

COUNTY FINANCES ON A SOLID BASIS

Gough Reports Enough Cash on Hand to Pay All Save \$31,000 of the Bonded Debt

MUCH MONEY SAVED IN 1914

Controller's Annual Statement Reveals Assets \$848,501 in Excess of Obligations—Balance at the Close of the Year Shows a Material Increase.

If Dauphin County suddenly was called upon to meet all its obligations, including the \$421,000 bonded debt, it could do so to-day with actual cash on hand to within less than \$31,000 and have as assets over and above liabilities, buildings, furnishings and grounds valued at \$848,501.43. Dauphin County will not, however, receive such a hurry call, but the fact that the County is almost free from debt, together with other interesting financial statistics, is contained in the first annual report of County Controller Henry W. Gough, copies of which were filed to-day with the Court and the County Commissioners.

Incidentally it can be said that this report is more concise, yet more comprehensive, than the statements which heretofore were issued annually by an audit board. While it was filed only to-day it really was completed on Saturday last, just five days after the County's fiscal year closed. Dauphin County audit boards have in years gone by been paid for spending anywhere from three to five months getting out their annual reports.

The year just closed will go down in history as a record one for Dauphin County finances. With a tax rate lower than in some recent years, the County met all its ordinary obligations, made the regular appropriations to the sinking fund—\$1,711,760—out of which the bonded debt is to be paid; redeemed \$24,000 worth of bonds for less than par value, and erected new bridges, and made additional improvements costing well to \$33,000.

Balance Exceeds Last Year's

Notwithstanding these several heavy expenditures, the County Controller's report shows that at the close of 1914 the county's actual cash balance—the money with which to tide over the several departments until the 1915 taxes begin coming in—exceeds the corresponding balance of a year ago by a trifle more than \$1,000.

During the year, the report further shows, the County, under a Dauphin County Court decision, recovered \$1,578,76 from the State that represented a part of the money paid by the district for the maintenance of persons in State hospitals for the criminal insane during the five years preceding 1913.

The County for a number of years was paying anywhere from \$1.75 to \$4.25 a week for the maintenance of its insane and the Supreme Court sustained the Dauphin County Court's decision that a county is liable only for \$1.75 a week for each insane patient.

The issuance of this report really marks the close of Dauphin County's

DR. BRUMBAUGH HERE FRIDAY

He Will Be Guest of Teners and Look Over the Executive Mansion

Dr. Martin G. Brumbaugh, Governor-elect, will be in Harrisburg on Friday as the guest of Governor Tener and will spend most of the afternoon at the Executive Mansion, where he will be entertained by Governor and Mrs. Tener at luncheon. He will leave at 5:30 o'clock the same day for Philadelphia.

It will be largely a social visit, at the invitation of the retiring Governor and wife, and is meant to give the incoming Governor an opportunity to look over the Executive Mansion.

JACOB BITTERMAN, 80, DIES

Stroke of Paralysis Fetal to Aged Half-Citizen

Harrisburg, Jan. 13.—Jacob Bitterman, 80 years old, for twenty years tax collector of this place, died at his home on Fourth street last evening from the effects of a stroke of paralysis he suffered on Monday. He resigned his position as tax collector a year ago.

He leaves the following children: George and Grant, of Davenport, Iowa; Mrs. R. P. Miller, of Brooklyn; Miss Mary Bitterman, Mrs. N. Bogar, William and Charles, of this place. Funeral services will be held at his home Saturday morning at 10 o'clock. The Rev. J. C. Peace, pastor of Jackson church, will officiate. Burial will be made in the cemetery at Rife.

Ober Again on Prison Board

B. Frank Ober, of Penbrook, for almost three years a member of the Board of Dauphin County Prison Inspectors, to-day was reappointed by the County Commissioners for a full three-year term. Mr. Ober first was named an inspector in February, 1912, as successor to Frank Hoofnagle who resigned.

SUSQUEHANNA RIVER IS AGAIN RISING RAPIDLY

Stage of 12.5 Feet Is Predicted for Harrisburg To-morrow Morning— Flood Which Broke Ice Was but 12.7—Rise of 3.5 Feet in Night

Heavy and continued rain in the Susquehanna water shed in the last thirty-six hours will again increase the river depth at this point, a stage equal to, if not higher than, the flood which broke the ice on the river being expected. The falling action of the river was stopped yesterday morning and a steady increase followed, the river rising 3.5 feet since yesterday morning at 8 o'clock.

Weather Bureau officials announced a stage of 10.3 feet at 8 o'clock this morning and forecast 12.5 by that time to-morrow morning. The crest of the flood which carried off the ice was reached here at 7 o'clock last Saturday morning and was 12.7 feet. It will take but a slight rise to best the first high stage of the winter.

At 11 o'clock this morning the river was rising until it was up to the top of the river front steps. The first flood had deposited great blocks of ice atop the steps, which may be carried off to-morrow. Little damage was done to the steps. The rain here was heavier yesterday and last night than at any point in the Susquehanna valley, a precipitation of 1.78 inches being reported here after the rain ceased. Previous to 8 o'clock yesterday morning this same storm had given Harrisburg a fall of more than seven-tenths of an inch.

The storm is passing north along the Atlantic coast line and was central of New Jersey this morning. The weather will remain fair and slightly colder.

LOOTING OKLAHOMA BANKS

Robbers Get \$7,500 at Gerber and Escape—Two Men Who Robbed Teriton Bank Captured

By Associated Press.

