BRUMBAUGH PLEASANT AT UNITY IN LEGISLATURE

Says With Spirit of Co-operation Among Republican Lawmakers, in Accord With Executive, Most Desirable Legislation Will Be Obtained

Philadelphia, Jan. 7.—Dr. Brumbaugh was in excellent spirits yesterday, in consequence of the action of Senator McNichol in having a committee appointed to consult him about his platform pledges. Asked to comment upon the various actions which attended the organization of the General Assembly, he declared:

"I am naturally pleased at the action of the Legislature in organizing in a manner that insures speedy action on all matters to which we are pledged to the people of Pennsylvania. It is indicative of party unity in the speedy enactment of the laws the people have by their votes declared to be necessary to the welfare of the State."

"I most heartily welcome this spirit of co-operation. We must enact progressive legislation in harmony with the spirit of the times. With the Legislature and the Executive in accord, our citizens will obtain legislation of a most desirable nature in the near future."

It was stated yesterday that Dr. Brumbaugh might not name his entire cabinet, but merely appoint his Attorney General, Secretary of the Commonwealth and some few other officers at the start of his term. Other appointments could be made later, and the lure of the patronage held out as an inducement to the leaders to maintain good behavior on the part of the organization in the Legislature.

The recess nominations of Governor Tener, now held up in the Senate, are expected to be considered by the new Committee on Executive Appointments to be named by President Pro Tem. Kline.

Discuss the Program  
Governor-elect Brumbaugh took the initial steps yesterday for the presentation of his progressive measures in the State Legislature. Dr. Brumbaugh was visited during the afternoon by Senator McNichol, Senator Vane and Speaker Ambler and discussed with them in separate conferences plans for promoting his legislative program.

Under an understanding with the leaders, the Governor-elect is expected immediately to designate the particular planks in which he is vitally interested, and will urge legislation in this direction when the special conference committee of the Legislature meets with him, as now planned, early next week.

It is understood that the Governor-elect will insist that local option, child labor and workmen's compensation bills be brought before the Legislature, and it is the present intention of the leaders to honor him by placing these measures on the calendar for early consideration.

With this program of action mapped out, the Legislative Bureau will get busy at once and whip the bills in shape. They will be passed upon by the experts to clear the phraseology of any flaws, and then submitted to the new Governor and his Attorney General for approval.

Brumbaugh's Program First  
As planned, the Governor-elect will be given a clear road to present his measures as distinct Brumbaugh legislative proposals, and the numerous legislative statements who have bills of their own for the uplift of the State may have to wait until the school man's program is properly considered by the Legislature.

To carry out this co-operative plan, the leaders propose to discard the former method of "pickling" bills in committees, and in the future hold wholesale debates on the vital measures. Speaker Ambler and President Pro Tem, Kline are expected to appoint committees satisfactory to the Governor-elect.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids.

It is best not to take calomel, but to take Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they "perk up" the spirits. At 10c and 25c per box. All druggists.

The Olive Tablet Company, Columbus, O.—Adv.

and thus insure his legislation fair treatment, at least.

No effort will be made to kill the local option bill, and it is generally understood that it will be reported favorably, and at least reach a roll call on the issue. Should the measure escape death in the House, it is expected to be practically murdered in the Senate.

The leaders, however, plan to kill the bill in the open at this session, instead of smothering it in committee, as in the past.

Plan to Kill Local Option  
While this fate for local option would not conform to the Brumbaugh platform, the leaders declare that the Governor-elect cannot well object to legislation deciding for themselves, or as they put it, "voicing the views of their respective constituencies," in defeating the local option bill after proper debate and a definite roll call. The child labor and workmen's compensation bills will receive like treatment in the Legislature, but it is expected that these measures will meet with success.

The leaders by adopting this plan of procedure hope to keep the Governor-elect in a friendly mood toward the Capitol Hill patronage and, likewise, to make the Organization the agency for presenting the Brumbaugh legislation.

For forcing the pet measures to early consideration it is likewise planned to greatly expedite the business of the General Assembly, shut the gates against a flood of bills along similar lines, and thus assist the Legislature to a comparatively early adjournment.

