

DEMONSTRATION

THIS IS GOOD NEWS

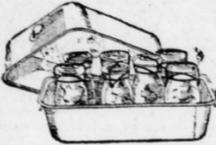

Everyday Uses of the "Wear-Ever" Aluminum Roaster

- 1. Steaming fruit in jars. 2. Baking on top of stove. 3. Baking bread, biscuits or apples. 4. Baking or steaming fish. 5. Steaming asparagus or corn. 6. Frying food. 7. A food warmer. 8. A bread box or cake box.

The Turkey may be evenly browned because the "Wear-Ever" Roaster heats quickly throughout. Not only does it save meat because it is self-basting, but it saves fuel because aluminum stores up so much heat that the Roaster may be used for baking on top of the stove over one burner—thus making it unnecessary to use the oven.

Fruit steamed in jars remains unbroken, is beautiful in appearance and of superior flavor. No utensil is more generally useful every day of the year. The "Wear-Ever" Roaster is seamless—cannot chip or scale—has no hinges to break—the corners are round—it is easily kept clean. Let us show you why it pays to

Replace utensils that wear out with utensils that "Wear-Ever"

Miss Searight will be glad to tell you all the features of Wear-Ever and invites you to come to the store to-morrow.

DEMONSTRATION ALL OF THIS WEEK

Rothert's 312 Market St.

We have made special arrangements with the Wear-Ever concern to hold this demonstration at Rothert's all of this week, under the direction of

Miss Searight

and to make the demonstration more interesting and profitable for our customers we will sell 100 of these \$3.50 Wear-Ever Aluminum Roasters for

\$2.48 Each

This is positively the greatest offer in a roaster that was ever seen in Harrisburg and it will pay you to buy your roaster for Thanksgiving and Christmas, for you won't have a chance like this again to get one of these roasters at such a price.

We have a few more of the 4-quart Berlin Wear-Ever Kettles with lids at

88c

Regular Price is \$1.25

Those who did not have the time to get a Kettle will now have another opportunity to get one.

We have the largest line of Wear-Ever in Harrisburg and you can get anything in the line here. Make selection now.

ORDER GRADUATE TUTORS TO PRINCETON SIDE LINES

Coach Penfield Will Direct Princeton Players in Practice as a Result of Students' Dissatisfaction—Practice Limited

Princeton, N. J., Nov. 11.—Stirred by the enthusiasm shown by the 1,200 students who met the defeated team Monday night the squad yesterday entered upon its final week of practice with a great show of ginger. But while the student body gave evidence of its confidence in the team, there has been a great deal of dissatisfaction, largely unexpressed, with the system of coaching which fails to turn out a winning team when the material at hand is excellent. Recognizing the justice of this feeling, Coach Penfield has taken it upon himself to order the graduate football tutors to keep strict to the side lines, leaving him and the team to work out their own salvation in the little remaining time. As the practice prior to the Yale game is limited, the work is confined entirely to the attempting of securing some sort of team play which can show

more punch than was evident last Saturday. In accordance with this scheme the varsity was given the ball near the middle of the field then told to rush it over the goal line as fast as possible. The scrub showed a great deal of ability and held the varsity remarkably well, but there was a more adhesive attack in evidence than there has been for some time. Highly scored once when Trenkmann threw an uncalled-for lateral pass to him, after he had intercepted a forward pass. Eberstadt, who took the place of Ames in the latter part of the afternoon, made the other score, after good line plunging by Dickerman, Law and Moore had brought the ball within striking distance. Both Captain Ballin and Glick were absent from the scrimmage, but the former took part in the signal drill, which closed the work for the afternoon. Glick returned to Princeton only yesterday afternoon and did not appear on the field at all. The coaches gave out the information that he would not be used in any of the scrimmages this week, but that they hoped to be able to use him in the Yale game. His loss to the Tigers is a serious one. Ballin was simply given another day's rest, as his hard work in the Harvard game had used him up considerably. Practice today was hard and long, leaving only a light work-out for to-morrow.

FIGHT RECEIPTS BIG

Fred Welsh and Charley White drew \$24,000 at Milwaukee Milwaukee, Wis., Nov. 11.—Receipts of the ten-round contest between Freddie Welsh, lightweight champion of the world, and Charlie White, of Chicago, here Monday night, were \$24,000, it was announced yesterday. The champion, who was held to a draw, was nursing an old wound opened by White in the tenth round. The Chicagoan was unmarked.

