PRINTING and BINDING

Now Located in Our New Modern Building

46 and 48 N. Cameron Street, Near Market Street

BELL TELEPHONE 2012

Commercial Printing

We are prepared with the necessary equipment to take care of any work you may want—cards, stationery, bill heads, letter heads, programs, legal blanks and business forms of all kinds. **LINOTYPE COMPOSITION FOR THE TRADE.**

Book Printing

With our equipment of five modern linotypes, working day and night, we are in splendid shape to take care of book printing—either **SINGLE VOLUMES** or **EDITION WORK.**

Paper Books a Specialty

No matter how small or how large, the same will be produced on short notice.

Ruling

Is one of our specialties. This department has been equipped with the latest designed machinery. No blank is too intricate. Our work in this line is unexcelled, clean and distinct lines, no blots or bad lines—that is the kind of ruling that business men of to-day demand. **Ruling for the trade.**

Book Binding

Our bindery can and does handle large edition work. Job Book Binding of all kinds receives our careful attention. **SPECIAL INDEXING and PUNCHING ON SHORT NOTICE. We make BLANK BOOKS THAT LAY FLAT AND STAY FLAT WHEN OPEN.**

Press Work

Our press room is one of the largest and most complete in this section of the state, in addition to the automatic feed presses, we have two folders which give us the advantage of getting the work out in exceedingly quick time.

To the Public

When in the market for Printing or Binding of any description, see us before placing your order. We believe it will be to our **MUTUAL** benefit. No trouble to give estimates or answer questions.

Remember

We give you what you want, the way you want it, when you want it.

CASCARETS FOR YOUR BOWELS IF HEADACHY, SICK

To-Night! Clean Your Bowels and End Headaches, Colds, Sour Stomach

Get a 10-cent box. Put aside—just once—the Salts, Pills, Castor Oil or Purgative Waters which merely force a passageway through the bowels, but do not thoroughly cleanse, freshen and purify these drainage organs, and have no effect whatever upon the liver and stomach. Keep your "insides" pure and fresh with Cascarets, which thoroughly cleanse the stomach, remove the undigested, sour food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels. A Cascaret to-night will make you feel you sleep—never gripe, sicken, and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have Headache, Biliouness, Severe Colds, Indigestion, Sour Stomach or Constipated Bowels. Cascarets belong in every household. Children just love to take them. Adv.

SHY \$25,000; LOST THRONE

Ex-Minister Williams Offered Albanian Kingdom, He Says
Boston, Nov. 16.—Only the lack of \$25,000 stood between George Fred Williams and the throne of Albania, according to the former Minister to Greece, who has returned to Boston. Mr. Williams yesterday declared that the people begged him to become their ruler and that he had no objection to the money, but without success. The ex-Minister says he is not returning to Albania and that he will return to take up the political leadership of this distracted people. Describing his experience in Albania, he said yesterday: "If I had had \$25,000, I could have set up a government in Albania, formed a Ministry and I would have been recognized as the head of the nation. I left there late in June and went to Switzerland in search of a rich American, who had taken a lot of interest in the welfare of the Albanians. When I got to Switzerland I found the man had gone to France and I reluctantly gave up the chase and went back to Albania. The people there begged me to be their head and I am proud of the part I played in their behalf. I did not for a minute believe my government would back me up."

\$361,000 TO BEAT "DRYS"

Defeat of Prohibition in Ohio Cost Heavy Sum
Columbus, O., Nov. 16.—It cost the Brewers' State Home Rule Association \$361,000 to defeat the State-wide prohibition amendment by 82,000 votes and carry the home rule amendment by 8,200 votes in the recent election in this State. If the money spent by the county organizations were added to this, it is estimated that the total would be close to \$1,000,000. The Anti-Saloon League spent \$53,407 in its campaign. It received \$65,000. The Democratic State Executive Committee paid out \$51,000 in its losing fight in the State. The Republican committee did not total its expenses, but it is probable that they exceeded those of the Democrats. It cost Governor James M. Cox more than \$5,000 to make his second campaign, and he lost. Frank B. Willis, the successful Republican nominee, spent less than \$1,000. The True Democracy League spent \$5,600 helping the Republicans to defeat Mr. Cox. The disastrous campaign of the Bull Moose party in Ohio this year cost \$15,115.

FASHIONS THAT ENDURE

1914 Modes Evident in Ancient Images Recently Excavated
Philadelphia, Nov. 16.—That fashion as well as history repeats itself has been shown by the recent discoveries of Prof. Flinders Petrie during his excavations for the University Museum in Egypt. The archeologist has recently sent a collection of carved ivory images taken from tombs at least as old as 5500 B. C. Some of these relics are the portraits of great ladies who were buried in the city of Abydos. The hair of three of these "Brides of Abydos," of which Lord Byron sang so beautifully, is marvellous exactly as the modern custom, while the clothing also strongly resembles that worn to-day at afternoon teas. Sixty-five hundred years do not seem to have had any effect upon woman's desire to beautify herself, nor has she invented many new methods in all that time.

