

### Don't Scratch

Zemo Stops Itching and Burning the Minute It's Applied and Quickly Conquers Skin Afflictions

Send for Free Trial Bottle

That itching may be eczema, and it surely means some sort of skin trouble. Stop it quick—before it has a chance to spread all over your face and body. Use Zemo, the clean, antiseptic, non-greasy liquid that has gained such a wonderful record for quick, sure results. Thousands have been cured by Zemo according to their own letters—of eczema, psoriasis, acne, dandruff, pimples and other skin troubles. Why not you? Why not have a perfect complexion, which merely means a perfectly healthy skin?

Get Zemo at once! Buy a 25c bottle from your druggist, or send your address and 4c (for actual postage) to E. W. Rose Co. Laboratories, Dept. 39, St. Louis, Mo., for free trial bottle in plain wrapper. Do it right now. This very day!

### MASONS ELECT OFFICERS

Three New Men Chosen to Head Grand Chapter—W. M. Donaldson on Home Committee

Philadelphia, Dec. 4.—One of the largest gatherings in the history of the Grand Chapter of Pennsylvania attended the annual election at the Masonic Temple yesterday afternoon. There were about 500 members present, and over 2,700 votes were cast, representatives casting ballots for those not present. A condition that never before existed presented itself. The usual practice was for the high priest to be succeeded by the grand king and the position of the latter to be taken by the grand scribe. But the term of Grand High Priest Wells expired and during the year both Winfield S. Bell, of Pittsburgh, the grand king, and Samuel Laughlin, of this city, the grand scribe, died. It thus became necessary to choose three new men.

Porter W. Lowry, of Butler, was elected grand priest; Thomas McConnell, Jr., of Philadelphia, grand king, and David J. Davis, of Scranton, grand scribe. Edward B. Spencer and Stockton Bates, both of Philadelphia, were re-elected treasurer and secretary, respectively. On Wednesday night the grand lodge officers were re-elected, and it was announced that the membership in the jurisdiction was 110,000. The grand lodge officers are: R. W. grand master, J. Henry Williams, grand scribe, R. W. deputy grand master, Louis A. Watres, of Scranton; grand senior warden, James B. Krause, of Williamsport; grand junior warden, John S. Seli; grand treasurer, William B. Haeckenburg, of this city; grand secretary, John A. Perry, of this city.

To serve on the committee on Masonic homes there were selected Judge George B. Orady, of Huntingdon; John D. Goff, of Chester; Edward W. Patton, of this city; George W. McCandless, of Pittsburgh; William M. Donaldson, of Harrisburg; Andrew H. Hershey, of Lancaster; Henry S. Shock, of Mount Joy.

The Grand Lodge's appropriation of \$12,000 for the relief of destitute Masons of Belgium will be sent through the Grand Lodge of England. The installations of the Grand Lodge, Grand Chapter and other lodge officers will take place on Saturday, December 26. It is usual for the installation to take place on St. John's Day, but this year it falls on Sunday, and the officers will, therefore, be installed the day before.

**Funeral Directors Meet**  
Sumbury, Dec. 4.—The Pennsylvania Funeral Directors' Association Executive Committee met here yesterday and chose Sumbury as the place of holding next year's convention, on June 14 and 16. Those present were Edward Lowry, president, Pittsburgh; W. S. Newcomer, secretary, Allegheny; A. S. Koldier, Homestead; Phillip Boye, Hazleton; and Edwin S. Weimer, Sumbury.

**\$20,331 Spent in Schuylkill**  
Pottsville, Dec. 4.—Schuylkill's three political parties expended a little more than \$20,331.22. This was an approximate cost of 66 cents for every vote polled. Among accounts filed yesterday were: County Chairman William S. Leib, Republican, \$7,696.27; R. C. Collins, treasurer of Democratic campaign committee, \$3,571; G. W. Bedford, treasurer of Washington party, \$460.59.

### COMBING WON'T RID HAIR OF DANDRUFF

The Easiest and Best Way Is to Dissolve It

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. Do this to-night, and by morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. If you want to preserve your hair, do by all means get rid of dandruff, for nothing destroys the hair more quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everyone notices it. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work. Adv.

