FLANDERS BATTLE FAR FROM DECIDED

Judged From Stories Told by Eyewitnesses Arriving From the Battle Front

GERMANS DENY YSER RETREAT

Say French Bluejackets at Dixmude Were Finally Compelled to Give Way Under the Fierce Attacks of the Kaiser's Forces

Paris, Nov. 12, 1 A. M.—The battle in Flanders is as far as ever from a decision, according to the official communications and judged from stories told by eyewitnesses arriving from the battle front. The Germans have given an emphatic denial of the reports that they were in retreat by carrying Dixmude, on the Yser, 12 miles north of Ypres and on the road to Dunkirk, which the Germans are striving to attain. French bluejackets at Dixmude had held the town against them in the face of fierce attacks for the past week, but were finally compelled to give way. The allies' attempts to drive the Germans out again have thus far failed.

Rest of Front Unchanged On the rest of the front, as far as the river Yser, the situation, according to latest advices, remains practically unchanged.

As the principal action latterly has centered to a large extent around Dixmude, the Germans are entitled to claim the advantage, but the French are strong posted in the vicinity and the possession of the villages so far has availed them but little.

The setback at Dixmude, in the opinion expressed here, is somewhat compensated for by the progress made by the Belgians along the Niepoort-Ostend road. If followed up, this advance apparently would threaten the German flank.

Fresh Masses of Germans

East and south of Ypres the Germans seem to have found fresh masses of troops to hurl into the murderous fray, but the allies seem to be holding their own. The country is undulating, well wooded and covered with a multitude of farms, which are surrounded by large elms. The villages are few and small and most of the population is centered on these farms, which are distant from each other at the most from two to three hundred yards. These innumerable and solidly-built brick houses, with their walled country yards and sometimes deep ditches, make excellent bases for small detachments and play an important part in

IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at Once When Back-ache or Bladder Trouble—Meat Forms Uric Acid

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain the part of the waste and poison from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jai Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jai Salts is inexpensive and cannot injure; makes a delightful effervescent lithia water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

mentaries region, according to some of the French military critics, is to achieve a real victory, which will oblige the allies' left to fall back and reorganize and repair its losses. The Germans would then leave as small a force as they deemed safe to hold the allies and send the rest against Russia.

KAISER'S SON-IN-LAW IS MISSING ON BATTLEFIELD

Paris, Nov. 12.—The "Petit Journal" says that the Duke of Brunswick, the son-in-law of the Kaiser, has been lost and that searches among the dead and wounded in France and Belgium have not revealed any information regarding him.

The Duchess, the Princess Victoria Louise of Prussia, begged the Kaiser to institute special searches and these were made, but without result.

Ernst Augustus, Duke of Brunswick and Lüneburg, was married to the Princess Victoria Louise, only daughter of the Kaiser, in Berlin on May 24, 1913. The Duke, who is a Prince Royal of Great Britain and Ireland, is a son of the Duke of Cumberland, who was a son of King George V. of Hanover. The Duke was born on November 17, 1887, and is a Colonel of Hussars in the Prussian army.

The Duchess gave birth to a son on March 18, 1914.

A dispatch from The Hague was printed on October 22 giving the report that anxiety was felt in Brunswick for the safety of the Duke, who according to the reports, had been cut off from the German lines while leading the Zieten Hussars on the French frontier. The fear was expressed that the Duke had been taken prisoner. The Duchess at that time was starting for her father's military headquarters to make inquiries for her husband.

TURKS TO ABANDON PLANS AGAINST SUEZ, ROME HEARS

London, Nov. 12.—A dispatch to the "Daily Telegraph" from Rome says: "The 'Nieu Freie Presse,' the Viennese organ, says the Turks have renounced their idea of attacking the Suez Canal because they fear lest by so doing they might endanger the interests of Italy. Italy would be thereby compelled, the paper says, to abandon her neutrality."

A dispatch to the Exchange Telegraph Company from Athens says: "It is learned that a conspiracy has been discovered in Constantinople against the Germans and Young Turks. The chief conspirators were arrested and shot."

"The population of the Ottoman capital is becoming very excited as a result of the Turkish defeats on Sunday. A number of German non-commissioned officers were attacked."

DIFFICULT FOR AUSTRIANS TO GET WARES FROM ABROAD

Venice, via Paris, Nov. 12, 3.10 A. M.—Austrian manufacturers are finding increasing difficulty in procuring materials from abroad. Neutral states constantly are restricting the classes of wares permitted to be exported. Rumania has just added petroleum to the prohibited district. This creates a serious situation for Austria since the Russian occupation of Galicia has interfered greatly with the working of the oil wells there. For weeks past it has been virtually impossible for private persons to obtain gasoline for automobiles.

