BUGREY JENNINGS IS NOW MENTIONED FOR YANKEES

Detroit Manager Is Latest Candidate Under the Ownership of Colonel Jacob Ruppert—Donovan to Get His Job With Tigers

New York, Dec. 15.—Hugh Jennings, manager of the Detroit Club, is the latest prospective candidate for the management of the New York Highlanders, under the ownership of Jacob Ruppert, the brewer.

Captain Huston, who is to be associated with Colonel Ruppert in the ownership of the Highlanders, was brought into close touch with Jennings last week by John McGraw.

Jennings has led the Detroit Tigers for eight years. He won three pennants and has always had a fighting team. Some critics have ascribed his success to the presence of Ty Cobb on the team, but Hughy was won without Cobb.

When Navin purchased the Providence Club he sent Donovan from Detroit as manager, and later put him at the head of the club. Last summer Joseph J. Lannin, president of the Boston American League Club, bought the Providence Club from Navin.

It is believed that the New York Club will give up Fritz Maisel and three or four others Donovan can make a strong contender of the Tigers next season, leaving Jennings free to reconstruct the Yankees with material contributed by other American League clubs and picked up by capable scouts.

PASKERT MAY JUMP

Pittsburgh Feds Make Dode Good Offer to Leave Phillies

Cleveland, O., Dec. 15.—Rebel Oaks, manager of the Pittsburgh Federal League club, tried hard yesterday to get Dode Paskert, of the Phillies, to jump to the outlaws, and as a result of his arguments Paskert is likely to serve his ten days' notice upon the Phillies. Paskert has a contract that calls for his services with Philadelphia until 1915, but, as it contains the ten days' clause, Paskert says he is free to jump after he has served the necessary ten days. "I like Moran," says Paskert, "but the Feds will give me much more for the Phillies are paying."

BELGRADE IS RETAKEN BY SERBIANS IN FIERCE FIGHT

London, Dec. 15, 1.25 A. M.—The Servians, after a fierce battle, have re-occupied Belgrade, according to a Nish dispatch to Reuter's Telegram Company. A striking feature of the day's official news is the candid admission by the Austrian government of the defeat of the Austrian army in Serbia and apparently of the abandonment of its third attempt to invade the territory of its small Slav neighbor.

While attributing the failure to the enemy's superior force, as all government bulletins explain failures, the Austrian War Office announces plainly an extended retirement and heavy losses.

"New decisions and measures consequently will be taken to repel the enemy," says the Austrian statement. Apparently this means that the Austrian army directed against Serbia will assume a defensive line.

The Servians claim to be pressing home their victory with more captures of prisoners and to have driven part of the invading army across the Drina river. Moreover, they express confidence that they are about to retake the capital and expel the invaders from Servian territory.

Rome, Dec. 15.—Both French and Russian infantry are fighting in the armies of Serbia and Montenegro, according to a dispatch from Prague to the "Giornale D'Italia."

Three different times since the war began, it has been reported that troops have been sent to reinforce the Servians. In the latter part of November a dispatch from Sofia to London said that fifteen Russian regiments had made the trip by boat up the aube, through Rumania and between Rumania and Bulgaria to the Servian border.

Ten days ago the Central News correspondent at Amsterdam forwarded a report from Berlin that transports, conveyed by French and British ships, had landed troops at Antivari, on the Montenegrin coast. It was later asserted, although without apparent authority, that these troops were Russians who had made the long journey by sea from Archangel. It is at least a striking coincidence that the successful resumption of the Servian offensive occurred a few days after the reported arrival of the transports at Antivari.

PORTUGAL'S NEW MINISTRY IS ONLY PARTLY ENDORSED

Lisbon, Dec. 14, Via Paris, Dec. 15, 4.45 A. M.—The Chamber of Deputies today adopted a resolution declaring its confidence in the new Ministry by a vote of 39, but a similar resolution in the Senate was rejected by a vote of 27 to 26.

The new Portuguese Cabinet has been in office only a few days. It is headed by Victor Coutin as Premier. The new ministerial declaration was read in Parliament yesterday by the premier. Its chief points were a defense of the republican regime and it called for the execution of various measures and resolutions voted by the Portuguese Parliament on November 23 concerning the participation of the country in the war in Europe or other parts of the world where Portugal may be called to take up arms either in defense of territory or by reason of treaty obligations with Great Britain. The declaration also contained an announcement that elections would be held at the earliest date possible.