### MORE ZINC THAN EVER IS EXPORTED FROM AMERICA

Unusually Large Consignments of the Metal in Recent Months Are Sent to Europe, Including Millions of Pounds to England

Washington, D. C., Dec. 4.—All previous records in exportation of domestic zinc were surpassed by the shipments during the last three months which rose to the unprecedented total of 65,504,574 pounds, valued at \$4,443,381, as compared with 1,346,877 pounds, valued at \$80,756, in the corresponding period a year ago.

Figures compiled by the Bureau of Foreign and Domestic Commerce of the Department of Commerce show that the exports of domestic zinc in the form of pigs, ingots, bars, etc., in the last three months exceeded the total for the seven-year period which ended with June, 1914. In the last four fiscal years zinc exports have averaged 12,800,000 pounds per annum. In 1897, the former high-record year in exports of zinc, the total was 35,869,987 pounds. That figure, however, was surpassed by the single month of September last, with an export total of 28,090,144 pounds of zinc pigs, ingots, etc.

The unusually large exports of zinc in recent months were sent chiefly to Europe. In September, when the exports of zinc pigs, etc., rose to the highest point ever known, 28 million pounds were sent to England, 3 million pounds each to Scotland and France, and one-third million pounds each to Denmark and Italy, while 1 1/4 million pounds went to British Africa, and a quarter million pounds to Australia.

This exportation of 65,504,574 pounds of zinc pigs, bars, etc., in the three months which ended with October represents about 10 per cent. of the annual domestic product which in 1912 amounted to 647,814,000 pounds. International trade in zinc, which exceeds \$75,000,000 annually, is largely centered in Europe. Statistics published in "Commercial Relations of the United States" for 1912 revealed the fact that Belgium exports annually crude zinc valued at 23 million dollars; Germany, 17 million; the Netherlands, 8 million; France, 8 million; Italy, 4 million; the United Kingdom, 1 1/2 million; and the United States, prior to the current year, about 1 million dollars' worth. The United Kingdom is the world's chief importer of zinc, the total imports of that article in 1912 having been valued at 21 million dollars, consisting chiefly of crude zinc, and almost wholly locally consumed. Into Germany the imports in 1912 amounted to 17 million dollars, made up of ore and crude zinc. France imported in that year 14 million dollars' worth of zinc, of which 9 1/2 million dollars' worth was in the form of ore and the remainder bars and other manufactured forms. The Netherlands imported in 1912 about 9 million dollars' worth of zinc ore and crude zinc. Other countries whose annual imports of zinc equal or exceed one million dollars in value include Belgium, 4 million; Russia, 3 million; the United States, 2 million; Italy, 1 1/2 million, and Japan, 1 million dollars.

The prominence given to the 12,000 tons of rails bought by the Santa Fe indicates the extent of the mills that are waiting for railroad orders. Beyond a 5,000-ton inquiry from Australia and a 6,000-ton sale to Tasmania made by an English mill at \$29.80, international rail buying has halted. Several hundred cars are hanging over the market, including 500 for the Union Tank Line.

**SUES FOR WIFE'S DEATH**  
Shenandoah Man Asks \$25,000 of Schuylkill Power Company  
Pottsville, Dec. 4.—With the \$50,000 damage case of Mrs. Joseph H. Long against the borough of St. Clair for negligence, which she claims resulted in the electrocution of her husband, nearing its close, a similar suit was yesterday entered for \$25,000 damages by John Kinolowicz, of Shenandoah, against the Schuylkill Light, Heat and Power Company for the death of his wife, also by electrocution.

**ELECTION BILL HELD UP**  
State Delays Payment of \$7,712.30 to Berks County  
Reading, Dec. 4.—The State has held up the Berks county primary election expense bill, amounting to \$7,712.30, because Hereford township failed to pay to the State its share of the construction of the State road built in Hereford township some years ago, amounting to \$8,067.12. County Controller Hoch and the commissioners will immediately take up the matter of payment of the road bill with the supervisors of the township.

**READING GROCERS SWINDLED**  
"Agent" Collects on Boxes Loaded With Bricks  
Reading, Dec. 4.—Reading grocers were victims of a new firm-flam game yesterday. A man representing himself as an agent called on several, telling them he came to collect on a consignment of goods at the freight station. He presented the necessary papers and when the grocers called for the goods they found empty boxes loaded with bricks.

**DIES ON SCAFFOLD AT 21**  
Young Man Goes Calmly to Death in Scranton Jail  
Scranton, Dec. 4.—John Chimielewski, 21 years old, was hanged yesterday morning in the county jail yard for the murder of Policeman William F. McAndrew, of Carbondale, in Dickson City, January 16, 1913.

