

JANUARY SALE OF WHITE GOODS

COMMENCES TO-MORROW

Greater preparations have been made for the January Sale of White Goods than we have ever undertaken for any similar event in the past, and conditions have conspired to make this annual event of more than ordinary interest to those who seek high-class merchandise at uncommon savings.

Within the last few months cotton has reached its lowest price in years, and general conditions in the industrial world have made reputable manufacturers eager for orders.

As a consequence of these conditions we have been able to buy an unusually fine assortment of beautifully made undermuslins from superior grades of material at about the lowest prices ever quoted to us.

The trimmings to be found on the garments that enter this notable sale are rich in quality and dainty of design, and each piece in the making shows the same care and skill that characterizes our displays throughout the year.

The most favored materials are crepe de chine, china silk, batiste, nainsook and crepe and the trimmings are of batiste or organdy embroidery, Val., filet and princess lace insertion and lace, exquisitely touched up with ribbon chiffon roses.