While no date has been fixed for adjournment, out of deference to the expressed wishes of the Governor-elect, the leaders are confident that he would not object to their closing down the legislative mills after his bills were disposed of.

10,000 Apply for Jobs At Fair  
San Francisco, Jan. 7.—Desire to see the Panama-Pacific international exposition has flooded the offices of the fair with ten thousand applications for employment, while only one thousand positions are open to women. Many applicants already have come here waiting replies, and are swelling the number of the unemployed.

Miner Wins \$2,500 for Broken Leg  
Sunbury, Jan. 7.—After being out four hours, a jury in court here yesterday awarded Ralph Perry, a Shamokin miner, \$2,500 damages against the Mineral Railroad and Milling Company, in the Henry Clay colliery at Shamokin.

Get Rid of Pimples—Quick

By Using Stuart's Calcium Wafers—Natural Little Blood Purifiers That Work Like a Charm

Don't despair if your face is covered with pimples, blotches, liver spots, or your body is covered in spots with letter, rash, boils, etc. Just use Stuart's Calcium Wafers for a short time and see how quickly you will clear up your skin.

He—"How swell you look."  
She—"It was only removing the pimples, and Stuart's Calcium Wafers did that."

Pimples and eruptions of all kinds come from the inside. The blood casts out the impurities it contains and thus pimples, boils, etc., appear. Cleanse the blood, stop the poison from developing in the blood tissues and pimples will vanish as if by magic.

Stuart's Calcium Wafers contain in a natural manner the greatest blood purifier—Calcium Sulphide.

Calcium Sulphide and the other ingredients of these remarkable little wafers are just what impure blood needs. You must know that the blood is rushing through our veins very fast. It takes less than a minute for our blood to cover the entire body.

You can thus readily see that Stuart's Calcium Wafers, when they enter the body, have an almost instant effect upon all impurities, no matter where located, whether it be the tip of the nose or the ends of the toes.

By the use of Stuart's Calcium Wafers your complexion will take on a fresher hue and a more natural series of tints than ever before.

Impure blood is blue or black. Purify it and it becomes ruby red. This color showing beneath the skin is the secret of all beautiful complexions.

Stuart's Calcium Wafers are sold by all druggists everywhere. Price 50 cents a box. A small sample package mailed free by addressing F. A. Stuart Co., 175 Stuart Bldg., Marshall, Mich.—Adv.

ABRUPT DEATH NEWS TO END; SOFTEN BLOW TO RELATIVES

Berlin, Jan. 7.—The German post-office is to spare the feelings, so far as possible, of the families of soldiers who have fallen in battle when mail matter, non-deliverable for that reason, is returned to the sender. It has been the custom to stamp on the letter or package merely the word "fallen" or "dead" and send it back home to shock the relatives with this harsh brevity. Now the military authorities have been directed to use the words "fallen for the Fatherland" or "fallen in the field of honor."

In still another way the authorities are trying to soften the blow of word of death. Hitherto this was attempted only in country districts, where the returned mail of the fallen soldiers was handed over to the local authorities or the clergyman, who then undertook to break the fatal news gently to the family. Something like this is now to be done also in the towns and cities.

The local authorities will now be asked to select some suitable person to bear the word of death.

Paris Not in War Zone  
Paris, Jan. 7.—The military situation is so satisfactory that the government has begun gradually to relax the rigors of the war regime for Parisians. By decree, Alexandre Millerand, Minister of War, has declared that the entrenched camp of Paris, with the exception of the district of Pontoise, is no longer included in the zone of operations. Louis J. Malvy, Minister of the Interior, now permits bakers to make fancy bread, a practice forbidden since August 7.

Cruiser Goeben Hits Mine  
Copenhagen, Jan. 7.—A special dispatch from Constantinople says the former German cruiser Goeben, which now flies the Turkish flag, struck two Bosporus and was seriously damaged. She has two big holes on her water line and it will take two or three months to repair her. This fact, the dispatch adds, has been kept secret from the people of Constantinople.

Meat Scarcity in Sydney  
London, Jan. 7.—A correspondent of the "Times," writing from Sydney, Australia, writes that a serious deficiency in the meat supply there is being produced by the large exportations of beef to the United States. He says strong pressure will probably be brought to prohibit the exporting of beef except to Britain and to the Allies alternatively.

