Dispatch From Petrograd Says German Attempts to Break Through Rus- sian Armies in Poland Have Re- ceived a Severe Check

London, Nov. 21, 10.32 A. M.—The correspondent in Berlin of the "Central News" has sent the following dispatch by way of Copenhagen:

"All of Germany is in a condition of extreme tension, awaiting the result of the great battle on the eastern front. The Russian forces are estimated at 900,000 men. The Germans control all the roads to Novo Georgiewsk and Warsaw. The battle centers at Lodz, where the Germans and Austrians are in excellent position, while new Austrian forces are advancing from the south. The Russians are being attacked on three sides."

Vienna, Nov. 20, Via London, Nov. 21, 4.35 A. M.—The following official communication was made public to-night:

"Everywhere in Russian Poland we and our allies have been successful, but so far there is no decision in the fighting. The number of Russian prisoners is increasing.

"Before Przemysl the enemy, while endeavoring to bring up reinforcements to the southern front of the fortress, was thrown back, suffering severely."

Germans Get Severe Check, Is Report

London, Nov. 21, 4.42 A. M.—"The German attempts to break through the Russian armies in Poland have sustained a severe check, which, according to present indications, is likely to have decisive consequences for the enemy," says a dispatch from the Petrograd correspondent of the "Times." The message continues:

"The official report of the capture of a battery northwest of Lodz is extremely significant, suggesting the probability of a successful Russian flanking movement from the direction of Piotrkow. News was received last night of the arrival of large Russian reinforcements, which would probably account for the reverses sustained."

Report 3,000 Germans Killed

London, Nov. 21, 3.45 A. M.—Telegraphing from Petrograd Friday, the correspondent of the "Daily News" says:

"The Germans have been forced to act on the defensive in the battle on the Vistula and Warta rivers in Poland. Their effort to pierce the Russian line north of Kutno resulted in one of their cavalry divisions getting into a cross-fire of the Russian infantry with machine guns.

"Over 3,000 were left dead on the field and the German advance guard fell back on the main body, which is now spreading in defensive positions.

"Bucharest reports many arrested in Constantinople consequent on an attempt to assassinate the life of the Sultan. Among those arrested are members of an association organized by Mehmed Burhan-Eddin, favorite son of the former Sultan, Abdul Hamid. It is also suspected that Prince Yusoff Izzedin, eldest son of Abdul Hamid and heir presumptive to the Turkish throne, participated in the plot."

Russians Reported Falling Back

Berlin, Nov. 21 (By Wireless to Sayville)—The meagre news received from Russian Poland given out in official circles here to-day indicates that the Germans and the Russians have joined in battle along the whole front between the Warta and the Vistula rivers, while the Russians to the north of the Vistula are reported to be falling back.

KHEDIVE JOINS THE TURKS TO ATTEMPT EGYPT INVASION

Paris, Nov. 21, 3.45 A. M.—Khedive Abbas Hilmi, of Egypt, has definitely thrown in his lot with Turkey in the war, according to the "Petit Parisien."

The Khedive, who was absent from Egypt at the time of the declaration of war by the allies against Turkey, went straight to Constantinople, says the paper, where he was won over by the Young Turk leaders. He has now joined the Turkish forces in Palestine, it is added, and is preparing to attempt to invade Egypt.

FIRING ON U. S. LAUNCH BY TURKISH PORTS NOT A HOSTILE ACT, IS REPORT

Washington, Nov. 21.—After an announcement from the White House to-day that word had come from Captain Decker of the cruiser Tennessee that the firing of the Turkish forts at Smyrna upon the cruiser's launch on November 17, was not hostile, Secretary Daniels announced that a portion of Captain Decker's first report had not been made public when received because it was considered contradictory. He announced that Captain Decker's dispatch reporting the firing contained the words, "act not hostile but unfriendly."

The Navy Department announcement omitted the contradictory phrase, according to Mr. Daniels, in order to verify it, and to-day came word that the message was correct as originally sent. Secretary Daniels was unable to explain its meaning and said that it seemed to him an expression of opinion by the captain of the Tennessee without exact knowledge of what took place on shore.

At the White House the statement issued said Captain Decker had reported the firing as "not a hostile act." The view being taken that the first part of the phrase meant that the shots were not aimed to take effect but as a warning because the port of Smyrna was mined and closed.

Secretary Daniels said he had received no further messages from Captain Decker since the first report and that he assumed the commander was awaiting investigation by Ambassador Morgenthau. Mr. Daniels does not think Captain Decker could possibly know what occurred on the shore, as his launch immediately turned back. He said the contradictory phrase had been omitted in his announcement because it seemed only an expression of opinion which in itself was inexplicable.