MINOR LEAGUES DIM THE PROSPECTS FOR PEACE

Brace Tattering Magnates by Pledging Adherence to Organized Baseball—Change Coming in Chicago Clubs—Next Convention in 'Frisco

Omaha, Neb., Nov. 11.—B. B. Johnson, president of the American League, left for home last night after the National Association of Professional Baseball Leagues, now in session here, had given assurance that it would continue to give hearty support to organized baseball. The American League executive declined to discuss the probability of opening the arms of organized baseball to receive the Federal League, but concerning the general situation he said: "We are now in a satisfactory working position. I shall meet Charles Weeghman in Chicago on Thursday and discuss the probable change in ownership of the Chicago National League club. Later there will be a conference between members of the National Commission and leading officials of the minor leagues, which we expect will re-

POCKET CIGAR LIGHTER

Just what the average man needs. Cigar Lighter and Pencil Combined. Clip attached so it can be fastened to coat or vest pocket. Price 25c. Sent everywhere. Hoke Novelty Co., 421 N. 59th St., Phila., Pa. Agents wanted.

sult in again placing organized ball on a sound footing." Charles Ebbets, president of the Brooklyn National League Club, made it plain that control of that organization was not to change hands. "I shall remain in baseball as long as my health permits," he said, "and I am in perfectly good health. There has been no option given on the Brooklyn Club, and I would not sell my interests for a million dollars, and the inventory value of the plant itself, with a bonus for the individual players." The National Board of Arbitration continued last night its consideration of the list of complaints and protests on file. Yesterday's session of the minor league organization, with the exception of the adoption of the resolution pledging adherence to organized ball, were routine in character. The Canadian Northwest League and the Canadian League have asked for permission to close their season during 1915 on account of the European war and the general sentiment was in favor of granting their request. The matter was decided to-day. San Francisco has already been agreed upon for next year's convention, but St. Joseph has sent a big delegation of boosters who hope to secure the meeting the following year.

BREAK RECORDS AT CASINO

Monarchs Roll 1,058 and Set New Mark for High Game—Losers First Set New Mark In winning over the Alphas last night by a margin of 168 pins the Monarchs of the Casino League set records for the Casino alleys and both teams made better marks than bowlers in the big eastern cities are making this season. The Alphas, with a score of 1,005 in the opening game, broke a record and then the Monarchs, with 1,058, broke that record. But one player on the winning team fell below the 200 mark in that game. That game gave the Monarchs the game, although they lost the first two to the Alphas. Ennis and Articks were the individual stars. The score:

Table with 2 columns: Player Name, Score. Includes Ennis, Articks, Martz, Burger, Guttorff, Morrison.

The Federal bowlers team of the P. R. Y. M. C. A. League completely outclassed the Eagles last night, winning the match by a margin of 360 pins. The scores:

Table with 2 columns: Player Name, Score. Includes Leaman, Faul, Colestock, Miller, Mendenhall.

BUCKNELL AT IT AGAIN Cockkill Starts Men In Strenuous Work For Gettysburg

Lewisburg, Nov. 11.—After resting since Saturday's contest with Albright the Bucknell eleven, under the direction of Coach Cockill and Jordan, began strenuous work last evening in preparation for Saturday's game with Gettysburg at Harrisburg. It is not known whether Gdaniec will play next Saturday, although it is quite possible that his arm will be strong enough for him to take his regular position at right halfback. It is thought he will be unable to play. Hopler, by his excellent work on Saturday, has likely won the position. Banks and Aleshoukas continued to do excellent work at ends, the scrub being unable to make any material gains around them. Bucknell will likely send a delegation of about 500 students, including the band of 40 pieces, to the game at Harrisburg.

BARNEY OLDFIELD LEADS Veteran Auto Driver Won First Leg of Long Road Race

Prescott, Ariz., Nov. 11.—Barney Oldfield in the Los Angeles-to-Phoenix automobile race arrived in night control here first at 3:52; his time from Needles was 9 hours and 20 minutes. Olin Davis was second in 4:08. O'clock, with elapsed time 9 hours, 32 minutes from Needles. Nikrent was third to arrive at 3:05 p. m. His elapsed time was 9 hours, 30 minutes. Oldfield won the first leg of the race by beating all the other cars to Needles, Cal., Monday night. There were twenty starters. Oldfield's elapsed time for the 292 miles from Los Angeles, where the start was made at 5:30 o'clock yesterday morning, was 8:45:55; W. C. Durant, checking in one second ahead of him, showed elapsed time of 8:51:54; T. J. Beaudet, No. 1, was third in 9:14:55, and Olin Davis, last year's winner, fourth, in 9:19:30.

SHOOTING DOE, PAYS A FINE

Altoona, Pa., Nov. 11.—Walter Switzer, of near Huntingdon, shot a doe in mistake for a buck near Wharriors Mark yesterday and promptly went before the Justice of the Peace at Wharriors Mark and arranged to pay his fine. Deputy Game Warden A. W. Wilson brought the doe to Altoona and turned it over to Mercy hospital. No deer were reported shot near Altoona yesterday. Lycoming Hunters Lucky Williamsport, Pa., Nov. 11.—Donald McCracken, of Coganhouse, was the first Lycoming county hunter to bring down a deer on the opening day, killing a 210-pound buck on the Buckhorn mountain at 9 o'clock this morning. A large buck was shot by David Ulmer at Tombs Run. Six other hunting parties reported one or more deer shot. Many Deer in Poconos Wilkes-Barre, Pa., Nov. 11.—Several deer-hunting parties are on the Pocono mountains, but no reports of successes have been received. Many deer have been seen there by autoists, and several of the camps will be maintained during the 15 days of the deer season. Guns Out Near Wildwood Wildwood, N. J., Nov. 11.—Scores of rabbit and quail hunters are scouring the woods and fields in this vicinity and reports are to the effect that game is more plentiful than it has been for many years. Ring-necked pheasants are most sought after. Refuse to Pay Reward Scranton, Pa., Nov. 11.—The County Commissioners voted yesterday to refuse to pay a reward of \$500 offered 12 years ago for the slayer of Mary Quinn, for whose death William Pegram, a negro, was last week convicted in the second degree. Pegram's arrest and conviction were based on an interview with Thomas Barrett, a reporter, to whom he gave an alleged confession. Barrett claimed the reward.

