A. A. U. WILL SANCTION PRO EVENTS AT AMATEUR MEETS

May Not Be Mixed Up in Program. However—Alfred J. Lill, Jr., Re-elected President and Rubieu Made Secretary

New York, Nov. 17.—Subjects of vital interest to athletics in this country were discussed at the annual meeting of the Amateur Athletic Union of the United States yesterday.

President Alfred J. Lill, Jr., of Boston, was unanimously re-elected and John Elliott, San Francisco; George F. Payling, Philadelphia; Charles A. Dean, Chicago, and George A. Turner, Baltimore, were elected vice presidents.

Frederick W. Rubieu, president of the Metropolitan Association, the only nominee for secretary-treasurer, was unanimously elected to the office made vacant by the death of James E. Sullivan, who for over 20 years was a dominant factor in everything pertaining to national and international track and field athletics.

All the national championships of the organization, with one exception, were awarded to the Panama-Pacific Exposition for 1915. The exception was the national boxing championships, which will be held at Boston.

The receipts from all sources amounted to \$7,699.20 and the disbursements were \$8,787.92. The balance in the treasury of the union now is \$23,509.36, as against \$24,708.02 one year ago.

General rule VI, section 14, relating to entries, was amended to read as follows: "The entries for all amateur athletic union championships, both national and association, shall close with the chairman of the championship committee, or such person as he may designate for that purpose."

Professional contests or exhibitions shall be allowed at games, meetings or entertainments held under the auspices of the A. A. U. A regularly employed instructor, however, may take part with his pupils in group exhibitions only.

Professional contests or exhibitions shall be held at the same place and same day as amateur events must either precede the professional events, or vice versa.

The secretary was instructed to give 30 days' notice to the National Athletic Amateur League of the cancellation of its alliances with the A. A. U., the reason given for this drastic action being continued inactivity in registrations on the part of the league.

Permission was given to the Pacific Northwest, Southern Pacific, Intermountain and Rocky Mountain Associations to hold a Far West championship. Permission also was granted to the Canal Zone to the Southern Pacific Association.

MAY GET OLYMPIC GAMES

French Authority Thinks United States Will Hold Meet

Paris, Nov. 17.—The Olympic games in 1916 may be held in the United States. Baron Pierre de Coubertin, president of the International committee, says if circumstances, material or sentimental, prevent their being held in Europe in 1916, they cannot be postponed until 1920, as suggested, but that they might be held in America.

The war, Baron de Coubertin thinks, will not have anything more than a brief, temporary effect upon sporting France. Individual records will suffer because such stars as Jean Bonin, the great runner, have fallen at the front, and others, no doubt, will follow. The younger element will not reach their highest form for three years or more, but eventually, the Baron thinks, the war will prove to have been an incentive to physical training.

IRA THOMAS IS SLATED TO MANAGE N. Y. AMERICANS

Eastern Visit of Ban Johnson Said to Presage Naming of Mack's Lieutenant as Leader of Yankees—Farrell to Stay in Baseball

New York, Nov. 17.—It is expected that, as a result of a visit which President Ban Johnson of the American League, will make here and in Philadelphia during the next few days, Ira Thomas, captain of the Athletics, Connie Mack's first lieutenant, will be named as manager of the Yankees for next season. At the recent meeting of the American League in Chicago, the club owners decided that something should be done at once to give the Yankees a high class manager and a stronger team, if the American League hoped to rival the patronage of the National League in this city.

It is understood that several men have been considered for the place, and that Johnson is in favor of Thomas, on account of his knowledge of Mack's methods and his wide experience with world's championship teams. Thomas has been retained by Mack for the last couple of seasons in the capacity of coach and adviser, but as the lead is also held by Harry Davis acting in the same capacity, it is believed that Johnson will engineer the deal so that Thomas can come here as manager.

Johnson, who left Chicago Sunday night, has not yet made his presence known in this city, and it is believed that he will visit Philadelphia before coming here. At the offices of the New York Americans yesterday all knowledge of Johnson's coming or of his plans was denied.

Another purpose of Johnson's visit is said to be the transfer of the stock in the Yankees owned by William S. Devery. The latter, it is stated, has hired of baseball, and lost considerable money on the Jersey City club, of the International League, last season. He is said to be willing to sell out his New York stock at a reasonable figure, but, from all accounts, it is planned to retain Frank J. Farrell as president of the club. At the American League meeting last week Farrell was elected a member of the board of directors of the league, which indicates that he expects to stay in baseball.

KID WAGNER BEATEN

Leo Houck Too Strong for the Wilkes-Barre Boxer

Lancaster, Pa., Nov. 17.—Before the Lancaster Athletic Club last evening, Leo Houck and Kid Wagner, of Wilkes-Barre, battled through six rounds. The men were in good trim and it was a fast fight from start to finish.

Houck was slow at first and Wagner went after him hard, but neither had any advantage in the opening round. Wagner pushed Leo hard in the second round and beat him to the ropes, and honors went with the Wilkes-Barre fighter. Houck let loose strong in the third and carried off the honors. In the fourth he had Wagner groggy, but the bell saved him. Leo had the better of the argument in the fifth and in the last round, though Wagner put up a game fight and was bested by only a small margin.
