CHARGE CRUELTY TO ANIMALS

J. B. Atticks Will Appear Before Squire Gardner To-night

J. B. Atticks, of Oberlin, a milkman was arrested yesterday about noon and confined to the borough lockup until 8 o'clock last evening, when he secured bail for an appearance before Squire Gardner this evening at 8 o'clock.

A charge of cruelty to animals was preferred against Atticks by B. F. McNear, Jr., local agent for the S. P. C. to A., and the arrest was made by B. F. McNear assisted by Squire Gardner, after these two men were unable to locate a constable.

According to the information, Atticks is alleged to have left the two horses attached to his milk wagon standing for three hours unblanketed and unprotected at the corner of Francis and Myers streets. Prior to the arrest, the team was taken in charge by Mr. McNear and stabled.

Need for Municipal Hospital Shown

The attention of both city and county officials was called to the need of a municipal hospital where patients suffering from communicable diseases can be treated, when Thomas O'Reilly, a traveling salesman, suffering from erysipelas, made an appeal last night for treatment. Local physicians referred him to the City Health Bureau. Later he was turned over to the Directors of the Poor and sent to a hospital ward in the Dauphin county almshouse.

Don't Merely "Stop" a Cough

Stop the Thing that Causes It and the Cough will Stop Itself

A cough is really one of our best friends. It warns us that there is inflammation or obstruction in a dangerous place. Therefore, when you get a bad cough don't proceed to dose yourself with a lot of drugs that merely "stop" the cough temporarily, thereby irritating the throat nerves. Treat the cause of the inflamed membranes. Here is a home made remedy that gets right at the cause and will make an obstinate cough vanish more quickly than you ever thought possible.

Put 2 1/2 ounces of Pinex (50 cents worth) in a pint bottle and fill the bottle with plain granulated sugar syrup. This gives you a full pint of the most pleasant and effective cough remedy you ever used, at a cost of only 54 cents. No other to prepare. Full directions with Pinex.

It heals the inflamed membranes so gently and promptly that you wonder how it does it. Also loosens a dry, hoarse or tight cough and stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough.

Pinex is a highly concentrated compound of Norway pine extract, rich in guaiacol, and is known to be the best for its healing effect on the membranes.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" and don't accept anything else. A guarantee of absolute satisfaction, money promptly refunded, goes with the preparation. The Pinex Co. Ft. Wayne, Ind.

CAPITOL HILL

AUTO LICENSES THUS FAR 100,000 LESS THAN 1914

Expected That the State Highway Department Will Soon Begin Suits Against the Owners Who Are Carrying Last Year's Tags

Although more applications for automobile licenses for 1915 have been received to the present time this year than had been sent in on January 31 of last year, the number so far received is more than 100,000 back of the total number for 1914, according to a statement issued to-day by the automobile division of the State Highway Department. The following figures give the number of applications for various kinds of licenses so far received:

Pneumatic tires, 47,226; solid tired, 4,673; tractors, 29; trailers, 60; motor cycles, 1,617; drivers, 14,470; dealers, 2,294; operators, 8,873; transfers, 72. The above figures total 79,314. On January 31, 1914, the total number received was 71,840, or 7,474 less than this year to date. The total number of licenses of all classes issued during 1914 was 189,976, of which 112,854 were for pneumatic and solid tired motor vehicles.

It is evident from the foregoing that a large number of owners have neglected to make application for their 1915 licenses, despite the fact that ample warning was given by the State Highway Department that those who thus neglected to apply need expect little or no consideration when legal proceedings were instituted against users of 1914 licenses.

It is expected that the State Highway Department in the near future will begin proceedings against owners who are carrying last year's licenses. As early as last October notices were sent out from the State Highway Department for owners to apply at once for their 1915 tags, and in the fore part of December shipments were made to those who had sent in their applications in response to this appeal. Special pains were taken by the State Highway Department officials to prepare for the rush of applications during the closing days of last year and the forces of the automobile division worked continuously, day and night, Sundays and holidays, to keep up with the demand. It is owing solely to negligence on the part of owners and operators of motor vehicles that all have not been supplied with 1915 tags before the present time.

COURT HOUSE

CONFIRMS VIEWERS' REPORT

Recommended Opening of Road in the Vicinity of Dauphin

Judge McCarroll to-day confirmed absolutely the report of the viewers who recommended the opening of a road from the Susquehanna river to a point about 2,000 feet north of the Dauphin borough limits, the new road to intersect with a highway now extending between Dauphin and Halifax. The viewers were Paul G. Smith, Clarke Cowden and Joseph W. Romberger.

Constables Paid To-day

The constables of Dauphin county to-day were paid \$275 for making their regular quarterly return to the court yesterday.

Will Probated

The will of Alex McAllicher, late of Harrisburg, was probated to-day and letters testamentary were granted to Chester and Sherman McAllicher.

Marriage Licenses

Paul E. Stees, Marysville, and Mary Morris, Renovo.

Will Appeal to Court

The Pennsylvania railroad and the Philadelphia and Reading railway companies will appeal to the Dauphin county court probably in a day or so from the decision of the Public Service Commission, reducing the freight rates forty cents a ton on prepared sizes of coal from the Schuylkill, Lehigh and Wyoming districts to Philadelphia. It is understood here that the other railroad companies that haul coal to points connecting with the Pennsylvania and the Reading system will jointly appeal.

