NEWS OF THE SPORTING WORLD

Why You Should Buy One of These Splendid

\$1500 Brand New 1915 Cars \$875

That Are Selling Fast at . . . \$875

The man whose time is real money, who uses his car for business as well as pleasure, the man who is accustomed to quality and who knows that price alone has no meaning—these are the kind of people who have bought this wonderful all-round car.

Electric Starter and Lights. These appliances, which have for years been standard equipment on all automobiles, are now standard equipment on this car.

It is the product of experience and the study of the best designers. The intrinsic value of these cars is best realized by a careful inspection and thorough demonstration.

Don't overlook the 600 used cars of all standard makes at prices that make buying easy.

C. W. DUNHAM DESIGNER OF CHALMERS 'SIXES' FAMOUS

One of the Foremost Automobile Engineers, While He Is Conservative, Has Always Been Willing to Take Advantage of Improvements

Prominent among these points most generally discussed during the present season, regarding the different phases of automobile construction, has been weight. That weight in a motor car is not a mere matter of opinion, but one that should be scientifically determined according to the work to be done by each part, is the opinion of George W. Dunham, consulting engineer of the Chalmers Motor Company.

As the designer of the famous Chalmers "Sixes" Mr. Dunham is recognized as one of the foremost automobile engineers. While he is conservative, cars of his design have always been leaders in important improvements, and noted for their good soundness, simplicity and durability.

Mr. Dunham was the first engineer regularly to equip a car selling under \$2,000 with efficient self-starter. He was the first to design an efficient six-cylinder car to sell at a medium price. He was the man who introduced the flush side or stream line body, and the molded, full oval fender to America. He is one of the few designers of me-

dium priced cars who look upon the various questions involved from the users' viewpoint and not from the angle of the manufacturer alone.

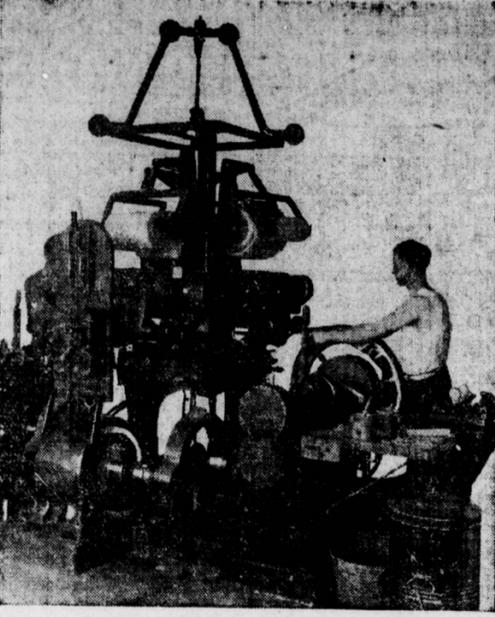

Robert M. Morton, of the Keystone

Jeffery 4, \$1450. Jeffery Chesterfield Light 6, \$1650. Jeffery Big 6, \$2100. Jeffery Trucks Chassis, \$1300 to \$1650. Jeffery 4-Wheel Drive Trucks, \$2750.

Vim 1900-4b. Delivery ranging from \$635 to \$725. All Prices P. O. B. Factory. Bentz Landis Auto Co., 1808 LOGAN ST.

One of the interesting sights in the big plants where automobile tires are manufactured is the tire building machine. The above view gives a clear idea of the manufacture of a tire casing on one of these machines. Two expert tire builders can work at each machine, their output being twenty-five tires apiece in the ten-hour working day.

Patterns conforming to the shape and size of the tire are mounted on a revolving wheel and the tire man builds up a tread from this foundation. Big spools of prepared fabric, cut to the required width, unwind lengths of the material over the wheel, the tire being built up in successive layers. The number of fabric strips is measured by the width of the tire. A four-inch tire takes five strips, a four-and-one-half-inch tire six strips, and the big five-inch tire for heavy motor cars has 7 strips in all. The largest pneumatic tires built are 38x5 1/2 inches in size.

Motor Car Company, local distributors, says: "We all realize that the users' endorsement is the strongest selling point which can be made for any car and the builder who does not do everything consistent with efficient manufacturing to satisfy his customers is simply committing business suicide. It has been argued that heavier construction allows the use of cheaper materials of lesser quality, but where this has been attempted, the producer speedily found himself in so embarrassing a position, that he was only too glad to adopt the best grade of materials obtainable, if he was not forced out of business altogether. It was recognized long ago that the severe usage to which the automobile is put requires the best materials to be found.

