### To Purchase Game

C. E. Brewster, of Michigan, long connected with the Bureau of Ethnology in Washington and familiar with game conditions all over the United States, was at the Game Commission's office to-day conferring with Secretary Kalbfus on the purchase of game with which to stock the Pennsylvania preserves. It is the intention of the Commission to make extensive purchases of quail and other wild birds for breeding purposes in order to restock the Pennsylvania fields. These birds will be placed in the localities best adapted for breeding purposes, and afterwards may be hunted by any hunter with a license. It is also proposed to pay the expenses of purchase from the hunters' license fund. Mr. Brewster is in touch with dealers in the West who have quail to sell as high as \$33 per dozen, but that kind will not be bought for this State.

### State's Inventory

The inventory of every bit of property, real or personal, belonging to the State no matter where located, is now being completed by the Commission headed by Executive Controller Told and the data secured will be ready for the Governor to incorporate in his message to the Legislature. It will be the first time on record when the State will know the exact value of all of its belongings. The sum total in millions will be amazing.

Chief Klensing, of Chambersburg, telephoned the jail here relative to the matter and got a description of the man which, he said, tallied in many details with that of Manning.

### MAYOR WELCOMES NEW CAR

Unprecedented Reception on Part of New England Public of Dodge Brothers' Automobile

An official reception by Mayor Curley, newspapermen and public officials of Boston was part of the welcome awaiting the first Dodge Bros. car shipped into New England territory last week. Not only the staid citizens of Boston, but hundreds of out-of-town visitors were on hand to obtain their first view of the new car.

"The occasion was absolutely unique for this section of the country," wired H. D. Day, New England representative for Dodge Bros. "Over fifty decorated cars were on hand and led by the mounted police. The entry of Dodge Bros. first car into Boston was a sort of triumphal affair."

Over 5,000 people visited the salesrooms of C. S. Henshaw, following the parade, to inspect the new car. Mr. Henshaw reports many sales in the first twelve hours, the car stood on his floor, although he and his salesmen were kept constantly busy explaining the many features of the new car, and made little or no effort to take orders.

### MACALARNEY GOES TO TRIBUNE

Former Harrisburger to Become City Editor of New York Newspaper

Robert E. MacAlarney, formerly of Harrisburg, the announcement of whose retirement as head of the Pulitzer School of Journalism in Columbia University was made some time ago, will remain there until next June, and then assume the city editorship of the New York "Tribune."

Since the announcement was made of Mr. MacAlarney's intention to retire from the Pulitzer school he has had a number of offers, but the place on the "Tribune" is most congenial to him.

Mr. MacAlarney is a native Harrisburger, the son of the late Joseph C. MacAlarney, who was prominent at the Dauphin county bar. His first newspaper experience was gained in this city.

### VICTORIA SPECIAL TO-DAY

The funniest Keystone comedy ever offered in Harrisburg, featuring Mabel and Fatty in bathing suits, is "The Sea Nymphs," a ripping two-reeler, which heads an excellent bill of above the average photoplays at the Victoria theatre, 223 Market street, to-day only.

Fatty, with wife, mother-in-law and implements in the shape of numerous boxes, bags and bundles, goes for an outing at Santa Catalina Island. On the steamer he is badly smitten. Mabel is traveling with the parental necessity—a very significant-looking little father with side whiskers. Fatty unaware of the relationship interferes with the old duck flirting with the young chickens and pitches him overboard. The whole party then goes swimming and Fatty and Mabel give a diving exhibition and the thrilling

program concludes with Fatty getting his and Mabel is dragged unceremoniously off by her enraged parent.

Equally full of thrills is "Lieut. Daring and the International Jewel Thieves," a three-reel special, which also is at the Victoria to-day. Exciting adventures, plots and counter-plots intermingled with daring escapes comprise every inch of the film.

Another Keystone comedy, which is full of fun, is "The Wild and Woolly West," in one reel and "The Pathe Daily News," showing latest views on the big war, conclude to-day's Victoria program.

Election Returns Show National Prohibition Has Been Defeated

Wellington, New Zealand, via London, Dec. 11, 10.15 A. M.—The election returns though incomplete indicate that the licensing position is unchanged and that national prohibition has not been carried. The prohibitionists received a set back in several places.

The returns give the government 38 members of Parliament, the Opposition 30 and the Labor Social Democrats 8. As the latter support the Opposition party the strength in Parliament is equal, though the votes of the soldiers abroad are yet to be counted and may affect the result.
