### STOCKS SHOW WEAKNESS. IN IMITATION OF LONDON

American Securities Were Off From Substantial Fractions to One and a Half Points, Canadian Pacific Be-

By Associated Press.

New York, Jan. 5.—80 far as it showed any tendency, to-day's early stock market was inclined to follow the lead of London, where American securities were off from substantial fractions to 1½ points, Canadian Pacific being weakest. The copper group also reflected moderate local pressure and among specialties Rumely pfd. declined five points and Mexican Railways 1st pfd. eight points. Union Pacific, which opened at a slight gain, soon fell back, and New York Central, one of yesterday's strongest features, also reyesterday's strongest features, also re-acted. Dealings were of a light and professional character, with general re-coveries at the end of the first half

hour.

The case with which prices advanced after the early irregularity suggested a scarcity of stocks. Trading became more active, the business of the morning session, especially the first hour, being well up to normal. The four leaders, Steel, Amalgamated Copper, Union Pacific and Reading, all solid above yesterday's best and Bethlehem Steel approached to within a fraction of the price of U. S. Steel. New York Central new consolidated stock was in demand at a slight advance. Louisville and Nashville, Atlantic Coast Line and Mexican Railways and the pfd. teuched minimum prices. Bonds were steady.
