Ballet Girls in Serious Dilemma
Copenhagen, Dec. 11.—Girls of the Royal Danish ballet are placed in a serious dilemma. They cannot get ballet shoes from Paris. The ballet shoes manufactured here are so heavy that the girls cannot dance with them. If the conditions do not improve, the ballet master will be compelled to arrange ballets with naked foot dances.

To Reorganize Board of Trade
Lebanon, Dec. 11.—A reorganization of the Lebanon Board of Trade is in prospect as a result of a special meeting of that body held last night, at which the resignation of Frank P. Hamman, as secretary, was accepted, and at which President George D. Krause also announced that he will not accept a re-election.

Professor Munsterberg's prediction that the war will last from twenty days to twenty years is what might be called a fairly safe guess, psychologically considered.

GERMANS AND ALLIES ON THE AISNE IN THE POSITION OF TWO MONTHS AGO.

Very little change has occurred in the positions of the Germans and Allies in France during the last two months, as will be seen from the above map. In Belgium the lines have been extended to the sea near Ostend, and this position also has been held for several weeks. Latterly the French report a slight advance in the region of Vermelles and the Germans have been bombarding Oost Dunkerke, near Ostend, while the war ships bombard them.

DARING RAID ATTEMPTED BY GERMAN SUBMARINES IS DEFEATED BY BRITISH

London, Dec. 11.—A dispatch from Dover says that three German submarines, which took part in an attempted submarine raid upon Admiralty Harbor there, have been sunk after a heavy fusillade by the land batteries.

The attempted raid was made under cover of darkness at 6.30 o'clock yesterday morning. Six submarines took part.

The first alarm on shore was given by the firing of big naval guns. Soon all the land batteries were in action. The fusillade lasted for some time and at least 200 shots were fired. The dispatch says that the submarine did no damage.

Dover is opposite the French town of Calais and is one of the chief ports of communication between England and the continent. The Admiralty Harbor, comprising the equivalent of 510 acres, is the finest harbor of refuge in the channel. Its construction was begun in 1898 and completed in 1909 at a cost of \$17,500,000.

The western limit of the older commercial harbor and the Admiralty Harbor is the Admiralty Pier. The commercial harbor is bounded on the east by the Prince of Wales Pier, while the east arm of the Admiralty Harbor is built out from the shore, to the east of Dover Castle. There are numerous forts guarding the entrance.

Early in November a German squadron was reported to have made a raid in the English Channel and to have bombarded Yarmouth fortifications. Official sources were silent about this raid which had little effect other than to cause disquiet on the eastern British coast.

But on November 11 a German submarine entered the Downs and sank the gunboat Niger, which was lying off a pier at Deal, a port on the Kentish coast, eight miles from Dover. The Niger was the water lying between the coast south of Dover and the Goodwin Sands.

A few days later the Admiralty announced that a German submarine had been sunk by a patrol ship on the north coast of Scotland. German submarines also attacked British merchantmen near Havre and sank or wrecked two ships.

GOLD COAST GIVES \$700,000 TO THE BRITISH WAR CHEST

Washington, Dec. 11.—Offers of nearly \$700,000 from the legislative council of the gold coast, West Africa, toward Great Britain's war expenses were reported to the British embassy yesterday from the Foreign Office. The cablegram said:

"Operations in the capture of Togoland in connection with the wireless station at Kamina cost about 60,000 pounds sterling.

"The legislative council, gold coast, has resolved to meet all expenditure incurred in this connection as proof of loyal support and sympathy in righteous war in which British empire is engaged. Eighty thousand pounds will be contributed to His Majesty's government in 1915 by gold coast toward expenses of war.

"The Sultan of Zanzibar has issued a most loyal address to the Moslem community of coast region of East Africa protectorate."

Germany for Holiday Truce
Berlin, Dec. 11.—Immediately Germany received the suggestion of Pope Benedict for a truce among the warring nations during the Christmas holidays, an affirmative reply was sent to the Vatican. The reply, however, was conditional on the acquiescence of all the other belligerents in the Pope's suggestion.

Russia to Purchase Wheat Abroad
Rome, Dec. 10, 11.39 P. M.—(Delayed in Transmission).—The government has authorized municipalities to purchase wheat abroad. Under normal conditions such purchases are forbidden. Banks have been authorized to make loans to the municipalities for this purpose thus relieving the situation.

1,100 Turks Captured
London, Dec. 11.—The Indian Office reports that about 1,100 Turkish prisoners, exclusive of wounded, and nine guns were captured at Kurna, on the Persian Gulf, which was occupied on December 8.

CZAR'S VISIT TO TIFLIS RELIEVES APPREHENSION

Petrograd, via London, Dec. 11, 5.45 A. M.—The arrival of the Russian Emperor at Tiflis and the enthusiastic reception he has received in the Caucasus relieves considerable apprehension which has prevailed regarding that section of the country. His arrival at Tiflis is chronicled to-day.

The apprehension regarding the Caucasus was due to the fact that emissaries of the Turks and the Germans had started a propaganda in that region promising the Georgians a re-establishment of the old Georgian kingdom and enlisting Mohammedan sympathy for Turkey. Nobody doubted the sentiment of the Armenians and the cultured Mohammedans and Georgians, but many doubted the illiterate Georgians and Mohammedans who constitute three-quarters of the population of the Caucasus. The Emperor's trip and reception have now dispelled all fears.

ALMANAC'S MANY CHANGES AS A RESULT OF THE WAR

Berlin, via The Hague and London, Dec. 11, 4.10 A. M.—The new edition of the Almanac De Gotha has appeared and presents numerous changes as a result of the war. Names in number of places appear in small type with the simple comment that the person has fallen in battle and the date and place is given.

A noticeable change is the fact that the sovereigns have generally divested themselves of the titles and decorations conferred by nations with which they are at war, but Emperor William is still carried as a doctor of Oxford and a Knight of the Garter, while Prince Henry is given as chief of the Russian Hussar regiment and as a British admiral. The Russian Emperor is no longer titled as the chief of Austrian regiments but like King Albert of Belgium, is still credited as a knight of the Black Eagle. The King of Montenegro is carried as an honorary commander of an Austrian regiment and as a Knight of the Black Eagle.

DETAILS OF VICTORY CLAIMED BY SERBIANS OVER AUSTRIANS

London, Dec. 11, 9.10 A. M.—A dispatch from Nish, Serbia, to Reuter's Telegram Company contains a statement giving additional details of the recent overwhelming victory over the Austrians claimed by the Serbians in Northwest Serbia.

"The pursuit of the enemy is proceeding along the whole line," says the statement, "especially on our left and center."

The statement reviews the fighting from December 3 to 7 inclusive, estimates the total prisoners at upwards of 2,000 and enumerates an immense and varied assortment of war material captured, including an entire artillery depot.

War Names for Cats and Dogs
Paris, Dec. 11.—The generation of cats and dogs of 1914 in France will be recognized as long as they live by their war names. "Turco," "Tommy, Atkins," "Goumier," "Ghurka," "Guerrier," "Chasseur," "Dragon," "Trafalgar," "Blanc," "Belge" are among the most popular of the many names derived from passing events which fond owners give to their four-footed pets.

Christmas Turkeys Scare in London
London, Dec. 11.—Most of London's Christmas turkeys come in ordinary times from Serbia, Hungary, Russia, Italy and Southern France, and all of these sources will yield only a fraction of their usual supply this year. The shortage is expected to bring a corresponding increase in prices.

6,000 Convicts Released
London, Dec. 11.—The Home Office reports that about 6,000 convicts were released from the prisons of the British Empire on December 8.
