Members of Roberta Disbrow Lloyd Sunshine Society Plan to Dispense Christmas Cheer

The latest evidence of the helpful interest of the people of Harrisburg in the work of the Roberta Disbrow Lloyd Sunshine Society, is shown by the generous offer of A. Floyd Hopkins, of the Orpheum, in giving the use of two boxes for next Wednesday's afternoon performance, that the little cripple children, cared for by this society, may have the great pleasure of seeing Santa Claus at the Orpheum.

The use of automobiles, for the purpose of carrying these little people to and from the Orpheum, would be a bit of sunshine, with part of some of our friends, gratefully received.

The members of the society gratefully acknowledge all the interest and help of the good people of our city, toward the consummation of their aims.

Nearly Freeze?

Br-r-r-r!
More coal, more coal—the furnace demands the lower the temperature drops.

But—with the increased consumption of coal is there a corresponding increase of heat?

Kelley's Coal will give more heat for the same money because it's good coal and clean coal.

Best for the average furnace is Kelly's Hard Stove at \$6.70.

Will Gather Together Clothing, Toys and Food

Desirous of supplementing the admirable work now being done by the various charitable organizations in Harrisburg, it is the purpose of the Camp Hill Camp Fire girls to collect toys, food and clothing which any resident of Camp Hill may be disposed to give. Any one who has clothing which their children have outgrown or do not need, may dispose of it and feel that it is going to help someone who needs it to keep warm this winter.

The means the Camp Fire girls will have of knowing where they may call for clothing will be through Mrs. L. H. Dennis, Mrs. A. E. Strode, Mrs. William M. Dennison and Mrs. George W. Kehr, who will see that the information is imparted to the Camp Fire girls, who will call anywhere in Camp Hill Tuesday, December 22.