"A little analysis will show why there is more weight in some cars than in others. In the endeavor to reduce the weight of what are known as the large size light cars, every piece in the car has been cut to the limit, reducing the thickness of the metal sheets, cutting down the diameter of the rods, reducing the sections of the forgings and levers, even going so far as to cut the section of the wheel spokes and felloes and reducing the bracing in the body to the narrowest limit.

"In building a car which is best suited to the policy of building a maximum car, it is not very difficult to decide which course to follow. The best car for the purpose, means that it must possess some definite qualities—first, maximum safety; second, comfort; and third, stability. These in turn mean a car of fair weight. For this additional weight, as it is termed by some advocates of extremely light design, means a car which is safe, which feels solid beneath one's feet, which does not need constant repair, which is built to stand up for thousands upon thousands.

BOTH TEAMS EXPECTED TO USE OPEN GAME TO-DAY

Central High Enters Contest Against Steelton Without Rote—Coaches Have Had Assistance in Preparing Elevens for Battle

The game this afternoon on Cottage Hill field promised, after a summary of the available "dope" beforehand, to be one of the most interesting of the season in so much as both teams were depending on an open attack. Central High in this guise is new, whereas Steelton has had an excellent start toward this kind of game. Forward passing too, was promised by the coaches who have been drilling the men for two weeks on this struggle.

Both teams were drilled for the battle, although Central High did not present its strongest team. Rote being still laid up with an injured shoulder. Enthusiasm was running high in both schools and the game promised to bring out the greatest crowd of the season at Steelton.

The Steelton band was engaged by the Blue and White rooters for the game. The local team left from Messersmith's store in automobiles for the game and three special cars carried the Harrisburg rooters. The teams were announced as follows:

- Central: Winn, L. E.; Byers, L. T.; Smucker, L. G.; Nissley, C.; Dickenbach, R. G.; Black, R. T.; Lynch, R. E.; Houtz, C. B.; Rath, L. H.; Bingham, R. H.; Smeltzer, F. B.

PENN STATE IS READY

Spirited Practice Proceeded Lehigh Game—Many Accompany Team. State College, Pa., Nov. 7.—Primed for the conflict with Lehigh to-day Penn State's football eleven left last night for South Bethlehem. Twenty-two players, four coaches and a large number of students made up the party. A stop over was made at Easton, where the team remained until just before the game. Penn State's famous student cadet band and several hundred undergraduates left in a body later.

In the practice yesterday Hollenback had his men run through the entire repertoire of plays that will be used against the brown and white. The formations went off smoothly, and the players were drilled in their execution. With the exception of Captain Tobin and the regular ends, Higgins and Thomas, State will throw the full strength of its eleven against Lehigh. The cripples have rounded into form so that they offered yesterday what Coach Hollenback described as "the best practice of the season." State will go against Lehigh with a full appreciation of Lehigh's strength, but is determined to keep her slate unmeared.

READY FOR YATES GAME

Harrisburg Academy Expect Victory Over Lancaster Team. A long signal drill was engaged in by the Harrisburg Academy team yesterday afternoon, it being the final preparation for the Yates school game to-day on the Academy grounds. The eleven was confident of victory. The visitors arrived in the city at noon and the game was called at 2 o'clock to allow the Lancaster team to catch an early train. The teams were announced as follows:

- Yates: J. Hart, L. E., M. Curry, Haracher, L. T., Taylor, Hoke, L. G., James, Wallis, C. G., Hartman, W. Bennett, R. G., Granes, White, R. T., Morrison, R. Bennett, R. E., Tandy, Holmes, Q. B., Ranney, Jennings, L. H. B., Berry, Holler, R. H. B., Johns, Saltsman, F. B., MacMullen.

ALLENTOWN HERE TO-DAY

Tech Tried Out New Formations in Game This Afternoon. The Allentown High school eleven made its first appearance here to-day, when it engaged in a contest with the Technical High school team on Island Park this afternoon. This game was scheduled when the local athletic authorities could not schedule Lancaster for a game.

Coach Dunkle ran the Maroon and Grey team through a long signal drill yesterday afternoon in preparation for the game. All of the new formations and plays were tried out.

FOOTBALL GAMES TO-DAY

Scholastic Schedule. Central High vs. Steelton, on Cottage Hill Field. Allentown High vs. Tech., on Island Park. Yates School vs. Academy, on Academy Field.

