HELP COMES QUICKLY

When Hyomei is Used for Head Colds, Catarrh or Grop

When your head is all stuffed up causing you dull headaches, difficult breathing, constant sniffing, and you feel generally miserable, there is nothing quite equal to Hyomei to give quick, effective and lasting benefit—yet perfectly harmless, simple to use and inexpensive.

To get quick and certain relief from catarrh or a cold it is most important that the medication goes directly to the inflamed tissue lining the air passages. That's the Hyomei method. Just put a few drops of antiseptic Hyomei in the inhaler that comes with every complete outfit, and breathe it—you will feel better at once. It clears the head, quickly relieves the tightness in the chest and that choked-up feeling, all disagreeable nasal discharges, watery eyes and dull headaches surely cease.

So certain is H. C. Kennedy of the curative powers of Hyomei for catarrh, croup, asthma, and similar diseases, that he sells it on the "No-cure-no-pay" plan. Adv.

RUB RHEUMATISM PAIN FROM SORE, ACHING JOINTS

Rub Pain Away With a Small Trial Bottle of Old "St. Jacob's Oil"

What's Rheumatism? Pain only. Stop drugging! Not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacob's Oil" directly upon the "tender spot" and relief comes instantly. "St. Jacob's Oil" is a harmless rheumatism and scalding liniment, which never disappoints and cannot burn the skin.

Limber up! Quit complaining! Get a small trial bottle from your drug-gist, and in just a moment you'll be free from rheumatic and sciatic pain, soreness, stiffness and swelling. Don't suffer! Relief awaits you. Old honest "St. Jacob's Oil" has cured millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache, sprains and swellings. Adv.

REPORTS OF GERMAN DESIRE FOR PEACE POLITICAL IDIOCY

Berlin, Nov. 23, via London, Nov. 24, 3.30 A. M.—The Cologne "Gazette" declares that the reports of a German desire for peace, which it says are being inspired by the British, belong to the "region of higher political idiosyncrasy." "The position of the Germans, neither in the east nor the west," it continues, "is critical. The German military undertakings on all the battlefields are progressing favorably. Neither the military nor the political situation contain any reason which might make Germany desirous to conclude peace."

Armed Boats for Belgian Canal

London, Nov. 24, 4.10 A. M.—A correspondent of the "Times" in Flanders says the Germans are placing in shape a large number of armored motor boats for use on the Belgian canal. They are, he says, high in engine power and are armed with quick-firers.

Germans Before Court of Honor

Amsterdam, via London, Nov. 24, 8.25 A. M.—The Berlin correspondent of the "Telegraaf," states that the two German officers who broke their parole and escaped from Holland have arrived at Osnabruck. They will be summoned before a court of honor the correspondent declares and must leave the army.

NEW DISCOVERY FOR SKIN DISEASES

Doctors Having Great Success With Amolox

Amolox, the new remedy for the cure of eczema and skin diseases, is applied externally. Does not soil or stain, dries instantly, is soothing and antiseptic, penetrating the skin, killing the germs that cause the disease. It is the prescription of a well-known physician, who has used it with remarkable success in his private practice.

Cases of chronic eczema, tetter, psoriasis, acne are now being cured after all other remedies have failed. It will positively kill the germ and heal the skin in barber's itch in a few days. Stops all itch and burning instantly, renders the skin soft and soothes it so the sufferer can rest and sleep. Geo. A. Gorgans or H. C. Kennedy will refund your money, if you are not satisfied. Best results are obtained when both liquid and ointment are used. Trial size 50c. Adv.

PRACTICAL HEALTH HINT.

Nephritis. For chronic kidney disease—nephritis—Dr. A. Katsowski prescribes a diet of pumpkin. In an article in a leading German medical magazine the famous Russian physician extols its virtues and calls it the ideal diuretic food. But it must be used in large quantities—three to six pounds a day. He has the pumpkin cut in small pieces, covered with water, boiled over a slow fire for two hours and served with butter, milk or cream. In one of his cases 232 pounds of pumpkin were eaten in eighty days without any ill effects. Long-standing cases are cured within a very short time.

NO MORE LAVISH SPENDERS.

New York's Swell Dining Places Mourn Their Passing.

"Hotels and restaurants are expecting something more than usual from society this winter," said one hotel man, who is as well up on the restaurant situation as anybody in New York. "It is believed that fashionable people will do little entertaining in their homes. It will be cheaper and easier to invite their friends to a restaurant, where they may have dancing after the dinner."

"As a matter of fact, the day of the lavish spender is gone, so far as New York is concerned. We shall never see again the era that ended nine or ten years ago. Those were the days when men from Chicago or Pittsburgh vied with each other in the extravagance of their entertainments. It was nothing for a dinner to cost \$25 a cover. Nowadays the average is about \$4.50.

"The change in spending habits has forced the hotels to become cost accountants. The manager of every modern house is now able to know, when a mutton chop is placed on the table, just how much of each item the hotel's expenses that chop has to carry."—New York Times.

DECOY PERISCOPES.

A Submarine Trick to Lure the Enemy to Destruction.

Such things exist as decoy periscopes—short lengths of pipe held upright on a float and looking exactly like the real periscope. The submarine sets them adrift for you to find—sometimes scatters several of them.

When one is sighted you cannot stop to consider whether the little object dancing on the sea half a mile or so distant does or does not mean 250 pounds of high explosive coming straight at you. Maybe you will see an aeroplane maneuvering over it in a way that carries conviction that it does. You don't dare to take any chances and so you train all the guns at it.

Then the real submarine sinks up on the other side of the ship, and with the swift rush of its torpedo, the latest of sea tragedies comes to an end—Park Benjamin in the New York Independent.

