MAY ESTABLISH MUNICIPAL HOSPITAL IN ALMSHOUSE

Plan Is Being Considered of Putting It in Quarters Now Occupied as Tubercular Ward Whose Patients Would Be Provided for Elsewhere

The abolition of the tubercular ward in the Dauphin county almshouse and the transfer of its dozen patients to an institution where they can receive the same if not better treatment, has been suggested as a means of providing quarters at the almshouse for the Municipal Hospital which is proposed by the Directors of the Poor as a place for the treatment of patients suffering with transmissible diseases.

Should the Poor Board decide to open the Municipal Hospital in Providence, R. I., it will be the means of saving primarily at least, the cost of constructing a hospital building. However it is estimated that the cost of building and equipping a hospital would not exceed \$10,000. That estimate is based upon reports of similar institutions which now are being operated in other cities.

Data obtained regarding the Municipal Hospital in Providence, R. I., through a Harrisburg girl who until recently was a nurse in that institution, shows that the initial cost of constructing and equipping the Providence hospital was but \$22,052. However, that hospital is built on a larger scale than would be necessary in Dauphin county since provision was made there for taking care of a hundred or more patients at one time.

During one year exactly 619 patients were enrolled in the Providence hospital. The average stay of the patients was thirty-five days while the average daily population was 71. The average cost was \$1.52 per capita. This included the month of January and February when there were no patients in the hospital and also included the cost of new equipment purchased during the year.

The Directors of the Poor, it is expected, will take some action toward establishing a hospital in this county in their January meeting.

GENERAL RISE IN STOCKS IN OPEN TRADING SESSION

Participated in by the So-called International Group, Most of These Issues Making Conspicuous Gains Over July 30 Prices

By Associated Press.

Wall Street, New York, 10.30 A. M.—The first open session of trading in all the shares listed on the Stock Exchange began to-day with a further general rise which was participated in by the so-called international group, including Union Pacific, Southern Pacific, Canadian Pacific, Baltimore and Ohio and U. S. Steel. Most of these issues made conspicuous gains over July 30 prices, particularly steel and Canadian Pacific. Steel was offered in large blocks and Southern Pacific also changed hands in round amounts. The balance of the list was inclined to resume its upward movement of the two preceding sessions. Within the first fifteen minutes, however, it became apparent that offerings were in excess of demand and numerous substantial recessions set in with declines of 1 to 3 points below yesterday's closing.

Business fell away during the first hour and prices continued to sag. Before the end of the morning session practically nothing remained of the opening gains. Instead, declines of 1/2 to almost four points from top figures were general. Union Pacific was heaviest of the high grade shares. There were indications also of moderate selling in steel, Union Pacific and Baltimore and Ohio for foreign interests. Bonds were less active and irregular.

BUILDING THOUGHT UNSAFE

Contractors' Witness Says He Would Not Live in the House at 603 York Avenue

The hearing in which Judge McCarrall is asked to make peremptory a preliminary injunction restraining Building Inspector James H. Grove from razing the three-story brick property at 603 York avenue, dragged along to-day with the sixth witness on the stand all of the morning and most of the afternoon.

It is expected that the case will not be given over to the court for decision for a week or ten days. Three or more witnesses yet must be heard, and the city will not open its case before the latter part of the week.

The York avenue house belongs to John Wagner, who is made a party defendant to the proceedings and who, it is alleged, by James J. Lynch and W. P. Martin, the plaintiffs, entered into a conspiracy with Grove to cheat the contractors out of something like \$2,600.

One of the side walls of the building bulged several inches and it was condemned by the Building Inspector. The contractors declare they were compelled to "go ahead with the work and finish the work" during winter time and after the owner discovered the flaw. One of the witnesses for the contractor this morning said he considers the building to be dangerous and added that he "would not take a chance at living in it."

IN COLLECTORSHIP RACE

Friends of Mr. Harris and Other Candidates Do Not Concede Warren Van Dyke Will Get Plum

Despite the alleged "straight tip" that Warren Van Dyke, of Carbon county, secretary of the Democratic State committee, is sure to get the appointment as Internal Revenue Collector to take charge of this revenue district when Collector Fred C. Kirkendall assumes charge of the Scranton district, it is not at all certain that Mr. Van Dyke is to get the appointment, as the friends of the other aspirants for the place are still active and busy and do not concede that the decision has been reached.

The friends of George A. Harris, of McConnellsburg, are by no means letting up in their efforts to get the appointment for him. Three strong Democratic Congressmen are working in Mr. Harris' interests, and this may materially change the situation. Congressman Derheim, of the Seventeenth district, who Mr. Harris resides near; Warren Worth Bailey, of the Nineteenth district, and Wood N. Carr, of the Twenty-third district, are reported all to have declared for Mr. Harris.

Warren Van Dyke, who is favored by some, but not all, of the leaders, is referred to as having resided in this district but a short time, coming here from Carbon county, the home of Fourth Assistant Postmaster General James I. Blakely, who is backing him. The friends of Dr. M. M. Dougherty, of Cumberland, are just as sanguine of his chances, but his opponents say that Dougherty was a last hour convert for McCormick and should not be considered, while many Democratic leaders of Cumberland county have endorsed Harris.

T. Kittera Van Dyke, of Harrisburg, has been very active in presenting his claims to the State leaders, and it is said that he has strong backing. The Dauphin County and Harrisburg City Democratic committees who are said to be back of Howard W. Jones, treasurer of the county committee and president of the Central Democratic Club, have not in the least relaxed their efforts to secure the appointment for him.

LATE WAR NEWS SUMMARY

Continued From First Page.

vicious to the southern extremity of the wedge thrust by the Germans into the French line.

Such confident claims have been made by the allies during the last week concerning the success of their new movement against the German line that the Berlin military authorities have issued a special statement to contradict them. The French official statements, in particular, have recorded a long series of victories, including the destruction of a number of German batteries, the capture of trenches and the rout of the German infantry attacks along almost the whole line. The German statements, however, have said that there is little activity and to-day's announcement from Berlin characterizes the French report of December 12 concerning the destruction of batteries and capture of trenches as "a pure invention."

The definite statement is made in Rotterdam that the Germans have begun a retreat, falling back in Belgium toward a prepared line further from the coast. Official confirmation was lacking, however.

It is announced in Berlin that the Turkish cruiser Midilli, formerly the German warship Breslau, has bombarded the Russian Black sea port of Sebastopol, although with what effect is not stated. The Sultan of Turkey, addressing Parliament, asserted that Turkey had been forced into the war by the hostile acts of Russia, France and England.
