"Ine Line-Up" at the Victoria

The greatest motion picture sensation ever shown in Harrisburg is "The Line-Up at Police Headquarters," introducing New York's most famous detective and Police Commissioner George S. Dougherty, which is to-day's special feature headliner at the Victoria Theatre, 223 Market street. The world's greatest authority on criminal identification appears in each reel in this triumph of motion picture photography. The great film is in six big reels and contains 700 seenes and 500 players. Among the thrilling parts of this great story are a battle on a Curtis flying boat going at 60 miles an hour; Dougherty's fight for his life with his bare hands; a dive from an ocean greyhound and a fight in the water; a raid in Chinatown and leap from the roof of a skyscraper; a modern safe robber at work; actual demonstration of the workings of the Bertilion system, the thumb print test and the third degree. Without doubt there is a thrill to every foot of the film.

Another winner at the Victoria to-day is "Gussle the Golfer," an exceptional Keystone comedy in one reel.—Adv.*

feat Russia states was inflicted on the Turkish forces which invaded the Caucasus. The report speaks of minor victories over the Russians by Turkish forces which penetrated Northern Persia, and of indicistve naval battle between Turkish and Russian warships on the Black Sea.

Activity of Germany's Zeppelins along the French coast has revived conjecture as to a possible raid on England by these huge air craft. Several of the dirigibles are reported to have appeared near Dunkirk, and are then said to have turned toward the English coast.

The reported arrest of Cardinal Mercie at Brussels on account of a pastoral letter in which he is said to have advised Belgian civilians not to recognize the authority of the German administration has developed one of the striking incidents of the war. Pope Benedict is making an inquiry, having received no official confirmation of the report. It is said at Rome that should its truth be established the Pope would protest to Germany.

Early in the morning of the 25th day of

Hastily summoning some companies

So unusual and unexpected a charge threw the Spaniards into complete disorder, and, being at once set upon by the islanders, scarcely a man escaped to the ships, several guns which had been landed falling as spoil to the conquerors.—Exchange.

For the first time since London's resumption, a few international issues showed small gains, but these were offset by losses, some of which ranged from 1 to 2 points.
