Facts and Figures of the Greatest Piano Sale in the History of the State of Pennsylvania

Our doors swing open to-morrow morning at 8 o'clock and at that time we will launch the most gigantic sale of pianos and player-pianos ever held east of the Mississippi river. We have cut prices to the heart. We will place on sale every conceivable Piano, Organ, Player Piano in the entire establishment and will sell them at prices and terms that will revolutionize the piano business. Pianos that have occupied an aristocratic position in this house for years, will be sold for a trifle over their original cost. Some of the pianos are used, some we have taken back from rental, some we have taken in exchange for player-pianos, but the majority, the big majority are brand new, high-grade instruments. **EVERY PIANO MUST GO. NOTHING CAN REMAIN. THIS IS POSITIVELY FINAL. COME EARLY. SELECT THE PIANO THAT YOU WANT. TERMS ARE HARDLY AN ISSUE.**

MR. PIANO BUYER

"Back of every effort there is a cause. The reason for this sale, its object and purpose is to clean out every conceivable Piano, Player Piano and Organ in this entire stock. This transaction represents an investment of over \$40,000, and the sooner we can dispose of the instruments the better it will suit us. We will not play favorites. We will treat each and every person just exactly alike. One man's money is just as good as another's, and it will go just as far here. The biggest bargains are naturally going to sell first. That is a matter that is up to you entirely. We advise that you come here at the earliest possible moment. Let your own judgment guide you, and if you feel that you are not sufficiently able to judge the merits of a good Piano, you can let that matter entirely in our hands. We are personally responsible and back of every transaction and statement made in connection with this sale. We cannot sell you a cheap Piano. We do not carry them."

TO THE PUBLIC

Our standing is a matter that we point to with pride and satisfaction. We have been in the retail Piano Business for years. We have sold Pianos in every Hamlet, Village, City and town in the great state of Pennsylvania. We have probably sold more Real High Grade Pianos than all of the combined retail Piano Houses in the City of Harrisburg. The People have Tested us royally. We have tried to give each and every one a square deal. Now that we are compelled to sell, we mean to give the people an opportunity to do something for themselves, by placing on sale these pianos at prices and terms hitherto unheard of.

PENNSYLVANIA BANKS IN VERY HEALTHY CONDITIONS

Banking Commissioner Smith's Report
Shows Resources in State Institutions
Increased \$127,000,000 Over
the Year 1913

Pennsylvania banks are in a pretty healthy condition and growing healthier every year, as the State Banking Department shows, and last year the resources increased \$127,000,000 over those of 1913, which is a right tidy sum to have within the confines of the old Commonwealth should we need ready money.

State Banking Commissioner Smith gives some very interesting figures in his report, just filed with Governor Tener, showing the conditions that existed on November 2, last, as compared with conditions of the same date in 1913.

Commissioner Smith's report shows that 11 savings institutions, 179 State banks and 397 trust companies had total resources in 1914 of \$1,378,644,951.78, as compared with \$1,151,308,563.16 in 1913, an increase of \$127,336,389.62.

The savings banks in 1914 had resources of \$242,575,384.94, as compared with \$233,926,521.39 in 1913, an increase of \$8,648,863.55. The number of depositors grew from 396,709 to 498,577, an increase of 1,668. Deposits increased from \$209,112,741.17 to \$217,087,377.72, or \$7,974,636.55.

Resources of State banks increased from \$217,909,733.79 to \$224,369,028.88, a total increase of \$6,459,295.09, and the depositors increased from 597,661 to 634,102, a total increase of depositors of 36,441. The amount of individual deposits in State banks in 1914 was \$94,575,443.64, a decrease of \$2,518,647.83 from 1913. On the other hand, savings fund deposits in State banks increased \$5,049,180.86 from \$56,481,321.37 in 1913 to \$61,529,502.23 in 1914, and trust funds showed an increase of \$315,397.75, the total for 1914 being \$6,231,514.17. State banks paid dividends in 1914 aggregating \$1,492,456.66.

Trust companies in Pennsylvania in 1914 reported resources aggregating \$811,700,527.96, as compared with \$779,472,306.98 in 1913, a total increase of \$12,228,220.98 in one year. The number of depositors also increased from 1,087,394 to 1,182,843, an increase of 95,488 depositors in one year. The amount of individual deposits, however, fell off \$3,389,719.39, the aggregate in 1914 being \$379,087,663.07. On the other hand, savings fund deposits in trust companies jumped from \$124,079,113.97 in 1913 to \$132,463,075.32 in 1914, an increase of \$8,383,961.35.

Trust funds in trust companies increased \$73,424,246.28 during the year, there being on hand November 2, 1914, an aggregate of \$1,160,833,273.23. The aggregate trusts administered by these institutions from \$3,532,908.54 in 1913 to \$6,630,495,882.28 in 1914, an increase of \$97,588,982.74. The trust companies during 1914 paid dividends aggregating \$11,331,693.53.

The growth in postal savings is indicated by a large increase in the United States postal savings fund deposits. In the State banks these amounted to \$98,907.55 in 1913 and \$183,240.38 in 1914, an increase of \$84,332.83. In trust companies the postal savings fund deposits in 1913 were \$787,572.84 and in 1914 they had grown to \$1,213,447.29, an increase of \$425,874.45. Postal savings funds are also deposited in national banks, which institutions are not included in Commissioner Smith's report.

SILVER GRAY FOX THIEF

Valuable Animal Is Shot After Numerous Depredations

Williamsport, Dec. 7.—The killing of a beautiful silver gray fox on the outskirts of Galeton has solved the mystery of a series of chicken thefts with which the town has suffered for three months. The animal, one of the finest specimens ever captured, was killed by Carl Schoendorfer as the young man was on his way to the woods near the town to hunt rabbits. Schoendorfer saw the animal slinking away from a poultry house of a resident near the edge of town.

NEW CHURCH DEDICATED

\$60,000 Grace Methodist Episcopal, of Altoona, Is Opened

Altoona, Dec. 7.—The new Grace Methodist Episcopal church was dedicated yesterday. Four services were held. The Rev. Dr. John Krantz, of New York, preached at the morning service, and the Rev. Dr. B. H. Hart, of Harrisburg, in the evening. Grace church was erected at a cost of \$60,000. It is one of the most beautiful and convenient in Central Pennsylvania. In architecture, it follows classic Greek lines.

Vaccination Case in Lebanon Court

Lebanon, Dec. 7.—The December court of common pleas convened here to-day. The list of cases includes several of more than ordinary interest, among them the suit of Harvey Lefley, of West Lebanon, against Dr. E. H. Gingrich, the city's health officer, for damages resulting from the alleged compulsory vaccination of a daughter of Lefley, who was employed by the Lebanon Box Company.

Diphtheria at Bainbridge

Bainbridge, Dec. 7.—There is an outbreak of diphtheria in this section and the Ebersole school house, where the children were attending school, has been ordered closed. The outbreak was due to the fact that several families who had the disease tried to treat it themselves.

Falling Rock Injures Workman

Marietta, Dec. 7.—A foreigner employed at the Chickies quarries was badly injured Saturday by being struck with a huge rock which fell from overhead. He was rendered unconscious from the blow. His left hand was badly mutilated.