Two Turkish Cruisers Fight Fleet of 17  
Constantinople via London, Jan. 7.—An official communication issued yesterday says: "Two Turkish cruisers were in action yesterday in the Black Sea against a Russian fleet of seventeen units. Despite the Russians' numerical superiority, our ships were not damaged."

School Principal Seriously Injured  
Lebanon, Jan. 7.—Miss Sara Gallagher, principal of the Washington school building, yesterday morning injured her spine in a fall from the steps in front of her boarding place. Her condition is serious.

Antwerp Bad for Travelers  
London, Jan. 7.—Consul General Dietrichs at Antwerp, has written to Consul General Skinner, in London, requesting him to advise all Americans to keep away from Antwerp. He states they must have little knowledge of conditions there if they plan to include it in their travels.

Ship From U. S. Disabled  
London, Jan. 7.—The British steamship Cheyenne, from Norfolk to Barrow, England, reported by wireless yesterday that the British steamship Wellbeck Hall, which sailed from Baltimore on December 20 for London, had met with a serious accident 300 miles off the coast.

Lebanon County Auditors Organize  
Lebanon, Jan. 7.—Reorganization of the county auditors took place last night at the Court House for another year by the election of the following officers: President, Adam Saylor; secretary, Thomas J. Kohr; clerk, Cyrus Heckendorn; messenger, Hiram C. Schenk.

Basst Not Seriously Injured  
Petograd (via London), Jan. 7.—The injury sustained by John Bass, correspondent of the Chicago "Daily News," who was struck by a fragment of shrapnel during the fighting west of Warsaw, is not serious. Mr. Bass' chin was cut slightly.

AMERICAN ACTRESS, PRO-GERMAN, LOSES POPULARITY AT DRURY LANE, IN LONDON

Miss Fannie Rogers, a pretty American actress, who has been playing the title rôle in "The Sleeping Beauty," the pantomime at Drury Lane, in London, has severed her connection with the production. It is alleged her expression in the theatre of enthusiastic pro-German sentiment made her presence in a company of British actors impossible. The situation has been acute for a fortnight, and the crisis was precipitated by the delivery of a "round robin" signed by nearly all the principals in the pantomime addressed to Mr. Arthur Collins.

NAVAL APPROPRIATION BILL

Committee Considering Measure Which Carries Reduction of \$1,427,023 From That of Last Year

By Associated Press.

Washington, Jan. 7.—The House Naval Affairs Committee today continued consideration of the naval appropriation bill, which, as reported by its sub-committee, carries \$1,023,449,886, a reduction of \$1,427,023 from that appropriated last year and \$1,162,614 from the estimates of the Navy Department. The full committee already has adopted a considerable part of the bill, including provision for a chief of operations to supervise all war strategy in the navy and \$1,000,000 for aeroplanes.

Under the terms of the bill, the chief of operations would be an officer not below the grade of rear admiral, would be appointed by the President to a term of four years and who, under the Secretary of the Navy, would be responsible for the readiness of the navy for war. There would be assigned to assist the chief of operations in the preparation of detailed plans of war not less than 15 officers of and above the rank of lieutenant commander of the navy or major of the marine corps.

With a view to meeting possible objection in the House to the incorporation in the bill of the provision for a chief of operations on account of its being new legislation, Representative Hobson had introduced a separate measure embodying the same provision.

KILLS WIFE AND SELF

Railroad Employee Shoots Up His Home In Akron, O.

Akron, O., Jan. 7.—Charles W. Hyslop, 28, a railroad employe, yesterday shot and killed his wife, shot Joseph Schrader, a boarder at the same house, and then turned the revolver on himself, dying instantly. Schrader is not expected to live.

Hyslop was the son of John Hyslop, of North Braddock, Pa., and his wife was the daughter of William Marsh, of Homestead, Pa. Hyslop had been employed in the armor plate department of the Homestead works until recently, when he came to Akron in search of employment and telegraphed his wife and child to come to him. His brother, James Hyslop, a Swissvale, Pa., banker, yesterday received a letter written by him indicating that he was about to end his life.

