HAY AND STRAW QUARANTINE

Somewhat Modified Since Foot and Mouth Disease Broke Out
Washington, D. C., Nov. 19.—The provisions of the Federal quarantines declared on account of the foot and mouth disease have been somewhat modified in so far as they apply to shipments of hay and straw.
The new regulations provide that hay and straw cut prior to August 1, 1914, may be shipped without disinfection from any of the quarantined areas, provided that it has been stored away from cattle, sheep or swine. Hitherto it was necessary that hay should not only have been cut before August 1, but that it should also have been baled before that date.

TO BUILD TROLLEY LINE

Contract for Construction Work Granted to J. A. Vandegrift Co.
Lebanon, Nov. 19.—The contract for the construction of a six and one-half mile street railway line from Kleinfeltersville to Womelsdorf, has been let by the recently organized Lancaster and Berks Street Railway Company. When this line is completed there will be traction connections with Lebanon, Reading and Lancaster. The new railway will connect with the Ephrata and Lebanon railway in Kleinfeltersville.
The new railway is the missing link in connection between the Ephrata and Lebanon and the Reading and Lancaster trolley companies. When it is in operation it will be possible to go from Lebanon to either Lancaster or Reading by trolley. The contract for the construction work has been granted to the J. A. Vandegrift Co. of New York, builders of the Ephrata and Lebanon Street Railway Company.

COUNTERFEIT MANY NOTES

Slick Gang Is Working Through Pittsburgh's Big Stores
Pittsburgh, Nov. 19.—United States Secret Service officials are engaged in a hunt here for a clever gang of counterfeiters.
During the past two weeks several thousand dollars' worth of \$2, \$5, \$10 and \$20 notes have been put in circulation, mainly through the big department stores. Their workmanship is so perfect that even local bankers have been deceived and have taken the notes over the counter. This has been especially the case with the counterfeit \$10 note, known as "the Indian head" note. Its texture and other respects its answers to the genuine certificate.
The local Federal authorities have succeeded in locating one of the principals.

WILSON BEGINS MESSAGE

Will Deliver It in Person When Congress Meets in December
Washington, D. C., Nov. 19.—President Wilson yesterday began work on his annual message to Congress which he will deliver in person at the opening of the regular session in December. While the message has not yet taken definite shape, the President is expected to discuss Philippine independence, conservation, the Mexican question, government ownership of merchant ships and the effect of the European war on the United States.
Since the adjournment of Congress the President has not conferred with the leaders regarding the program for the next session, but will see them within the next two weeks.

HALTED ON OWN COFFIN

Wagonmaker, However, Finished His Tombstone Ahead of Death
Bloomsburg, Pa., Nov. 19.—Andrew Crowley, a wagonmaker, who several years ago made his own tombstone and expected to make his own coffin, only to be interrupted in the work by sickness, died yesterday at the age of 82.

TAKE SALTS TO FLUSH KIDNEYS

Eat Less Meat If You Feel Backache or Bladder Troubles You—Salts Is Fine for Kidneys

Meat forms uric acid which excites and overworks the kidneys in its efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.
To neutralize these irritating acids and flush out the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases. Adv.

B. R. T. LODGES ALL ACTIVE

Sunbury No. 48 Elects Officers and Key-stone No. 42 Arranges Celebration of Thirtieth Anniversary
At a meeting of Sunbury Lodge No. 43, Brotherhood of Railroad Trainmen, the following officers were elected: H. A. Derr, president; George Waiters, vice president; J. W. Lyon, secretary; C. C. Bauman, treasurer; W. R. Youtz, C. C. Bauman and George Waiters, trustees; C. H. Jase, Jr., agent for official publication.
Keystone Lodge No. 42, of the Brotherhood, has completed arrangements for the celebration of the thirtieth anniversary on Friday night at headquarters, Verbeke and James streets. An excellent literary program has been prepared. Refreshments will be served, followed by dancing.
The following is the committee that made all preparations for the big celebration: W. H. Patrick, D. A. Smith, J. R. Wilson, Walter John and A. C. Blair.

TOOTHACHE NO EXCUSE

Judge Sentences Prisoner to Have Aching Molar Removed
New York, Nov. 19.—William McGiligan was sentenced by Magistrate Appleton yesterday to have his aching tooth pulled. McGiligan appeared in West Farms Court charged with intoxication and his excuse was that he had taken a drop to help him forget his toothache.
"I'll sentence you to have it pulled," said the Magistrate.
McGiligan said he had no money but Patrolman Gibson took him to Fordham hospital and removed the tooth and the excuse.