U. S. CRUISER TENNESSEE TO TAKE JAFFA REFUGEES

Cairo, Via London, Jan. 12. 9.15 A. M.--The United States cruiser Tennessee, and the collier Jason arrived at Alexandria Sunday evening. The Tennessee, after fruitlessly waiting outside of Jaffa to embark refugees, the weather continuing exceedingly rough, was obliged to return to Alexandria today. The Tennessee leaves again today on her mission. Three trips will be necessary to bring away all the refugees.

The Jason also sails to-day for Beirut and thereafter will touch at Piraeus, Genoa and Marseilles and will finally arrive at Plymouth on February 15. While en route she will take aboard exhibits for the San Francisco Exposition. The Germans and Austrians have sent their exhibits to Genoa.

The Emanon club was organized at a meeting at 1202 North Third street, last night, when these officers were elected: President, Henry M. Cocklin; vice president, Harry D. Holtz; secretary, Ray D. Snow, and treasurer, Fred L. Koenig, Jr.

IRVING COLLEGE GIRLS TO WORK FOR WAR RELIEF

Students Have Offered Their Services to Red Cross Division and Will Be Instructed in Methods of Making Up the Supplies

Irving College girls are the latest recruits to the force of volunteers who will work for the suffering refugees and soldiers of warring Europe. Through a committee, headed by Miss Katherine Wheelock, of the faculty, they have offered their services to the Red Cross division. An instructor, from the Red Cross division, will be assigned by the chairman, Miss Anne McCormick, to visit them at Mechanicsburg this week and demonstrate methods of making up the surgical and other supplies.

Action by the college girls came as a result of the offer of the Red Cross division to furnish instructors to aid volunteers in the preparation of supplies. One of the first institutions from whom came volunteers was the Harrisburg hospital, though acceptance of their offer carried with it no need for instruction. The nursing staff, familiar with every detail of hospital and field work, has set aside two days each week for "war work." Other organizations and institutions are expected to take up the work.

The Mrs. Henry McCormick Sewing Circle held its regular weekly session this morning at 301 North Front street. It will meet regularly each Tuesday at 10 o'clock at Mrs. McCormick's home, until April.

Materials of all kinds are needed by all both the foreign relief and Red Cross divisions. None but new-made goods are sent to Europe. Second hand supplies are going to needy persons of this district. Materials may be bought and directions for their proper preparation had, at Red Cross headquarters by volunteers.

The Messiah Home folks sent a box of supplies for the Germans and Belgians. An inscription on the bundle reads: "God bless the ones that get the things." More than 250 families have received money from the committee for sewing work on more than 5,000 garments. Both the Red Cross and Foreign Relief Departments will send boxes this week and both are preparing to send big lists of supplies to the German Red Cross.

DUTCH PROGRAM PLANNED

Lebanon Quartet Will Entertain the Past Grands of the I. O. O. F.

Pennsylvania Dutch will figure largely in the program of the entertainment of the Past Grands' Association of the Old Fellows to be held on Monday evening in White's hall, Third and Verbeke streets.

C. F. Titzel, chairman of the executive committee, has just received acceptance of his invitation to the Lebanon quartet to take part in the program. This party entertained the members of the association at Middletown some time ago. They will entertain the Old Fellows and their friends at a Dutch feast of mirth and music. The Rev. Harry Nelson Bassler will deliver a short address.

Roy D. Beman, a member of the firm of Brown & Co., furniture dealers, and a prominent Odd Fellow, has announced his candidacy for the office of grand warden of the Grand Lodge of Pennsylvania, Independent Order of Odd Fellows.

Mr. Beman has been prominently identified with the order in this city and throughout the State, being especially interested in the homes for orphans supported by this order. It is expected some action will be taken by the Past Grands' Association of this county at its meeting on Monday.

The office of grand warden leads to that of grand master, and is the one usually contested for before reaching that high office.

TEACHER KILLS HERSELF

Miss Svydan of a Columbia Preparatory School Had Been Ill

Rochester, Jan. 12.--Miss Marie Svydan, 32, teacher in a preparatory school of Columbia University, while temporarily insane because of ill health, slashed her throat with a razor early last evening and died before medical aid could be summoned.

Miss Svydan came to Rochester recently on the advice of her father to recuperate. She was visiting at the home of the Rev. Edward M. Sandys. She killed herself with a razor belonging to the preacher.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is a Sign You Have Been Eating Too Much Meat. Which Forms Uric Acid

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.--Adv.

FREE WATER FOR ALL FANS

Washington, D. C., Jan. 12.--Representative Howard, of Georgia, is one of the greatest "fans" in the House. He went out to the Washington ball park last summer with a terrible thirst and was forced to buy "pop" to quench it. He had his revenge yesterday, for the House passed a bill which had introduced compelling the owners of baseball parks, theatres and other amusement places in the District of Columbia to furnish free drinking water for their patrons.

The bill carries a penalty of \$25 to \$100 fine for each violation of the law.