Thief Gets \$350 Diamond

Altoona, Jan. 7.—While Miss Ruth O'Neill, daughter of the proprietor of Bellwood hotel, was attending mass yesterday, a thief entered her room and stole a \$350 diamond ring, overlooking a diamond stick pin and pearl brooch. A stranger, who registered at the hotel last night is believed to have taken the gem, which he later tried to sell to an Altoona jeweler.

OLD-TIME COLD CURE--DRINK TEA!

Get a small package of Hamburg Breast Tea, or the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.—Adv.

ILLITERACY OF CHILDREN

Not More Than 15 Out of Every 1,000 From 10 to 14 Years Old Unable to Read and Write

By Associated Press.

Washington, Jan. 7.—Not more than fifteen out of every 1,000 children from 10 to 14 years of age, in the United States are unable to read and write, according to statistics announced today by the Federal Bureau of Education. An analysis of the figures shows that in 1900 there were 42 out of every 1,000 children between the ages of 10 and 14 who were illiterate. This number has been reduced to 22 in 1910 and to 15 in 1914.

"From the standpoint of proportional reduction of illiteracy," the bureau says, "Oklahoma leads all States. In 1900 this State had 124 illiterate children of the ages named, 1910 it had but 17. Delaware had 20 in 1900 and but four in 1910. New Hampshire reduced its number from four in 1900 to one in 1910. New Jersey from 7 to 2."

According to the bureau Nevada is the only State that has lost ground since 1900. Its illiteracy was then four in 1910 it was five. Two States, South Dakota, each having the low rate of two per 1,000, report no reduction in illiteracy between 1900 and 1910.

ARREST BANK PRESIDENT

Pittston Financier Is Held in \$10,000 Bail for a Further Hearing

Scranton, Pa., Jan. 7.—William L. Watson, 60 years old, president of the First National bank of Pittston, was arrested yesterday, charged with having fraudulently and knowingly certified to checks to his own credit when he did not have in the bank the amount to which the checks certified.

He was taken to Wilkes-Barre by Deputy Marshal Zeidler and held in \$10,000 bail by United States Commissioner Moore for a hearing to-morrow afternoon before United States Commissioner Scheerer, of this city.

Watson is prominent in church circles. He married the daughter of a former president of the bank, of which he is now president. The certified checks issued by him totaled a little more than \$49,000, for which sum he had in bank slightly over \$8,000. Five checks are specified in the complaint.

It is said that Watson has been speculating through a New York firm of brokers, and it was his custom to forward the certified checks with the expectation that he would be able to meet them when they appeared at his bank. The bank will not suffer, as none of the checks was entered in the bank's record.

HAS CHANCE FOR DEFENSE

Adams Given Opportunity to Disprove Charges of Professionalism

New York, Jan. 7.—Platt Adams, the Olympic athlete, will be given an opportunity on Wednesday night to disprove the charges of professionalism made against him last week. The registration committee meets at that time and will take up his case. The athlete, his witnesses and the men who preferred the charges against him will be asked to appear before the board. In the meantime in any meeting that Adams takes part in he will compete under protest.

The case against Adams rests on the affidavits of three men not identified with amateur athletics, who assert he pawned and sold his prizes and for this reason should be adjudged a professional.

WILSON'S TRIP TO INDIANA

President Will Leave Washington This Evening for Indianapolis to Make Jackson Day Address

By Associated Press.

Washington, Jan. 7.—Arrangements were complete today for President Wilson's trip to Indianapolis, where he will address a Jackson Day celebration there to-morrow under the auspices of the Indiana Democratic Club. The President, accompanied by Secretary Tamm, and Dr. C. T. Grayson, will leave here at 7 o'clock to-night for Indianapolis, arriving shortly after 1 o'clock to-morrow afternoon. The party will go direct to Senator Kern's home for luncheon and call on his 14-year-old son, who was operated upon recently.

After speaking in Tomlinson Hall, President Wilson will attend a public reception given by the Democratic Club, departing immediately afterwards for Washington. In his address, the first of a purely political character since he became President, Mr. Wilson is expected to defend his administration and dwell upon the necessity of the country supporting the administration program pending in Congress.