LATE WAR NEWS SUMMARY

Germany's effort to crush the great armies of Russia has met with a check, according to statements emanating from Russian sources. Earlier in the week both Berlin and Petrograd reported that the Russian center was falling back before the German advance over the snow-covered fields of Poland, but it is now asserted at the Russian capital that this movement has been halted. It is estimated in the same quarters that the latest turn in the campaign is likely to have "decisive consequences for the enemy."

The official Russian report of the capture of the battery at Lodz is interpreted as significant, suggesting a Russian flanking movement. Large reinforcements, it is said, have been thrown in by the Russians. From Berlin, however, came no suggestion of a reverse. The Germans, it is said there, are making steady progress not only in the center but in the north, driving back the Russians from the frontier of East Prussia. Unofficial advice from the west are to the effect that German reinforcements are still being rushed to the eastern battlefields.

In Belgium the fighting still drags on in a desultory manner. Along the Yser attempts at military activities have been entirely abandoned, largely on account of the weather. At Brussels the temperature is below freezing and an unusually severe winter is feared. The fall of snow has ceased but the abatement of the storm has brought no relief from the hardships of the soldiers in the cold and wet.

Serbia has broken the silence she maintained several days, to deny the Austrian claims of a tactical victory. The Serbians location at Athens, while admitting that the Austrians compelled a retreat from Valjevo, states that the Serbians withdrew in good order without any serious fighting and that they were now occupying advantageous positions, ready to engage the advancing Austrians.

The Khedive of Egypt, Abbas Hilmi, who was reported several days ago to have cast his lot with the Sultan of Turkey, his spiritual leader, is said in Paris to have joined the Turkish forces.

POOL ROOM ROBBED OF \$90

Entrance Gained to Holtzman's Place
Early This Morning and Cash
Register Is Looted

Thieves entering the cigar store and pool room of Lester G. Holtzman, Market and Dewberry streets, some time early this morning, got \$90 from the cash register and some cigars and cigarettes from the cigar counter. Entrance was gained from a side window on Dewberry street.

The loosened window attracted the attention of employees about the place this morning and examination was hastily made. The loss of the money, which had been placed in the cash drawer at the close of the night's business at midnight last night, was soon discovered. The amount of stock taken by the thieves cannot be determined.

Mr. Holtzman usually puts the day's receipts in his safe, but last night his was indisposed and did not leave his lodgings at 11 North Fifth street, and the money was placed in the cash register. The safe was not touched. It required but a few minutes for the robbers to get in and get away with the plunder.

The cash register stands in the front of the store, near the Market street entrance. The store is quite narrow at that place as the vestibule of the store is deep, so that the thief could work in comparative safety. The cigar stand circles around to the front, closing in the counter, affording the thief a hiding place. City detectives are on the case.

FLAMES MENACE MASONIC TEMPLE; MAYOR BRAVES SMOKE FOR RECORDS

Royal and City Electrician Diehl Lead Party Through Fume-Filled Halls to Save Valuable Papers While Fire Is Raging in Two Lower Stories of New \$150,000 Structure--Firemen in An Hour's Fight Save Fine Edifice--Dam- age Close to \$1,000

Flames this morning in the new Masonic Temple at Third and State streets, one of the most costly and imposing structures in the city, for a time threatened the destruction of the building.

MAYOR JOHN K. ROYAL

Went Through Smoke-Filled Halls to Remove Masonic Papers

At the risk of being overcome by great clouds of smoke in the halls, Mayor John K. Royal and Clark E. Diehl, City Electrician, rushed to the third and

fourth floors and removed the valuable Masonic records.

Although the loss will not exceed \$1,000, the blaze was most menacing. The beautiful stone building was completed only about four years ago at a cost of \$150,000.

The \$150,000 valuation placed on the building includes the furnishings and the property of the various Masonic organizations which it houses.

The blaze started about 10 o'clock in a wall paper store in the first floor rear of the building and crept along the wall paper, which was stacked to the ceiling. The flames broke through the plaster ceiling and ran along under the second floor. Fire also got between the partitions. Its progress was stopped there by the firemen after it had climbed in the partitions a distance of about four feet above the second floor.

Three offices in the second floor were damaged, floors and walls being cut by the firemen in fighting the blaze. The damage to the building alone will reach \$500. The damage to the contents of the offices and the wall paper store will amount to almost that much more.

The origin of the blaze could not be learned definitely, but Fire Chief Kinder believes that the paper may have become ignited from a steam pipe. Others advance the theory that a cigarette may have been left burning in the paper store.

