SITUATION ON RUSSIAN FRONT AS SUMMED UP BY SCRIBE FOR 'DAILY MAIL'

London, Nov. 17, 3:28 A. M.—Telegraphing from Petrograd under date of Monday evening the correspondent of the "Daily Mail" thus sums up the situation on the Russian front:

"The Germans at the present moment are experiencing the truth of the homely proverb that 'you cannot eat your cake and still have it.' Last week they withdrew troops from the East Prussian front and hurried them to Thorn, which was threatened by the rapid Russian advance. This move has been for the moment successful in checking that advance."

"Marching along both banks of the Vistula the Germans took refuge at Nieshawa, only twenty miles distant from Thorn, and waited there for reinforcements. Soon these began to arrive and moved up the valley of the Vistula with the double object of relieving pressure from the Russian forces marching toward Thorn and also threatening the flank of the Russian army which had been making such rapid progress toward the frontier in the neighborhood of Soldau."

"Emperor William sent urgent commands to his generals and also addressed a personal appeal to his soldiers not to let Prussia again be invaded. The only way of carrying out the imperial order was to shift troops from Lyck where the

nature of the country, all lakes and marshes, makes Russian progress very slow. This maneuver has certainly caused the Russians to give way on the Vistula valley but the effect in East Prussia has been the opposite of that desired. The Russians there are pushing forward at every point and the inhabitants are fleeing before them."

Denial From Berlin by Wireless

Berlin, Nov. 17, by wireless to Sayville)—The German government has issued a denial of the report that Germany had refused American aid for the suffering population of Belgium. On the contrary the government is highly pleased with this American assistance and instructions to this effect have been sent to Count Von Bernstorff, the German Ambassador at Washington.