ONLY 22 HUNTERS HURT

Yet 200,000 Got Licenses, Conservation Commission Reports
Albany, Nov. 16.—During the deer season, which closed last night, only five accidents, with three fatalities, occurred, according to reports made to the Conservation Commission by game protectors. There is no evidence that one of these five victims was shot in mistake for a deer. Altogether twenty-two hunting accidents have been reported to the Commission. Of these, seventeen occurred in pursuit of small game. In commenting upon this fact a statement issued by the Commission yesterday says: "When it is remembered that there are over 20,000 licensed hunters in the State, besides thousands who can legally hunt on their own farms without licenses, the list of only a score of accidents is reducing casualties in pursuit of a hazardous sport to the minimum."

Pinned Down in Mine 112 Hours

Ely, Minn., Nov. 15.—Rescuers searching in the Sibley mine for six entombed miners Saturday broke into a chamber where they found Joseph Skuak alive. He had been held prisoner 112 hours, pinned down by beams. Digging continues.

CRIMINALS MADE WORSE BY STATE PRISON, HE SAYS

Secretary to Investigating Commission Declares They Are Social Curses—Warden McKenty Given Credit but Institution Condemned

Darby, Pa., Nov. 16.—That the system governing the Eastern penitentiary in Philadelphia and in every other prison in Pennsylvania is radically wrong, and calls aloud for reform, was declared yesterday afternoon by Dr. Lewis N. Robinson, of Swarthmore College, at the Darby Friends' Meeting House, in a lecture under the direction of the Philanthropic committee of the Concord meeting. Dr. Robinson is secretary of the Commission to Investigate Prison Reform, which will make its report at the next meeting of the Legislature. "There are 6,000 prisoners kept in idleness all the year around in Pennsylvania prisons," said Dr. Robinson. "This enforced idleness not only means the ruin of the man, morally, physically and mentally, but it makes him worse than he was when he first entered the institution. Not only does the community have to keep him, but only too often it has to keep his wife and children. This severance of the family tie and the family responsibility which every good man feels, even though he has committed a crime, has a most serious after-effect, that once a man is cut off from providing for his family for a certain time he seldom ever takes up that responsibility again." Dr. Robinson traced the history of prisons in this country, explained the prison contract system, which aroused the antagonism of the labor unions because the prison-made goods undersold goods made outside, which led to the enactment of a law in 1897, which is now in force, limiting to 35 per cent the number of prison inmates who can work. Despite this law, only 12 or 13 counties out of the 67 counties in this State report that the prisoners work. Dr. Robinson advocated a system that would permit of all the prisoners being employed, where the articles made would not be thrown upon the open market, but instead, be bought up by the State for the use of its wards. Dr. Robinson paid high eulogy to Warden Robert J. McKenty, and declared that he was doing the best he could for his prisoners under the system in vogue. "Sometimes I am afraid that, because of the newspaper stories concerning Warden McKenty's method of treating the prisoners, the impression has gone out that the Eastern penitentiary is a model institution, which is not true. Conditions there are very bad. As many as four prisoners are in one cell. The commission will recommend that a farm be purchased where some of the inmates of the Eastern penitentiary can be sent to work, and what they produce be sent to the other prisoners. Dr. Robinson told of a model prison in Virginia, twenty miles from Washington, a big clearing in the wilderness, where the men have erected all the buildings, and who make bricks, quarry stone and which supports itself. There are no cells, jailers and everybody seems contented. The speaker advocated doing away with the small jails and concentrating the prisoners, where they could be made self-supporting by their labor, where they could earn a small amount for their families and where confinement would improve, rather than harm them.

KANSAS CITY SELLS SHEEP

Disposes at Profit of Flock That Grazed in Public Park
Kansas City, Nov. 16.—The park board has sold its flock of sheep, which grazed all summer in the 1,300-acre park given to the city by the late Colonel Thomas Swope. When the board purchased the flock last spring, 500 head, they were lambs. But they were busy little animals and saved the board the cost of cutting the grass on a large portion of the park. The sheep sold for a profit of \$480.

Accused Man Is Suicide

Los Angeles, Nov. 16.—John E. Lamb, church vestryman and bank director of Long Beach, who was named in disclosures concerning the gripes of an alleged organization of Long Beach men, committed suicide by taking poison yesterday. He left a note protesting his innocence.

STRENGTH FOR MOTHERHOOD
The importance of reserve strength and pure blood at this period cannot be over-estimated and Nature's pure nourishment in Scott's Emulsion imparts that strength that restores the blood, strengthens the bones and invigorates the whole system. Physicians everywhere prescribe it. It is free from Alcohol or Opium.

