"As a remedy for tais, I would recommend that one special policeman be appointed by Council from each ward of the borough. I would suggest that these special police be selected from the members of the fire patrol, inasmuch as these men now have police power. I make this suggestion, too, because these men already have uniforms which would be appropriate for police duty. These special police should be approinted to fill demands made by the public for special occasions. special occasions.

"I base my reasons for the above request on the argument that during the year there has been times when the entire patroling force has been engaged on special duty at entertainments, etc., leaving the borough without any police protection, other than the officer in the central station. Furthermore, if we have meet for evit patriculars. meed for six patrolmen for one night we have meed for six patrolmen 365 nights of the year and there should be a substitute when patrolmen are off duty.

"I trust that Council will soon appoint a desk officer, as was promised about a year ago, so that the night sergeant can be placed back on his former.

"I would further recommend that a cell be fitted up in the lockup for the accommodation of females, as conditions there now are unsanitary and inhumane. We must not forget that the offenders in our lockup are not convicts—merely awaiting a trial—and I think a more suitable place should be fitted out especially for the weaker sex."

"I trust that these recommendations will be given due consideration and acted upon as soon as possible by Council."

Will Act on Suggestions
The recommendations made by Burgess Wigfield will be considered by Council at a later meeting. Progress was made on the removal of snow from the borough streets occupied by the tracks of the Harrisburg Railways Company when it was decided to charge half the cost of the removal to the traction company, the other half to be horne by the borough. A resolution to this effect will be presented at the next meeting of Council. Councilman Wagenbach, of the Third ward, fathered the snow removal proposition last winter, but it slumbered in committee until last month, when the Third ward Councilman had it resurrected and favorably acted on.

Women Afraid of the Place, Says Sentenced Firebug
Easton, Pa., Jan. 5.—Floyd Lockhart, aged 34, married and the father of four children, was yesterday sentenced by Judge Stewart to serve six years in prison for burning down the abandoned grist mill of Jacob Andrews, of Columbia, N. J., at Bangor, this county.

Asked why he had committed the crime, Lockhard said several women had told him they were afraid to pass the place at night for fear that some one would attack them; that they gave him liquor, and after he became drunk he fired the place.
