TO HOLD STOUGH MEETINGS IN BOROUGH TO-MORROW

Miss Eggleston Will Address Gathering of Young Folks in Methodist and Miss Palmer Will Speak in Centenary U. B. Church

In order to bring the tabernacle meetings to such residents of Steelton as are unable to go to Harrisburg, members of the Stough party have arranged to hold two meetings in borough churches to-morrow afternoon at 2.30 o'clock.

A meeting for children over 10 years of age and young folks is announced for the First Methodist Episcopal church, Fourth and Pine streets, and the other one will be held at the same hour in Centenary United Brethren church, South Second street. This meeting will be for both men and women and will be addressed by Miss Palmer, while the meeting in the Methodist church will be addressed by Miss Eggleston.

During the last few weeks several Sunday meetings have been held in borough churches which were addressed by Stough party workers, but this is the first time that these workers have announced meetings for the week days.

44-INCH MILL NEARLY FINISHED

Officials of the Pennsylvania Steel Company expect to test the new 44-inch mill early next week. This is the first of the new chain of mills under construction to be completed and is a connecting link in the big improvement plan adopted by the steel company in 1913.

SUPPLYING GAS TO HARRISBURG

The transfer of gas from the Somerset coke plant at the East End to Harrisburg through the 12-inch main laid through the borough this year is being successfully accomplished and the amount estimated to pass through this main daily is 700,000 cubic feet which is increased to more than 1,000,000 cubic feet on Sundays when the Frog and Switch Department, a great consumer of gas, is not operating.

I cannot ignore the requests of those who have asked me to be a candidate, and have given me every assurance of their help in every way to nominate and elect me. I purpose making an active canvass when the time comes, and in due time I will make the formal announcement of my candidacy.

Mr. Gross was equally positive in stating that he will be a candidate for the Republican nomination for Mayor. "Yes," said Mr. Gross when seen this morning, "I am going to be a candidate for the nomination for Mayor. I have posted my friends and I have my fences built. In the event of my not being nominated I will be for any candidate who is for a clean city and a righteous government. That is all I am anxious for, whether it is me or somebody else. I will make my formal announcement in due time. There is no use of making it this early."

ENTIRE STATE IS NOW QUARANTINED

Radical Move by Pennsylvania Officials to Halt the Foot and Mouth Disease

NO CATTLE MAY BE BROUGHT IN

Public Sales Have Been Forbidden—Meat Can Be Shipped Into the State But Only Under a Most Rigid Inspection

The State Live Stock Sanitary Board, at a conference held last night at the Executive Mansion with Governor Tener, decided to make State-wide the quarantine against cattle infected with the foot and mouth disease in Pennsylvania.

In other words, to quote Secretary of Agriculture Critchfield, "no cattle can be sent out of the State and no cattle can come into this State under the order establishing state-wide quarantine against the foot and mouth disease. We must depend now upon our own cattle supply at present in the State. Of course meat can be shipped into the State, but it is all subject to rigid inspection, not only by government, but also by State inspectors."

The entire board was present with the Governor at last night's meeting, including Secretary Critchfield, State Veterinarian C. J. Marshall and his assistant, Dr. E. E. Munce, and Dairy and Food Commissioner James Foust. The State quarantine order was at once sent to all points where cattle are shipped into or out of the State, and all stockyards were at once informed of it so that they could observe it from the start.

Reports received to-day indicate that satisfactory progress is being made in the enforcement of the quarantine against shipments in or out of the State. The quarantine order, and the regulations accompanying it, will be placed in the hands of between 35,000 and 40,000 farmers in the State as well as with cattle owners, breeders and shippers. Public sales of cattle have been forbidden and all owners notified accordingly. More than 100 federal and State agents have taken charge of the enforcement of the quarantine regulations, and additional men will be appointed to look after inspection of suspected cattle and to kill those declared suffering from the disease.

Conditions Worse in Pittsburgh Pittsburgh, Nov. 11.—Conditions brought about by the epidemic of foot and mouth disease became distinctly worse to-day when it was announced that three hundred cows, one of the finest dairy herds in Westmoreland county, had developed the disease and seven dairy herds in other parts of western Pennsylvania were under suspicion.

Some apprehension for the milk supply of Pittsburgh was felt, while dairy dealers were wondering where they were to get supplies. The normal supply for the city is forty cars a day. Recently receipts have shrunk to half that number. Seven inspectors were sent to East Liverpool, Ohio and Rochester, Pa., to fumigate straw hay used in packing poultry and glass and at the Herr's Island stockyards it was said fumigation would be completed this week.

\$2,500,000 Herd Is Menaced Chicago, Nov. 11.—Spread of foot and mouth disease among the \$2 1/2 prize dairy cattle under quarantine at the Chicago Union Stockyards assumed such alarming proportions to-day that it was feared the infection could not be prevented from spreading to every animal in the herd. The cattle are valued at \$2,500,000.