Independent Schedule. Camp Curtin vs. Bressler, at Bressler. East End vs. Hershey, Y. M. C. A., at Hershey. Fairmount A. C. of York, vs. Belmont A. A., on Belmont Field.

GIANTS WIN EASILY

End P. R. R. Y. M. C. A. Match Victors by 273 Pins Over Barons. The Giants' won by 273 pins over the Barons in a bowling match in the P. R. R. Y. M. C. A. League last evening. Fagan was high man. The score:

Table with columns for BARONS and GIANTS, listing names and scores.

HORTON WINS AT TENNIS

Comes Out of Semi-Finals in Academy Tourney Over Broadhurst. Burgess Broadhurst fell before Charles Horton in the semi-finals in the Harrisburg Academy tennis tourney yesterday. Horton was forced to the limit to take the first two games. The scores were 7-5, 4-6 and 6-3. The points follow:

Table with columns for First Set, Second Set, and Third Set, listing scores for Broadhurst and Horton.

Oberlin Wins Opening Game

The Neidig Memorial A. C. of Oberlin, opened the basketball season by defeating the Baldwin A. A., Steelton, score 65 to 12. Lineup and summary: Memorials. Nuneumber, F. Steelton. L. August, F. Praina. E. August, C. Shupp. Sheibley, G. Cocklin. Osman, G. Jeffries. Field goals—L. August, 16; Nuneumber, 9; E. August, 4; Osman, 3; Steelton, 1; Praina, 1; Shupp, 2; Jeffries, 1. Foul goals—Nuneumber, 1; Jeffries, 2. Referee, Wise. Timekeeper, Smece. Time of halves, 20 and 15 minutes.

Paris in 1775

Crime was so rife in the good city of Paris in the year 1775 that half a dozen corpses were shown most menial in the morgue, and nets were lowered each night from the Pont Neuf to catch the persons thrown over by the cutthroats. Yet the punishments were by no means lenient, and Jekyll gives a horrible description of how he had seen a criminal broken on the wheel without stirring from the balcony of his own apartment, when "Monsieur de Paris" discharged the duty of his office in bag, wig and ruffles and bien poudre.

GETTYSBURG PREPARING FOR BUCKNELL GAME HERE

Elscheid and McKee Out, but Coach O'Brien Is Rounding New Players Into Shape—Hall, of This City, May Play. Gettysburg, Nov. 7.—The task of the coaches here at present is to remedy some of the glaring defects which were seen in the playing of the team against Lebanon Valley. It was with a great amount of disappointment that the coaches and supporters of the team saw practically the same machine which only a short time before had given State their hardest battle before the Harvard game go down before the Annapolis eleven.

The absence of Elscheid, the former Tech High school star, of Harrisburg, who is already a power in the backfield, as well as that of McKee, who is the best end that has appeared on Nix, on field in recent years, was a telling blow to team work. In spots the form shown at Penn and at State was in evidence and the visitors were helpless before it, but this form could not be kept up. Lebanon Valley well earned their bon-fire. From now on the game with Bucknell on Island Park field in Harrisburg is the main point in view. Mantle, last year's coach, has spent the past week in assisting Coach O'Brien to bring the team back to form. The program for each evening during the past week has included individual instruction in the finer points, followed by an hour's hard scrimmage. In the last week each play was worked out and explained in detail and repeated until perfected. The improvement has been marked.

As in former years, Harrisburg will have an opportunity of seeing a good college game with all the trimmings. Each college will send a large crowd full of the old-time spirit. Parades will be in order and each party will have their respective college bands, which have always been well received.

BASKETBALL OPENING

Rockwood Five of Philadelphia, at Army This Evening. The basketball season will open this evening in the City Gray's armory, when the Rockwood five of Philadelphia plays the Harrisburg team. The proceeds of to-night's game will be given to the relief fund for the Belgian sufferers. The lineup:

Table listing basketball players and scores for Rockwood and Harrisburg.

Tri-States Victorious

The Tri-States won from the Nationals by 36 pins in the Holtzman Duck Pin League last evening. Wharton was high man. The score:

Table with columns for TRI-STATES and NATIONALS, listing names and scores.

Curtin Heights Eleven Wins 12-6

The Curtin Heights eleven won from the Academy scrubs yesterday on the Academy field, score 12 to 6. The lineup and summary:

Table listing Curtin Heights Academy Scrubs players and scores.