**WHAT CAUSES COLDS?**  
This question and "How to Prevent Colds" is asked a thousand times every day. A cold is really a fever, not always caused by the weather but due to a disordered condition of the blood or lack of important food-elements. In changing seasons fat-foods are essential because they distribute heat by enriching the blood and so render the body better able to withstand the varying elements. This is the underlying reason why the medicinal fats in Scott's Emulsion quickly overcome colds and build strength to prevent more serious sickness. It contains nature's medicinal fats, so skillfully prepared that the blood profits from every drop, and it is free from harmful drugs or alcohol.

**WET SAUSAGE AND SCRAPPLE**  
Booze Peddler's Labeled Wagon a Wonderful Magnet  
West Chester, Dec. 4.—Charged with illegal selling of liquor in Pennsylvania and other townships of Chester county, Lewis Wax, engaged in business on West Fourth street, Wilmington, Del., has been arrested and held for trial at court in \$500 bail. For some weeks past it is said Wax has driven into this county with a wagon on which was painted "Fresh Sausage and Scrapple," for which he sold whiskey, beer, etc., to various persons. Wax admitted the sales.

### An Unfailing Way to Banish Hairs

(Beauty Notice)  
Ugly hairy growths can be removed in the privacy of your own home if you get a small original package of delatone and mix into a paste enough of the powder and water to cover the hairy surface. This should be left on the skin about 2 minutes, then removed and hair skin washed and every trace of hair will have vanished. No harm or inconvenience can result from this treatment, but be sure you buy real delatone. Adv.

### THE BUYING MOVEMENT IN PIG-IRON HAS EXTENDED

Indications Are That There Will Be Considerable Activity in Finished Steel Trade, With Greatest Tonnage in Final Quarter

New York, Dec. 4.—"The Iron Age" says the buying movement in pig iron which started with large contracts at Buffalo, as reported last week, has extended to other districts. Cleveland, Pittsburgh, Cincinnati, Chicago and St. Louis in particular have participated. At the same time there are signs in the finished steel trade pointing to considerable activity in December, making that the best month in the final quarter in point of tonnage.

Pittsburgh sentiment is more hopeful, in the face of better buying of bars and indications that in several other lines consumers are willing to take hold at the low prices reported in connection with some contracts for the first quarter. The next fortnight is expected to develop whether to a considerable extent 1.05c. Pittsburgh, will become the basis for business in plates, shapes and bars in that period.

Operation of mills in December is not likely to be at a much greater rate than in November, but the opinion is general that this month will lay the foundation for fuller running schedules in January.

The steady improvement in the money and security markets has given the steel trade ground for hopefulness regarding projects that mean tonnage for the mills. Early decisions are likely, for example, in some good-sized business on which eastern shipyards have been figuring and at Pittsburgh a pipe line, which the war put aside, is now looked on as a good possibility. Fifty thousand tons of plates are involved.

Foreign inquiry for bar wire is again of large proportions, after a lull. It comes from a variety of sources and lots are talked of running up to 10,000 tons. Competition on previous purchases by the governments at war brought variations of \$4 to \$5 a ton in the bidding. Wire rod sales for export include 9,500 tons by one interest and 10,000 tons more are wanted. The Standard Oil Company is about to build another 500-foot tank steamer, taking 3,000 tons of plates and shapes, and there is sharp bidding for eastern yards, some of which are getting near the end of large contracts for Panama steamers.

**HOTEL BANDIT'S VICTIM DIES**  
Morris G. Condon, Shot by Thief, Has Unexpected Release  
Philadelphia, Dec. 4.—Morris G. Condon, who was shot at the Hotel Adelphi, on the evening of November 25, by Fritz Capello, died at 7.15 o'clock last night, at the Jefferson hospital, as the result of a wound in the abdomen.

**WELLESLEY GIRLS GENEROUS**  
Chicago Alumnae Work Hard to Make Up \$2,000,000 Fund  
Chicago, Dec. 4.—The Wellesley alumnae in Chicago are swinging in on the homestretch of the race to raise \$2,000,000 by the end of this month for the endowment and restoration fund of the college. The Rockefeller Foundation has pledged \$750,000 providing the remainder is obtained within the time limit.