Dr. S. E. Bennett, of the Federal Bureau of Animal Industry, said that forty new cases were discovered in the herd yesterday. The newly infected cows were separated from the isolated herd and taken to the veterinary hospital where 52 other cases from the dairy stock herd, are under treatment. Dr. Bennett said consent would be given to destroy the animals until there is no hope of saving them.

THE CITY TREASURERSHIP

A successor to the City Treasurer, whose term will expire in 1915, will, under the Clark act, be appointed by the City Commissioners, so that that office no longer will be voted for by the electors. A City Controller will be elected, however, his term to be for four years. Harry F. Oves, chairman of the Republican City Committee, was mentioned for this office shortly after Mr. Gough retired to take up the county work, although there has been no formal announcement that Oves is a candidate.

Roy C. Daner, Register of Wills, has confirmed the report that he will be a candidate for re-election. Charles W. Rubendall, Deputy Register, it is said, may be a candidate for Recorder of Deeds and Clerk of the Orphans' Court. There will be two vacancies in the Board of Directors of the Poor, by reason of the expiration of the terms of Charles L. Boyer and Thomas S. Manning. Both, it is said, will seek re-election. The office of City Assessor, after the term of the present incumbent, W. H. Bickley, expires, becomes appointive under the Clark third class city act, so that that office will not be voted for hereafter.

Starting Right

Every day some young man in Harrisburg steps into his first grown up clothes, gets into the "long pants" class and generally "Dad" has a good deal to do, especially financially with the transaction.

To that host of Dads who have formed the habit of coming to The Live Store for clothes-comfort and clothes-satisfaction we say "bring that youngster here and start him right" by introducing him to Kuppenheimer Clothes

They've a style young fellows like; lively, vigorous, good looking; they've a quality in the fabric and tailoring all men enjoy, sturdy, dependable, service-giving.

They're economical in price, representing that greater value for every dollar invested that young men should learn to demand in everything they purchase.

only big local fight in the September primaries or in the November election of 1915. Many offices are to be filled and much interest will be centered in the City Commissioners and the County Commissioners. In the City Commissioners' fight, according to the present incumbents, the principal issue will be the question of erecting a municipal hall.

Two of the County Commissioners, at least, say they will be in the field for re-election. The City Commissioners save the Mayor, all say they will be in the field and Mayor Royal's friends believe he too may become a candidate.

County Commissioners Isaac S. Hoffman and Samuel S. Miller, without hesitating, say they again will seek election, and while John H. Eby, of Lykens, the present minority member of the board, is mentioned by his friends as a candidate, it also is said that he has an ambition to succeed Harry C. Wells as Sheriff.

The commissioners of both the city and the county all agree that the municipal hall question will be a big issue of the campaign. Harrisburg politicians now are saying that to get a new court house, at least two of the members of the County Commission should be Harrisburgers and that the fight will be made along those lines.

Forer to Run for Commissioner Many of the candidates for City Commissioner, aside from the present incumbents, think the time is not yet ripe to announce their candidacies although a few have done so. Among them is V. Grant Forer, for a number of years superintendent of the Harrisburg Park Department, and who was deposed by City Commissioner M. Harvey Taylor, shortly after the Clark commission form of government bill went into effect in December, last. Forer's friends say politics was behind his loss of the park superintendency.

With John H. Eby, of Lykens, a possible candidate for re-election to the Board of County Commissioners and the majority members, Miller and Hoffman, having declared their candidacies, there also is in the field for that office Edward Dapp, at present one of the Jury Commissioners, and Charles Bowerman, of Fisherville.

District Attorney Michael E. Stroup will be a candidate for re-election. As yet no lawyer has come out in opposition. Neither has opposition been mentioned to Henry W. Gough for the County Controllership. Mr. Gough took over his present position with the county after many years' service in similar work with the city and he will be a candidate to succeed himself.

LANGFORD THE WINNER

Ho Gets Decision Over McMahon After Constable Stops Bout in Sixth. Los Angeles, Nov. 11.—Sam Langford, of Boston, was given the decision over Tom McMahon, of Newcastle, Pa., in their fight at Vernon arena last night, after a county constable stopped the fight in the sixth round. It was announced as a 20-round match. Early in the sixth round Langford knocked down McMahon, who took the count up to nine and then arose, seemingly refreshed and gave a whirlwind finish to the fight up to the point where the constable superseded the referee. Although blood flowed freely from the defeated man he closed strong.

HOW I DARKENED MY GREY HAIR

Lady Gives Simple Home Recipe That She Used to Darken Her Gray Hair. For years I tried to restore my gray hair to its natural color with the prepared dyes and stains, but none of them gave satisfaction and they were all expensive. I finally ran onto a simple recipe which I mixed at home that gave wonderful results. I gave the recipe, which is as follows, to a number of my friends, and they are all delighted with it. To 7 oz. of water add a small box of Barbe Compound, 1 oz. of bay rum and 1/4 oz. of glycerine. Use every other day until the hair becomes the required shade, then every two weeks, but removes dandruff and scalp humors, and acts as a tonic to the hair. It is not sticky or greasy, does not rub off and does not color the scalp. You can prepare it at home at very little expense. Adv.