FIREMAN SAVES AGED CHIEF

Drugs Unconscious Man From Heart of Theatre Blaze

Washington, Pa., Jan. 7.—Fire Chief Patrick Curran, the oldest active fire chief in the State of Pennsylvania, was seriously injured and had a narrow escape from death yesterday morning in a blaze which wrecked the Casino theatre here, destroyed all the property of a musical-comedy company and for an hour threatened the destruction of the entire business section of Washington.

That Curran is alive to-day is due alone to the heroism of Patrolman Warren Kilgore, who at the risk of his own life, ran into the very middle of the blaze and dragged out the unconscious chief, who had been overcome by smoke and had fallen into a hole at the rear of the theatre stage. In his fall the chief sustained deep cuts, an artery in his arm being severed. Later he directed his men from a cot where he lay helpless. The origin of the fire is a mystery.

Decrease in Iron Ore Production

Washington, Jan. 7.—Production of iron ore during 1914 showed a decrease of 33 per cent, as compared with 1913, according to the Geological Survey today. Between 41,000,000 and 42,000,000 long tons of iron ore are estimated to have been mined during 1914 as compared with 61,980,437 long tons mined in 1913.

Tried It on the Postman

A young business woman on her way to the car, at closing time, stopped at the box to mail a letter. Just as she was about to drop the letter in the box the collector arrived and, reaching for it, said, "I'll take it."

The young woman looked at him a moment and handed him the letter, with the remark, "Now, don't forget to put that in the postoffice."

The collector looked at her in disgust and said nothing.

"He never saw the joke," the young woman said after she had told the story of the incident. "I suppose he has no women folk in his family who know that the letters they intrust to the men are carried around in their pockets for days before they are mailed."—Columbus Dispatch.

HOW I CURED MY CATARRH TOLD IN A SIMPLE WAY

Without Apparatus, Inhalers, Salves, Lotions, Harmful Drugs, Smoke or Electricity

HEALS DAY AND NIGHT

It is a new way. It is something absolutely different. No lotions, sprays or ointments. No rubbing or rubbing in. No atomizer, or any apparatus of any kind. Nothing to smoke or inhale. Nothing to eat or drink. No electricity, no vibration or massage. No powder, no plasters; no keeping in the house. Nothing of that kind at all.

something new and different, something delightful and beautiful, something instantly successful. You do not have to wait and linger and pay out a lot of money. Your suffering will stop at once like magic.

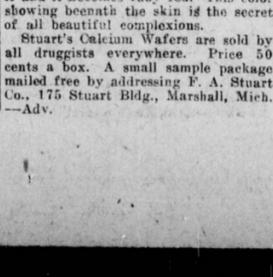

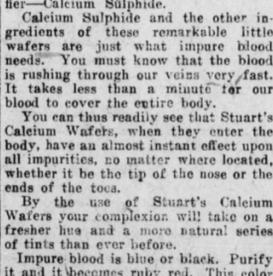

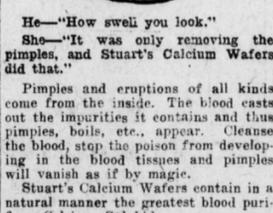

I AM FREE--YOU CAN BE FREE

My catarrh was filthy and loathsome. It made me ill. It deluded my mind. It undermined my health and was weakening me. The lawking coughing, splitting made me obnoxious to all, and my foul breath and disgusting habits made even my loved ones avoid me secretly. My delight in life was dulled and my faculties impaired. I knew that in time it would bring me to an untimely grave, because every moment of the day and night it was slowly yet surely snuffing my vitality. But I found a cure, and I am ready to tell you about it FREE. Write me.

RISK JUST ONE CENT

Send me money. Just your name and address on a postal card. Send "Dear Sam Katz." Please tell me how you cured your catarrh and how I can cure mine. That's all you need to say. I will understand and I will write to you with complete information, FREE, at once. Do not delay. Send postal card or write me a letter to-day. Don't think of turning this page until you have sent for this wonderful treatment that can do for you what it has done for me.