ROUGH WORK FOR CADETS

Coaches at West Point Relentless With the Squad West Point, N. Y., Nov. 11.—The question of bringing the Army rush line up to form was handled without gloves yesterday by the coaches. The big linesmen who played Saturday were all in the start, except Merrill and McEwen, and were given a hard scrimmage for fifty minutes against the scrubs. The latter team sent a bewildering mixture of plays at them, with the result that the front wall showed a stiffer opposition yesterday than his characterized some of its recent performances, and the scrub was unable to score, although Boots and Walker, in the scrub backfield, did some yeoman service early in the workout in piercing the varsity's defense for good gains. The big team got one touchdown for its efforts. Hodges going over for the score on a line-smashing play and Benedict kicking the goal. McEwen and Merrill are still resting. Bradley and Goodman were both used at center yesterday, and Kelly, Tully and Neyland were all given a chance at end. The latter showed up well. PRACTICE AT GETTYSBURG Weige and Beuhler Are Injured and Out of Game Gettysburg, Nov. 11.—After a day of rest in view of their splendid work on Saturday, the members of the football team reported for practice last evening. Some of the men are injured. Weige has joined the crutch squad and Beuhler was not out in togs. However, he will be in condition for Saturday's game. The coaches are giving the attention to formation plays to be used against Bucknell in the hope of regaining lost laurels. Scheffer has been moved to the backfield, where he was given plenty of opportunity yesterday afternoon for forward passing. No scrimmage was indulged in but will be to-night.

THIRD OR "AUTO" DEGREE

It "Musses Up" a Candidate and Leads to Police Court Chester, Pa., Nov. 11.—Harry Humphreys is bedfast as the result of injuries received while being given the third or "auto" degree in a new organization in the western part of the city Monday night. The initiation, which was in the nature of a practical joke, took place in a building at Third and Morton streets. Humphreys, a factor in the organization of the club and who presided at the meeting, announced that there would be no initiation. At the close of the session the lights were extinguished and masked men seized Humphreys, forcibly carrying him to an automobile. He was taken to the outskirts of the city, where he was roughly ejected from the machine. Revolver shots were fired, and in running through a field Humphreys stumbled and fell, striking his head against a tree stump. He was carried in an unconscious condition to his home, where he was subsequently revived by a physician. The affair was reported to the police authorities, who are making an investigation.

HOUSEHOLD TALKS

Henrietta D. Grauel Michelmas Geese At this season geese and ducks are plump and juicy, the down, that was so hard to remove from the young ones a few weeks ago and made it very hard to pluck them, is now grown firm and long and can be easily removed with the feathers. Moreover the cooler weather gives us a splendid appetite for the rich flesh and its usual accompaniments of autumn vegetables and fruits. All this makes water fowl in great demand and we eat it without thinking about any church holidays or festivals, but once geese were fattened especially for Saint Michael's day. This patron saint of the French is known best because of his love of good eating but his day is not celebrated now to any extent, even in France, where the goose is called "St. Martin's bird."

As November 11th is not only St. Martin's or Michael's day but also the day when semi-annual rents are paid abroad, perhaps business has crowded out pleasures of feasting. But anyhow, first catch your geese. —a young, plump one, please, for the old ones are very strong in flavor and sinewy and tough. Pluck it dry and save the feathers. Dip the fingers into powdered rosin and rub off all the fuzzy down next the skin. Singe well and dress as usual. Chop the liver, heart and gizzard and mix with the bread stuffing. Dredge the goose well with flour that has been salted and peppered and baste often as it bakes. As fast as one coating of flour is brown and crisp dredge on another and baste when it gets brown. This insures a crisp covering over the breast meat and keeps in the moisture of the rich flesh. Onions are usually served with geese and they are best baked in the same pan the goose is cooked in. If your geese seem to be too fat it is a good idea to steam them after they are cleaned and before they are stuffed. Most persons do this and save the fat for frying and for many uses. Put the steamer over a kettle of water, cover it closely and afterwards cool the water and the fat or grease will form in a cake on top. This steaming makes a goose or any fowl very tender. If you have but a small family to eat your goose it will be well for you to save the liver and giblets of the bird and use them a day or two later in a rechouffe with any of the cold goose meat that remains. Add a little minced ham to the whole, heat it, having first cooked the giblets and seasoned them, and chop all fine. Either make into balls and fry in butter and serve with tomato sauce or in nests of boiled rice. Or make into croquettes. Mince pie, baked beans and baked geese are all better the second time they are served.
