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers. Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative. No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action. If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime. Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O. Adv.

Republicans Make Big Gains in Legislature. Returns Early To-day Indicate 21 of the 27 Senatorial Candidates Elected—Party's Majority on Joint Legislature Ballot Estimated at 80

(Special to the Star-Independent.) Philadelphia, Nov. 5.—Indications early to-day were that 21 of the 27 State Senators elected Tuesday are Republicans. The Republicans have sent to the House the biggest majority in recent years, and on joint ballot it is estimated that they will have a majority exceeding 80. Definite returns are not available, so that it is impossible to indicate accurately the exact political complexion of the State Legislature, which begins its session the first Tuesday in January. Local opinion, judged by the victory of the Republican party, most of whose candidates for the Legislature in the big centres, such as Philadelphia and Allegheny counties, were opposed to such a bill, may not be strong enough to pass such a bill in the House. Philadelphia and Allegheny counties have sent solid Republican delegations to the House, 41 members from Philadelphia and 22 from Allegheny. This is true also of the four Senators elected in Philadelphia and the three in Allegheny county. One of the greatest surprises in the State Senate election was the return, after a lapse of two years, of former Senator William C. McConnell, of Shamokin, to the Senate, to fill the unexpired term of the late Senator John T. Fisher. He was the only member of the Catin Commission to come before the people, and he won easily. Democratic Lehigh also sent a Republican to the Senate, H. W. Schantz, who defeated Senator James A. Miller. James H. Maurer, who four years ago was the only Socialist in the House, was re-elected from the Reading district. Mr. Maurer is a strong organized labor follower and is at present president of the State Federation of Labor. Many of the old faces will not appear in the next House. Speaker Alter was not a candidate for re-election, and J. R. K. Scott and Daniel J. Shern, of Philadelphia, did not seek re-election. Samuel B. Scott, of Germantown, and T. Henry Walcutt, of West Philadelphia, leaders of the Progressive faction, failed of re-election, as did Representative Jones, of Schuylkill county, another active Progressive. The Rev. C. F. Swift, of Beaver, a power in the Progressive party, also was defeated. Already candidates for Speaker appear. Among them are Representatives William H. Wilson and Charles J. Rooney, of Philadelphia; James Woodward, of Allegheny, and Fred C. Erhardt, of Lackawanna county.

One Letter Names. O is a village of France, in the commune of Mortree, at distance of fifteen kilometers from Argentan, itself at a distance of thirty-five kilometers from Alencon. This Norman hamlet has at last accounts twenty-three inhabitants and the proud memory of the extinct marquisate of O, which dates back to the crusades. The last marquis, superintendent of the finances of Henri III, lived a spendthrift and died a pauper. Another instance of single letter geography is Y, the arm of the sea which penetrates the Netherlands.

Best Treatment for All Complexion Ills. I'll tell you my panacea for all complexion troubles. If the skin be colorless, sallow, muddy, over-red, if it be rough, chafed, pimply, or freckled, there's nothing that will so surely overcome the condition as ordinary mercurized wax. The wax literally takes off a bad complexion, absorbs the dead and near-dead particles of surface skin, so gently, gradually, you experience no inconvenience at all. A new complexion is then in evidence, one so clear, spotless, delicately soft and beautiful. The wax is so young. One ounce of this wax, procurable at any drug store, will rejuvenate even the most sordid complexion. It is smeared on like cold cream before retiring and removed mornings with warm water. The mercurized wax habit is a healthier and more economical one than the cosmetic habit. If the skin be wrinkled or creased, bathe it daily in a solution made by dissolving an ounce of powdered saxolite in a half pint witch hazel. This not only removes wrinkles, even the deepest wrinkles.—Elsie Desmond, in Beauty's Mirror. adv.

CONGRATULATIONS POUR IN ON DR. BRUMBAUGH

He is Resting After Vigorous Campaign—Penrose Leaves Home for a Trip Down the Delaware Bay After Making Statement

(Special to the Star-Independent.) Philadelphia, Nov. 5.—Thousands of congratulatory letters, telegrams and telephone calls came in upon Senator Penrose and Governor-elect Brumbaugh yesterday. It will require weeks before all can be answered. Meanwhile the recipients of the congratulations are trying to rest after a strenuous exertion. Senator Penrose left this morning for a trip down the Delaware bay and Dr. Brumbaugh probably will rest a few weeks before taking up cabinet-making an dother activities.

In the Brumbaugh mail certain messages lead in interest. Richard B. Quay, until recently an active Bull Moose, whose denunciation of William Flinn, and prior letter to Colonel Roosevelt opposing fusion, were factors in the campaign, wrote:

"You have hearty congratulations on your victory from a man who isn't considered a factor either in or out of any party."

Senator George T. Oliver, of Pittsburgh, sent congratulations on the answer the electors gave Brumbaugh by their votes to "the campaign of slander and mendacity, which has been waged against you."

Before leaving the city, Senator Penrose reiterated his pleasure at the vote he received, compared the Republican sweep of Tuesday to that which took place in 1895-1896 following the Wilson-Gorman tariff bill.

"The Progressive party," he added, "has gone to third place, with the future that all third parties have. It is still too early to talk of Republican Presidential possibilities, Wilson has two years to serve."

Senator McNichol, Senator Vane and City Chairman David H. Lane all took the ground that the results were more eloquent than anything they could say. Democratic City Chairman B. Gordon Bromley repeated that, left without support by the State organization, the City Committee had done all it could to bring out the vote, but it could not hold back a landslide.

At Washington State headquarters Chairman A. Nevin Dietrich dismissed the stenographers, consigned to the waste basket stirring appeals to the electorate side by side with denunciations of the Republican candidates, packed his grip and left for his home in Chambersburg. When the party future was suggested as a topic for discussion Mr. Dietrich replied there was nothing to say. The Palmer-McCormick League closed its doors.

Better to Admonish. It is better to admonish than to reproach for the one is mild and friendly, the other harsh and offensive. The one corrects the fault; the other only convicts them.—Epictetus. adv.

IS YOUR HAIR RIGHT FOR THE NEW FALL STYLES

You will delight in arranging your hair in the new and interesting modes of this season if you keep it perfectly soft and fluffy so that it appears naturally heavy. This will be a simple matter if you use the right shampoo. It is not advisable to use a makeshift, but always use a preparation made for shampooing only. You can enjoy the best that is known for about three cents a shampoo by getting a package of canthron from your druggist; dissolve a teaspoonful in a cup of hot water and your shampoo is ready. After its use the hair dries rapidly with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its lustre and softness will also delight you, while the stimulated scalp gains the health which insures hair growth. Adv.

With Least Exertion

To do one's best work with comfort, body and brain must be in good condition. That requires proper food—food that contains all the elements that build brain and brawn.

Grape-Nuts

Is that kind of food!

Made of wheat and barley, it contains all the nutrient of these most nourishing grains, including those vital mineral salts—phosphate of potash, etc.—that are discarded in making white flour.

Long baking breaks down the starch cells of the grain and makes this food easily digestible by the most delicate stomach.
