FIGHT FIRE WITH OIL

Connecticut Firemen Find It a Winning Substitute For Water

Bridgewater, Conn., Jan. 7.—Fifty barrels of oil stored in an outbuilding of the estate of George Jennings, among the millionaire colony at Green Farms, Tuesday night played an important part in the saving of valuable buildings, including those of Mrs. Steuart L. Woodford, of New York. Barns on the place were ignited from a burning hay stack thought to have been set fire by tramps.

When the Westport and Compo Beach motor fire apparatus arrived the barns were doomed. The contents of a well were exhausted in extinguishing the flames that had spread to the house and in desperation the firemen turned to the oiler supply, which was utilized both by the pumps and chemical tanks to good advantage in saving the adjoining residences.

SALTS FINE FOR ITCHING KIDNEYS

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasional- ly else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flushed kidneys and stimulates them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Adv.

The eugenic law of Pennsylvania, however, may prove an obstacle in the Rev. Mr. Beck's plans and he may after all be required to remain in the county jail until his trial at the March court on charges of betrayal.

He was arrested last week by Deputy Sheriff W. L. Brunner and lodged in jail on New Year's eve, on the above charge.