Reproducing the Grand Canyon.

A panoramic reproduction of the Grand Canyon of Arizona is being built at the Panama-Pacific International exposition at a cost of over \$300,000. Over 50,000 square yards of linen canvas imported from Scotland are being used for the set pieces. Visitors in this concession will view the panorama from observation parlor cars moved by electricity on an elevated trestle seemingly along the rim of the canyon. The observer will be enabled to see eight of the most distinctive points of the canyon, and the ride will last over half an hour, including, apparently, a journey of more than 100 miles of the great gorge. Every resource of modern science is employed in the work of reproduction.

Chinese and Japanese in This Land.

The total number of Chinese in the United States proper, according to the census of 1910, was 71,531, while the total number of Japanese was 72,157. These figures for 1910 are comparable with 89,803 Chinese and 24,326 Japanese who were in the United States proper in 1900, showing that the number of Chinese in this country in 1910 was 18,332 less than in 1900, while the number of Japanese increased 47,831 from 1900 to 1910. These figures do not include the Chinese and Japanese under the American flag living in the outlying possessions of the United States.

Harvard's Low Is High.

You can't size up a Harvard freshman by his name this year. J. Low is a strapping six footer, while I. B. Tall is the smallest chap in the class. H. Shortall is right between Tall and Low in stature. He is neutral. There is a Kaiser among the yearlings. M. T. Coffin, despite his gloomy name, is the life of the Smith hall jockymen. Mr. Rich is in the class, also two youths of Means, but they are offset financially by Mr. Poor, Arthur Stonestreet and Johnnie Starbird or other names enrolled.—New York World.

Died in Battle.

From the beginning of the Christian era to the present, according to historians, there have been less than 240 wars years. Up to the middle of the nineteenth century it was roughly computed that nearly 7,000,000,000 men had died in battle since the beginning of recorded history, a number equal to almost five times the present estimated population of the globe.

PENNSYLVANIAN GETS QUICK RELIEF FROM DISORDERS OF HIS STOMACH

I. E. Beckwith Says Mayr's Wonderful Remedy Gave Him Great Help

I. E. Beckwith, of Harrisburg, Penn., was a victim of disorders of the stomach and intestinal tract. He tried treatment after treatment. Nothing gave him relief.

Then one day he discovered Mayr's Wonderful Stomach Remedy—and soon was happy.

Mr. Beckwith wrote to Geo. H. Mayr, the maker of the remedy and said for twenty years the leading druggist of Chicago.

"I believe that Mayr's Wonderful Stomach Remedy is the greatest stomach remedy on earth. One dose would convince any one who is troubled with his stomach of its wonderful merits. It removed some of the most awful looking stuff from my stomach. I have taken other remedies, but they never helped me."

Just such letters come from users of Mayr's Wonderful Stomach Remedy in all parts of the country. It is known everywhere. The first dose convinces—no long treatment.

Mayr's Wonderful Stomach Remedy clears the digestive tract of mucoid accretions and poisonous matter. It brings swift relief to sufferers from ailments of the stomach, liver and bowels. Many declare it has saved them from dangerous operations; many are sure it has saved their lives.

We want all people who have chronic stomach trouble or constipation, no matter of how long standing, to try one dose of Mayr's Wonderful Stomach Remedy—one dose will convince you. This is the medicine so many of our people have been taking with surprising results. The most thorough system cleanser ever sold. Mayr's Wonderful Stomach Remedy is now sold here by Geo. A. Gorgans, 16 North Third street and Pennsylvania Railroad Station, and druggists everywhere. Adv.

Lykens Valley Nut Coal \$7.20

Lykens Valley Nut Coal is the highest price coal sold (except one).

It is the best for baking, etc., where an intense regular heat is required.

Lykens Valley Nut Coal is sometimes called Soft Nut because it is softer in structure than Wilkes-Barre, Lehigh, etc.

In houses where the draft is faulty and "poor" you should always use this grade of coal for the range. You will find it catches up quickly in the morning and you can depend upon having your meals on time.

Ninety per cent. of the Bakers use Lykens Valley Coal which is an excellent testimony to its heating qualities.

It costs more but it certainly is worth it.

CRAGO PAID OUT \$2,741

Successful Candidate for Congressman-at-Large Files His Expenses. Thomas S. Crago, successful Republican candidate for Congressman-at-Large, filed his election expense account at the State Department to-day. He says the only contribution he received was for payment of his personal expenses, railroad fare, hotel, etc., while on the campaign, amounting to \$378.80, by the Republican State committee.

He paid out personally during the campaign \$2,741.86, of which \$2,500 went to Charles Johnson, treasurer of the State committee, and \$100 to H. G. Seip, treasurer of the Greene County Republican committee. The rest was paid for printing and advertising. He has no unpaid obligations.

Wednesday of next week is the last day for filing expense accounts.

Acid Stomachs Are Dangerous

Common Sense Advice by a Distinguished Specialist. "Acid" stomachs are dangerous because acid irritates and inflames the delicate lining of the stomach, thus hindering and preventing the proper action of the stomach, and leading to probably nine-tenths of the cases of stomach trouble from which people suffer. Ordinary medicines and medicinal treatments are useless in such cases, for they leave the source of the trouble, the acid in the stomach, as dangerous as ever. The acid must be neutralized, and its formation prevented, and the best thing for this purpose is a feeppassful of bisulphated magnesia, a simple antacid, taken in a little warm or cold water after eating, which not only neutralizes the acid, but also prevents the fermentation from which acidity is developed. Foods which ordinarily cause distress may be eaten with impunity if the means of following with a little bisulphated magnesia, which can be obtained from any druggist, and should always be kept handy.