GERMANS GRIEVE OVER DEATHS IN NAVAL BATTLE

Berlin, Dec. 15, by Wireless to London.—An official statement given out at headquarters to-day contains copies of telegrams exchanged between Emperor William and Johannes Kaempf, President of the Reichstag, regarding the naval battle of the Falkland Islands.

In answer to the telegram of President Kaempf regarding the German loss in this battle, in which Herr Kaempf said that the nation was one whose gracious hand we humbly receive fortune, misfortune, joy and sorrow, will turn this most difficult hour into a blessing of the fatherland.

FRENCH EASILY REPULSED IN ATTACKS ON GERMANS

Berlin, by Wireless to Saville, Dec. 15.—An official report given out at headquarters late last night said: "The French have made weak attacks against our positions between the Meuse and Vosges, but these were easily repulsed. There were no important events on the west front, in east Prussia or in south Poland. Our operations in north Poland are developing. The following remarks are made regarding Russian and French official reports: "Southeast of Cracow we continued our offensive. We took several German guns and machine guns and made about 2,000 prisoners."

"Not one man, not one gun or machine gun there has fallen into Russian hands."

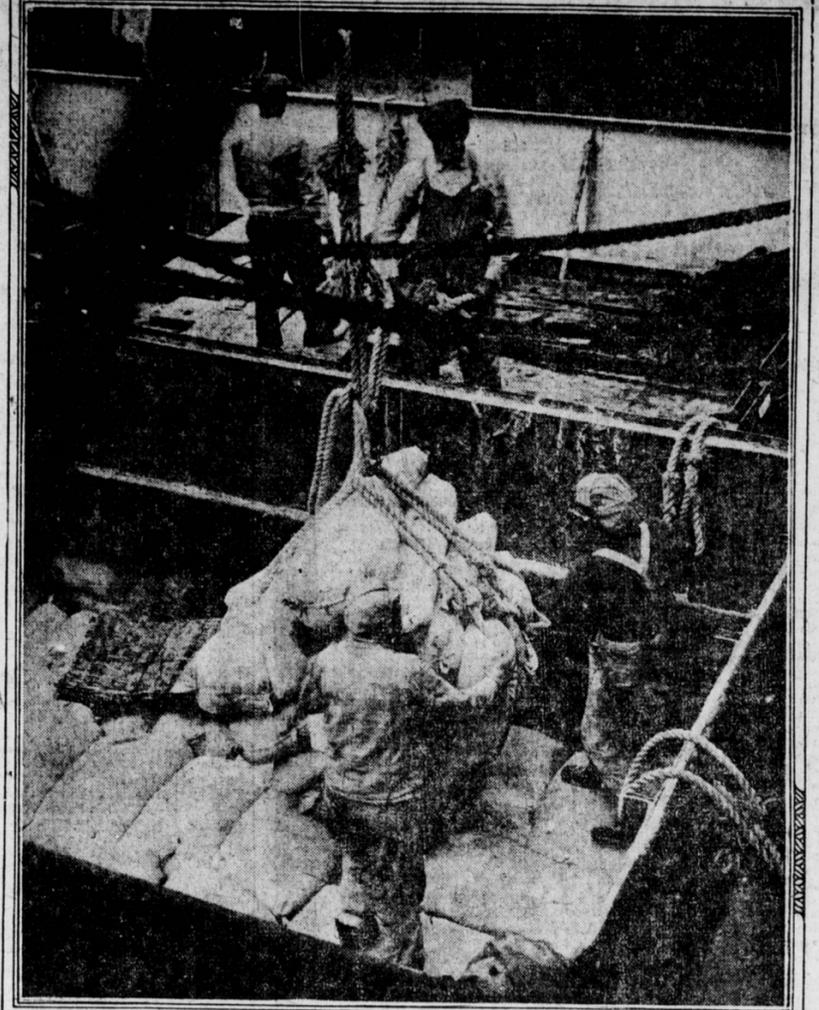

The official Paris bulletin of December 12 states: "Northeast of Vailly one German battery was completely annihilated and at Deuonouds, to the west of Vigneuilles-Hattouchatel, two German batteries were destroyed, one of heavy calibre and one destined to fight aeroplanes. In the same region the French have destroyed a block house and several trenches."