BAD COLD? FEEL HEADACHY, DULL AND STOPPED UP

First Dose of "Pape's Cold Compound" Relieves All Grippe Misery

Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs. It promptly opens clogged-up nostrils and air passages; stops nasty discharge of nose running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness. "Pape's Cold Compound" is the quickest, surest relief known and costs only 25 cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute. Adv.

FOUR KILLED BY A BOMB

Six Are Injured When Store Is Blown Up by Dynamite
Latrobe, Pa., Nov. 16.—Four persons were killed and six injured, two seriously, when the general store of Noah Kanaza, at Superior, near here, was blown up by dynamite early yesterday. The store and five dwellings were burned, entailing a loss of \$25,000. The dynamiting is believed to have been the work of men who had threatened Kanaza, who is wealthy. The dead are Noah Kanaza, Jr., 16; Joseph Kanaza, 9, and Anthony Kanaza, 9 months, children of Noah Kanaza, and Andrew Organ, 34. The Kanaza children were burned to death in their beds. Organ was hit by a flying timber and killed instantly. Kanaza's store was wrecked by two explosions, the dynamite having been placed at both ends of the structure. The building was soon aflame and the fire spread rapidly to five nearby dwellings. John Pepper and Anthony Stronings were struck by timbers in attempting to rescue the Kanaza children and are in a Latrobe hospital. Little hope for their recovery is entertained. Windows within a radius of two miles of Superior were broken and plaster was knocked from the walls five miles away. Kanaza declares he has been threatened by an Italian with whom he had a lawsuit. Arrests are expected.

RAILROAD'S REVENUE FALLS

Coal Strike Affects Earnings of Colorado and Southern Lines
Denver, Nov. 16.—Operating revenues of the Colorado and Southern lines, according to the annual report of A. D. Parker, vice president in charge, to the stockholders, fell off \$1,854,939 during the fiscal year ending June 30, mainly because of the strike in the Southern Colorado coal fields. The operating revenue totaled \$13,222,737, of which \$9,053,885 was derived from freight traffic, and \$3,345,489 from passenger traffic.

LEARN SECRETS OF URANUS

Relation of Its Flattened Poles to Satellites Discovered in Arizona
Flagstaff, Ariz., Nov. 16.—Observations of Uranus, just made at the Lowell Observatory, have added materially to knowledge of that planet. Its oblateness, which was conspicuous, has been carefully measured and its place found to coincide with that in which the satellites move. Measures on the belts indicate that they lie parallel to the same plane. Lately the satellite Titania has shown variability in brightness. **Death Germ in York Love**
York, Pa., Nov. 16.—Love sickness is given as the reason for two tragedies in this city, Roy Hoke having committed suicide by shooting himself in the abdomen, while Joseph Heiland attempted to end his life by drinking iodine. Hoke died in the York Hospital yesterday, and Heiland was rushed to the same institution last evening. The latter's condition is critical.

Farmers Plan Co-operation

Reading, Pa., Nov. 16.—A co-operative selling organization of Berks farmers will likely be organized as a result of agitation along these lines by the Berks County Farm Bureau. A committee was appointed to draw up plans for such an organization and a meeting will be held some time this week, when the organization will likely be effected.

Patriotic Sons Will Celebrate

Mauch Chunk, Pa., Nov. 16.—Representatives from Weatherly, Mauch Chunk, Summit Hill, Lansford and Nesquehoning met at Nesquehoning and decided to hold a banquet at the New American Hotel at Mauch Chunk on the evening of December 10 in honor of the 67th anniversary of the Patriotic Order, Sons of America. Many of the State officers will be present and deliver addresses.

Found Dead in Ditch

Pottsville, Pa., Nov. 16.—Samuel I. Boyer, aged 38, of Orwigsburg, was found dead in a ditch at Coal and Minerville streets, yesterday morning. His skull was crushed, and it is believed he was hit by a fast freight train Saturday night. Boyer is survived by a wife and four children.

Absent So Long, Taken for Peddler

Hazleton, Pa., Nov. 16.—Mistaking her brother for a peddler when he entered her home after an absence of 25 years, Mrs. Edmund Jones, of Coleraine, told John Sanders, of Pittsburg, that she did not have time to look at his stock. Then there was a touching reunion.

Shoots Himself Cleaning Rifle

Reading, Pa., Nov. 16.—John Lutz, 16 years old, is in the Reading Hospital in a serious condition, suffering from a bullet wound in the abdomen through the accidental discharge of a rifle, while hunting for rabbits at Poplar Neck, near here, Saturday. Lutz was cleaning the rifle. The bullet has not yet been recovered.