HELD SHIP FOR PARASITES

They Belong to a Professor Who Makes War on Fruit Flies
San Francisco, Nov. 19.—The liner Wilhelmina was held in the harbor for several hours recently to await the arrival of Prof. D. T. Fullaway, who is returning from Africa with a parasite which, it is expected, will put a stop to the ravages of the dreaded Mediterranean fruit fly in the plantations of Hawaii. Prof. Fullaway arrived on the Overland late in the afternoon and climbed aboard the Wilhelmina in the stream from a launch.
Prof. Fullaway was a member of the Silvestri expedition and takes with him the parasite which the party discovered in the African wilds.

"ONE SPOONFUL ENOUGH" SAYS DRUGGIST

G. A. Gorgas, 16 North Third Street and Pennsylvania Railroad Station, states that the simple mixture of buckthorn bark, glycerine, etc., known as Adler-ika, is causing great surprise because just ONE SPOONFUL relieves constipation, sour or gassy stomach almost IMMEDIATELY. It is so thorough a bowel cleanser that it is used successfully in appendicitis. Adler-ika acts on BOTH lower and upper bowels and the INSTANT effect is astonishing. It never gripes and is perfectly safe to use. Adv.

MADMAN INVADERS SCHOOL

Young Woman Teacher Faces Corn Knife to Save Pupils
Washington, Pa., Nov. 19.—Miss Grace Jones, Washington, teacher of a county school near town, yesterday risked her life when Robert Dramer, a young man of the neighborhood said to be demented, rushed into the school room waving a corn knife and declaring he was going to kill the teacher and all the pupils.
The girl after a terrible half hour succeeded in forcing the youth from the room and locking the door upon him. As a result of the experience the school was yesterday closed indefinitely.

CHARGE HE HELD UP THREE

John Heron, Aged 26, Arrested as Altoona Highwayman
Altoona, Pa., Nov. 19.—The theft of a revolver in a hardware store in Duncansville led to the arrest of John Heron, aged 26, on the charge of holding up three men at the point of a revolver here Tuesday night. His alleged victims were Edward Marquette, Luther Lafferty and Ralph Hummel. The latter gave battle and had his right thumb shattered by a bullet.
Heron got 85 cents from Lafferty. When arrested yesterday he stated he had been drinking and did not know what he was doing Tuesday night.

KEPT FROM CURS, NOT THIEVES

Mean Somebody Robbed Shut-Ins of Illegally Killed Deer
Lewistown, Pa., Nov. 19.—Game wardens are searching for the meanest man in Christendom, one who would steal the meat from shut-ins at a charitable institution. Finding a doe and fawn, evidently killed by the same bullet, in the mountains near here on Tuesday, Dr. B. P. Steele dressed and hung the carcasses on a tree out of reach of dogs and other animals.
When he returned to ship them to the local hospital, as directed by the State Game Commission, the fawn had been stolen.

TANGLE OVER DIVORCE

Husband Says He Didn't Know of Decree for Seven Years
Reading, Pa., Nov. 19.—That a man can live with his wife seven years without knowing that she was divorced from him was a feature in the civil suit heard here yesterday in the case of Charles Drumheiser against Anna Penzly, formerly Annie F. Drumheiser.
The husband declared he did not know that his wife was divorced from him in 1915 and said he lived with her until 1912, when he found the divorce in her bureau. He claims \$1,634 benefits from associations when he had both of his legs cut off while in the employ of the Reading Railway Company.

Ill, Alone, in Borough Hall

Watson, Pa., Nov. 19.—James McCormick, a Watsontown Councilman, suffered a stroke of paralysis while examining records in the borough hall and lay helpless all day until he revived enough to drag himself to the telephone and summon help.

Colliery Worker Killed

Tanaqua, Pa., Nov. 19.—George Eady, a battery-runner at the Lehigh Coal and Navigation Company's No. 14 colliery, was caught by a rush of coal in a chute yesterday which broke his neck. He died instantly.

"Safety First"

To no better service can this timely phrase be applied, than to our new elevators.
They were installed that we might give better service to the public, but first of all, absolute safety was to be considered.
We found many important devices that could be employed in making them a standard of modern safety, and the difference from those installed but a few years ago is surprising.

They are safe because they are encased in a solid fire-proof wall.
They are safe because they are equipped with the most modern safety devices.

They are safe because they cannot leave the floor unless the doors are closed tight. This prevents anyone from falling into the shaft.

They are safe because we employ only competent operators.

Special for Friday

Fancy Silk Girdles at 50c and \$1.00—all the desirable shades.
Leather Hand Bags at 59c—value \$1.00; attractive styles; suggestive of Christmas.