"Now I understand the meaning of that old catch phrase 'the higher the feller,'" remarked the lowbrow boarder. "To what does it allude?" inquired the landlady, acting as interloquer. "Strawberries evidently," Judge.

POCKET CIGAR LIGHTER

Just what the average man needs. Cigar Lighter and Pencil Combined. Clip attached so it can be fastened to coat or vest pocket. Price 25c. Sent everywhere. Hoke Novelty Co., 421 N. 50th St., Philadelphia, Pa. Agents wanted.

AMUSEMENTS

MAJESTIC. Tonight, "Under Southern Skies." Tuesday evening, November 10, John Drew in "The Prodigal Husband."

ORPHEUM. Every afternoon and evening, six class vaudeville.

COLONIAL. Daily continuous vaudeville and pictures.

"Under Southern Skies." Lottie Blair Parker's great success, will be presented for the first time in stock by the Myrtle-Harder Company this evening. Every day and from the start of the advance reservations this production will do the banner business of the engagement.

For the last five seasons this play has not been on the road. Mr. Harder had a chance to buy the entire production and wardrobe from the original producers, had it all retouched and repainted and it is as good as when first seen.

In "Under Southern Skies" so much fun, life and gaiety is interwoven with the strong and peculiarly Southern story which forms the basis of the play that the interest of the spectator is never allowed to flag. This is undoubtedly one of the secrets of the great success achieved by the play. The performance here will be as thoroughly and carefully given as was its first presentation before a metropolitan audience. Nothing will be slighted that can add to the enjoyment or satisfaction of the audience. Adv.

John Drew. John Drew's visits are always theatrical events of extreme interest and importance and the announcement of his appearance at the Majestic theatre for one performance only, Tuesday evening, is a very welcome one. Needless to say, Mr. Frohman has produced "The Prodigal Husband" with the customary Frohman thoroughness and good taste, the settings being splendid specimens of the scene-build-

At the Orpheum

This is the day of "The Last Tango," or rather the last day that will be on view at the Orpheum Theatre. It is undoubtedly one of the very best productions ever exhibited at the Orpheum and the supporting attractions are 'way above the average. Chief of the merry hits booked to appear at the Orpheum next week is an irresistible juvenile frolic called "The Lawn Party." Clever youngsters sing, dance and frolic through twenty minutes of tuneful songs, good comedy and "kid" pranks, the whole combining into about twenty minutes of the most delightful entertainment imaginable. "The Lawn Party" is under the direction of Bart McHugh, who has a number of other clever turns in the vaudeville field and it serves to introduce Billy Dooley, comedian, in the leading role. It may be of interest to note that Mr. Dooley is the brother of Johnny Dooley, who with Yvette Rugel were great favorites at the Orpheum just two weeks ago.

On the same bill Ruth Royce, the celebrated singer of popular songs, appears. Miss Royce comes to Harrisburg almost direct from a six weeks' engagement at the Palace Theatre in New York City, where she created a small sensation. Other clever turns will include the Abou Hamad Troupe of wonderful Arabian tumblers, only recently with the Gertrude Hoffman show; also "The Aurora of Light," a beautiful posing novelty, and a return engagement of Conlin Steele and Carr, the youthful trio, who are always favorites with their comedy, piano playing and pretty girl, Moore and Hagar, clever couple in eccentric comedy, singing and dancing will be included in the roster too. Adv.

At the Colonial

To-day witnesses the closing performance of a vaudeville offering that seemed to find much favor with patrons of the Colonial. "The Movie Models" a surprise comedy offering with six capable players, created an upheaval of laughter as the cream of the bill. Good comedian, pretty girls and sensational athletes roared out a very entertaining bill. J. C. Lewis and company will present a comedy called "Billy's Santa Claus," as the leading act of next week's bill. Other names will include Wilson and Pearson, the Oxford Quartet, and the Brightons. The moving picture feature for the first three days is entitled "The Painted Lady," a splendid feature with Blanch Sweet and Dorothy Gish in the leading parts. Miss Sweet, it will be remembered, was the featured artist in "Judith of Bethulia," considered about the best film ever exhibited at the Colonial. Adv.

Side Interests. "No, I didn't hire your friend." "Why didn't you? He's an able man." "Well, he's a health enthusiast. Has to go out every hour for seventeen inhalations of ozone, does setting up exercises four times a day and has to have a quart of hot water to drink every fifteen minutes. I fear he would have little time for actual business."—Kansas City Journal.