"All this is pure invention."

Payment of War Tax on Belgium

Paris, Dec. 15, 4.50 A. M.—A dispatch from Havre to the "Matin" says: "According to news which has reached the Belgian government, the German governor general of the occupied territory in Belgium has ordered the provincial councils to meet on December 17 to take the necessary measures for the payment of the war tax of 350,000,000 francs (\$70,000,000)."

AMERICAN FOOD FOR STARVING BELGIANS

LOADING FOOD GOING TO THE BELGIANS. The appeal of the starving Belgians for food was met by the American people with a hasty response. Shiploads of foodstuffs and clothing have been sent to the unfortunates in the heart of the war zone, and, despite the awful conditions, there will be some cheer at least. The accompanying picture shows the loading of a vessel with some of the good things that the American people in their goodness have provided for the stricken people.

GREEK INTENTION TO FIGHT INDICATED BY PURCHASES

New York, Dec. 15.—Persistent purchases in the United States of supplies of all kinds by the Greek government since the beginning of the European war have convinced manufacturers and exporters here that Greece is making deliberate preparations to enter the war in the not distant future. As nearly as could be estimated yesterday by persons conversant with the situation it was figured that the Hellenic government has expended \$10,000,000 in the United States since September.

Local custom house export figures for September and October last, with November estimated, fix the total exports from this port alone to Greece in the last quarter at approximately \$5,483,603, compared with about \$325,526 for the corresponding three months in 1913.

THE BRITISH HAD LOST 3,466 OFFICERS TO NOVEMBER 30

Correspondence of the Associated Press. London, Dec. 3.—The officers' casualty list for the week ended November 30 were made public to-day. It shows that in these seven days the British forces on the continent lost 79 officers killed and 141 wounded, and that 33 were reported missing. This gives a total of 253 for the week.

Added to the previous totals the last report shows that since the outbreak of hostilities Great Britain has had 966 officers killed and 1,918 wounded, while 582 have been reported missing. The total of casualties of officers up to date is, therefore, 3,466.

DUCKS ARE USED BY SPIES TO SIGNAL THE SERBIAN ARMY

Correspondence of the Associated Press. Mitrovitz, Croatia, Dec. 1.—Serbs are now convinced that the employment of ducks as allies is a "quack" system of strategy. Their spies in this town, which is Austrian territorially, but Serb to the core, used ducks on the River Save to indicate the strength of the Austrians to their friends, the Servians on the other side. The number of companies of Austrians in Mitrovitz was indicated by the number of ducks let loose to swim on the Save.

One day there were no ducks. The Austrians had apparently evacuated, and a division of 17,000 Serbs marched in. That night while they were celebrating their occupation of the town the Austrians swooped down and took 14,000 prisoners.

The explanation was that the Austrians became aware of the uses to which the ducks were being put, and turned their information to good account.

Child Labor Arrest

TIME LIMIT REPORTED SET FOR TURK REPLY TO ITALY

London, Dec. 15.—A dispatch to the "Daily News" from Rome, dated yesterday, says: "The Foreign Office has not yet received any communications from Constantinople concerning the Hodeidish incident and the violation of the neutrality of the Italian consulate by Turkish gendarmes. A time limit for Turkey's reply probably has been fixed."

"A royal decree has been issued calling under arms on January 4, 1915, for twenty days, soldiers and non-commissioned officers of the fire category of the classes of 1887 and 1888, belonging to the mountain artillery."

"About 200 so-called neutralists, all pro-Germans, held a private meeting, protesting against the possibility of intervention by Italy. After the meeting the neutralists were mobbed by a large crowd. Many were soundly beaten and others were pelted with coppers, implying that the neutralists had been paid by Germans."

FRENCH STILL ATTACKING THE GERMAN LINES BETWEEN ST. MIHIEL AND METZ. In the light of the latest Berlin official despatches, which mention Apremont as held by the Germans after a silence of weeks, it is evident that the French artillery attack on Deuonouds was made from the west and not from the south, so that the Germans still hold the road from St. Mihiel to Metz, though sorely pressed by the French on the south. The Berlin report mentions a wide attack on this front, the French advancing from the direction of Flirey.