**WILL FIGHT COAL TAX LAW**  
Attorneys to Test Validity in Dauphin County Courts  
Pottsville, Pa., Dec. 4.—Prominent Schuylkill attorneys will participate in fighting the coal tax law in the Dauphin county courts next Thursday, the validity of which law is to be tested. The State is defending the case and each county will aid.

**DRIVES AWAY HEADACHE**  
Rub Musterole on Forehead and Temples  
A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from cold or congestion. And it acts at once! MUSTEROLE is a clean, white ointment made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can affect stomach and heart, as some internal medicines do.

### PUTS MURDER ON BROTHER

Suspect, When Trapped, Quick to Shift Blame  
Shenandoah, Pa., Dec. 4.—On the strength of a request telegraphed by the police department of Amsterdam, N. Y., of Kline's Grove, yesterday, after an automobile had run over him, breaking his right leg. He made this plea to the attending physician after he was picked up.

**LITTLE SPARTAN'S MAIN PLEA**  
"Don't Tell Mother and I Can Stand the Hurt," He Says  
Sumbury, Pa., Dec. 4.—"Don't tell mother!" cried Edward Miller, 8 years old, of Kline's Grove, yesterday, after an automobile had run over him, breaking his right leg. He made this plea to the attending physician after he was picked up.

**DOWN BANK IN THEIR AUTO**  
One of Trio Narrowly Escapes Death After a Collision  
Shamokin, Dec. 4.—Clinton Faust, Mrs. Samuel Xeiswender and young son of this place, were badly injured near Paxinos yesterday, being carried over a high embankment along a public road as their automobile collided with a car driven by Herbert Zaring, of this place. The Faust car was wrecked and Faust's wife narrowly escaped death.

**Mifflinburg Lawyer Dies**  
Mifflinburg, Dec. 4.—Horace P. Glover, 63 years old, lawyer and banker, died at his home here yesterday of cancer, from which he had suffered four months. He was a senior member of the law firm of Glover & Glover, and for 21 years president of the Mifflinburg National bank. Mr. Glover was a member of the State Legislature from Union county during the sessions of 1886-87. In the class of 1871 he was graduated from Lafayette College, and was also trustee of the Mifflinburg Presbyterian church. Mr. Glover was a Mason.

**HERD OF 23 DOOMED BECAUSE SHE WOULD RUN AWAY**  
Lewistown, Dec. 4.—S. G. Hendron, a veterinary surgeon, has placed the H. M. Muthersbaugh farm, near here, under quarantine for hoof and mouth disease.

**PLANS FOR MEN'S CONGRESS**  
Laymen's Reformed Missionary Committee at Work  
Wernersville, Dec. 4.—Plans for congress of men, to be held next year, are being formulated at a two-day convention of the Laymen's Missionary committee of the Reformed church of the United States, in session here.

**CHILD STRUCK BY TRAIN**  
Shenandoah, Dec. 4.—While Annie Jozak and her sister, Mary, five and seven years old, were playing on the Lehigh Valley railroad tracks yesterday morning, a coal train dashed around a curve and struck Annie, hurling her down an embankment and probably fatally injuring her. Mary jumped out of harm's way just in time.

**PROF. ABRAHAM LONGNECKER DIES**  
Lancaster, Dec. 4.—Prof. Abraham Longnecker, 41 years old, for the last five years principal of the Litzitz High school, this county, died yesterday morning suddenly from heart trouble, following an attack of diphtheria. He was formerly of the faculty of the Millersville State Normal school.

### Certainly!!

### Get Another Kind of Coal

If your range seems to work differently than it used to, why it's time to get another kind of coal. Don't be so foolish as to change the stove—change the coal. That's the reason we carry a large variety of coal. So that if one kind does not give good satisfaction we can easily suit you. We have one coal yard on the Reading Railroad and another one on the Pennsylvania Railroad. Two yards enable us to carry a big variety.

**United Ice & Coal Co.**  
Forster & Cowden 15th & Chestnut Third & Boss Hummel & Mulberry ALSO STEELTON, PA.

### AMBITION PILLS

For Nervous People  
The great nerve tonic—the famous Wendell's Ambition Pills—that put vigor, vim and vitality into nervous tired out, all in dependent posture in a few days.

Anyone can buy a box for 15 cents, and H. C. Kennedy is authorized by the maker to refund the purchase price if anyone is dissatisfied with the first box purchased.