General Potiorek, commander of the Austrian army operating against the Servians, has issued a general order to the Fifth and Sixth armies fighting in Serbia to do their utmost to break the last resistance of their opponents and end the campaign before winter sets in with all the terrible sufferings which would follow.

The only news appearing in the Vienna press from the Galician scene of war is the official announcement that the postoffice has suspended entirely the parcel post service for Galicia. Cholera is steadily increasing in Vienna. On Monday 29 cases were reported.

SINKING OF NIGER DARING FEAT OF KAISER SUBMARINE

Deal, Eng., via London, Nov. 12, 2.30 A. M.—Thousands of people witnessed the sinking of Deal of the British torpedo gunboat Niger by a German submarine while lying in the Downs opposite the pier head.

At noon a loud roar of an explosion was heard, dense columns of black smoke were seen to arise and the Niger almost immediately began to go down by the bows. Though partially hidden by clouds of smoke and steam the stern of the Niger was seen to rise gradually in the air until the greater length of her keel was visible. Then she slid slowly and gracefully beneath the water twenty minutes after she was struck. Her boilers burst immediately before she disappeared and caused a further rush of steam.

Nearly all of the crew were below at dinner when the torpedo struck the ship and orders to close the water tight doors were shouted from the bridge. When the crew flew to obey one of them observed the white foam following the course of the torpedo. The explosion followed and a large hole was made just before the bridge in the forward part of the ship.

Boats were immediately launched, including two lifeboats and the crew, including Captain O'Neil and the officers, were rescued. Three of the survivors are injured and it is reported that two men are missing. This is the first time a German submarine has penetrated the Downs where nearly a hundred ships were at anchor at the time of the disaster.

Charged With Jumping Board Bill

Lebanon, Nov. 12.—The Philadelphia police yesterday communicated with the police of Lebanon informing the latter that the former arrested John Hopkins, who was an amateur baseball pitcher here last summer. Hopkins is charged with jumping a board bill in this city.

HERE IS GOOD NEWS FOR STOMACH VICTIMS

Some very remarkable results are being obtained by treating stomach, liver and intestinal troubles with pure vegetable oils, which exert a cleaning, soothing and purifying action upon the lower bowels, removing the obstructions of poisonous fecal matter and gases and preventing their absorption by the blood. This done, the food is allowed free passage from the stomach, fermentation ceases and stomach troubles quickly disappear.

George H. Mayr, for twenty years a leading Chicago druggist, cured himself and many of his friends of stomach, liver and intestinal troubles of years' standing by this treatment, and so successful was the remedy he devised that it has since been placed in the hands of druggists all over the country, who have sold thousands of bottles.

Though absolutely harmless, the effect of the medicine is sufficient to influence any one of its remarkable effectiveness, and within 24 hours the sufferer feels like a new person. Mayr's Wonderful Stomach Remedy is now sold here by Geo. A. Gargas, 16 North Third street and Pennsylvania Railroad Station. Adv.

PRECAUTIONS TO PREVENT ACCESS TO ANTWERP TAKEN

London, Nov. 12, 3.35 A. M.—A "Daily Express" correspondent on the Belgian frontier sends the following dispatch: "Great precautions are being taken to prevent access to Antwerp and communication with that city."

"On Tuesday Michael Doyle, special agent of the American Treasury Department, left Rotterdam in a motor car with dispatches for the American legation at Brussels. The German minister at The Hague, specially instructed him to follow a circuitous route through Treda, Thorout, Aerschot and Louvain instead of taking the shorter road through Malines which is closed. This shows that remarkable military activity is proceeding at Antwerp."

CAMPAIGN ALL NEGATIVE

Candidate Received, Promised, Expended and "Got" Nothing

Washington, D. C., Nov. 12.—Charles H. S. Robinson, of Roxbury, Mass., who ran for Congress in his district on the Republican ticket, filed his report at the Capitol yesterday. It said: "I received nothing, promised nothing, expended nothing, got nothing."

Richard Olney, 2d, of Boston, who was elected to the House, filed a statement showing that he received contributions of \$123 and spent \$1,048 in his campaign.

Many of the campaign reports have been coming in irregularly and in poor shape. Some of the candidates failed to swear to their statements.

In addition to the 600 beautiful text illustrations are full page plates of the famous Tissot pictures in handsome colors. As Edward W. Bok, editor of the "Ladies' Home Journal," says: "This Bible is not a meaningless picture book. The illustrations serve a distinct purpose. They enrich the text, but they do more—they intelligently EXPLAIN it, so that many a hitherto obscure passage assumes to thousands a new meaning through these eye-teaching pictures."

You will enjoy this Bible, whether you belong to church or not, for its "eye-teaching" pictures make it of rare educational value to all.

This is what Abraham Lincoln said: "No library is complete without two certain books—the Bible and Shakespeare; hardly a quotation is used in literature that is not taken from one of these books."