Superintendent Smelled Smoke

William E. Macklin, superintendent of the Masonic Temple, was on the fourth floor when he smelled smoke. He started an investigation, going to the first floor, where he found the blaze in the wall paper store, which is located on the Myrtle street side of the

building.

The doors of the wall paper store were closed and locked, the manager, R. A. White, being at work in another part of the city. The business is that

Many of the women in the audience brought their babies with them and left them at the nursery connected with the tabernacle. All was bustle and excitement there. Extra nurses were in charge to take care of the additional infant patrons.

Dr. Stough spoke this afternoon on the subject, "Is Marriage a Failure?" and asserted that it is unless it is "a marriage in the eye of God;" that marriage by a preacher or a squire is "merely a man and woman proposition," and that many persons marry "whom God would not want to marry."

The matter of divorces came in for a large share of the discussion: "This

GIVES BELGIANS CAR OF FLOUR

Hershey "Chocolate King" Forwards It From Hoffer Mills

A carload of flour of approximately 48,000 pounds left Steelton yesterday consigned to Belgium for the relief of the war sufferers of that unhappy country.

The flour was manufactured by the John Hoffer Flouring Mill Company in Steelton for M. S. Hershey, the "Chocolate King," who paid the bill. It was packed in bags containing 100 pounds each, each container being stamped on the outside: "Presented by the M. S. Hershey Chocolate Company, Hershey, Pa., U. S. A."

CRASH SCARES AWAY THIEF

This morning about 1 o'clock the large plate glass window in the grocery store at Sixth and Boyd streets, managed by J. M. Little, was smashed by an unknown person.

The crash made by the falling glass awakened the whole neighborhood and evidently frightened the would-be thief, for when a policeman arrived on the scene a few seconds later there was no sign of the persons who broke the glass. There is no clue as to the guilty party. As far as can be learned nothing was taken.

FIVE SEEK THE POST OF SHERIFF

Fletcher, Bailey and Reese Are Re- publican Candidates and Eby and Maloney Mentioned on Democratic Side—Other Lightning Rods Up

With but a little more than a month of the old year left, politics for 1915 are beginning to loom up, get interesting and to make folks sit up and look or else hold their ears to the ground to listen. Dauphin county always gets its share of political excitement, but next year there will be things happening that will be of more than ordinary interest, the reason being the unusual number of offices to fill.

And there doesn't seem to be any lack of candidates. There are plenty of patriots who are willing to serve the dear people, some of them have served numerous times, and there is going to be a scramble for office that will make the famous Kilkenny cat fight look like a love-feast in comparison. Let us look over a few of those who are willing to have a try at the primary election, taking up the Republican list:

Of the Republican candidates for Sheriff it is said that J. Rowe Fletcher, of this city, is very much in the running. Mr. Fletcher is a former Sheriff. He is exceedingly popular and at his outing last summer at Lucknow he had a gathering of representative men such as is seldom seen together in this vicinity. Arthur H. Bailey, of Paxtang, at present County Treasurer, would like to move down one flight in the court house and occupy the Sheriff's position, and Isaiah Reese, of this city, the popular superintendent of round house No. 2, is also a candidate for the nomination.

In the Field for Recorder

For County Recorder there are three Republican aspirants. Charles E. Pass, former Director of the Poor, connected with the Harrisburg foundry and machine works for many years and head of the Order of Red Men, in Pennsylvania, is in the field. William S. When within five yards of the goal Steelton suffered a five-yard penalty. They tried to regain the ground by forward passes but failed.

Norris attempted a goal from placement but the kick was blocked and Tech recovered the ball. On the next play Beach ran 25 yards. Beck made two first downs and Harris got one on the three succeeding plays. Britsch then ran 28 yards for a touchdown. Kutz kicked the goal.

The game was practically for the championship in the "round-robin" series which includes games by both teams with the Central High school team, which eleven has been eliminated by two defeats at the hands of the invading Steelton team.

Steelton and Tech entered the game in good condition. Steelton, suffering from an injured shoulder, but it had about mended. The only shift in the lineup of the two elevens was made to the Blue and White, Crowley taking the place of Keim at left end. Tech had prepared a new defensive formation for this game to use against the back shift employed by Steelton on the attack. The teams lined up for the start as follows:

Six Inches of Snow on Gridiron
West Point, N. Y., Nov. 21.—On a gridiron that was covered yesterday with six inches of snow and swept clean during the late afternoon, the West Point cadets lined up to-day against Springfield Training School for the last home game of the season. The field was soft and indications were that it would be very muddy for the game. Last year the Army won by a score of 14 to 7 and this year the cadets were sure they could duplicate the victory.