Oklahoma City, Okla., Jan. 13.—Robbers early to-day blew the safe of the State bank at Gerber, twenty miles east of Enid, in Garfield county, Oklahoma, and escaped with \$7,500, according to reports received here. Posses are in pursuit.

The robbery at Gerber is the fourth bank robbery in Oklahoma since May, 1914, eleven of them being daylight holdups. A bill is pending in the Legislature authorizing the State to pay rewards of \$1,000 for the capture of bank robbers.

GIRL PRESIDENTS ARE BARRED

Class Decides to Maintain Tradition and Charles Segelbaum Is Chosen

The proposal to depart from precedent and permit a girl to run for the office of president of the junior class of the Central High school, was quashed in a meeting of a "committee of the whole" that decided only a boy can head the class, and to-day Charles Segelbaum was chosen to fill the office. He defeated his only rival, Charles Saunders, by a vote of 66 to 47. The class secretary, however, went to Dorothy Schmidt who got 51 votes, while Dorothy Duncan polled 34 and Charabelle Claster, 28.

Some of the girls tried to induce Katherine Thorne to become a candidate for president, but the proposal to ignore tradition by permitting a girl to run for the office resulted in a special meeting of the class being called at which it was decided that only a boy should be permitted to run. Many of the girls voted to bar girls as presidential candidates.

WOMAN SUFFRAGE BEATEN IN THE HOUSE, 204 TO 174

Representatives, After More Than Ten Hours' Debate, Reject the Proposed Constitutional Amendment Giving the Elective Franchise to Women

Washington, Jan. 13.—After a field day in the House, in which woman suffrage was discussed from almost every point of view for more than ten hours, the proposed constitutional amendment giving nation-wide suffrage to women was rejected by the overwhelming vote of 174 to 204. The suffragists fell 78 men short of the necessary two-thirds vote, with 57 members not voting.

It was nearly 9:30 o'clock last night when the vote was taken. Immediately afterward the House adjourned.

There was applause in the galleries when the result was announced by the Speaker. The suffragists who had remained throughout the entire day had apparently been resigned to their fate, and they uttered no loud disapproval, but the Antis in the gallery burst forth in applause.

A feature of the proceedings was the speech, vulgar in parts, opposing the amendment, made by Representative Bowdler, of Ohio. It was roundly hissed.

Most of the votes in favor of the resolution came from the members representing States where equal suffrage is now in effect. Following the leadership of Representative Underwood, majority leader, few of the Southern Democrats voted for the resolution. Party

SLEEPER PHONES FOR THE POLICE

Sergeants Page and Eisenberger Lead Squad After Early Morning "Burglar"

6 POLICEMEN ARE PRIMED FOR HUNT

After Calling for Coppers, Charles F. Fischer Takes Stick and Goes to Cellar to "Shot" Man He "Saw" in Upper Hallway of Home

Charles F. Fischer, 227 North Fifteenth street, saw a "burglar" in his house when he was dreaming at 4 o'clock this morning, went to his telephone, gave that intelligence to the police and with a club went on a burglar hunt and was diligently searching for the marauder in the cellar of his home when he awoke, according to a report made by the police this morning.

He felt so badly about it after it was over that he went to headquarters this morning and wanted to apologize to Mayor Royal for calling out a number of his policemen on a wild goose chase, as it were.

The report of "burglars in the house" got to police headquarters just as the night force was giving way to the reserves and there was little difficulty in recruiting a big bunch of star burglar hunters, and when Policeman Hyman drove away from headquarters and Patrolmen Scheelhaus, Mottler and Boas.

When they drew up at 227, Fischer was full of apologies, but the coppers had no ill feeling toward him, for most of them reside on the Hill and were then within walking distances of their homes. Fischer told his story at headquarters this morning.

"I was walking through the second floor hallway of my home," he is quoted as saying, "and, seeing a shadow from an electric light similar to that of the outlines of a man, I thought it was a burglar. I yelled to Mrs. Fischer to get a revolver—I do not keep a revolver in the house, so she handed me a stick—and after calling for the police I went to the cellar after the burglar. I was seeking to shoot him with the stick when I realized what I was doing. I had been asleep all the time."

"It was a most unfortunate thing, and I certainly want to apologize," he was worried for fear there might be some expense to it and I wanted to set it right."

His apology was accepted for the Mayor. The reserves reported to the heads of the department that the policemen went on the burglar hunt, but no burglar was found.

LIQUOR LICENSE BONDS ESCAPE

Do Not Require War Tax Stamps, Prothonotary Holler Is Advised

Under a ruling laid down some years ago by the late Chief Justice Fuller, of the United States Supreme Court, Prothonotary Henry P. Holler has been advised by Fox & Geyer, his counsel, that he cannot demand that war revenue tax stamps be placed on bonds filed in connection with liquor license applications.

Ordinary bonds are subject to the revenue tax and that fact raised the question with the court clerk as to the liquor license bonds. The time for making application for liquor license renewals soon will be at hand.

The Supreme Court decision was based on the war revenue bill passed by Congress in 1898. Attorneys here say the latest law levying a war tax is identical with the 1898 law, in so far as the liquor license bonds are concerned.

SUES CONGRESSMAN FOR \$200

Russell Says He Has Rupture's I. O. U.— —Rupture Asserts He Paid the Money

Basing his claim on an "I. O. U." dated January 12, 1909, U. S. Russell, of Mt. Holly, connected with the Cumberland Clay Company, last evening brought a civil action in the Dauphin county court against Congressman Arthur R. Ruple, of Carlisle, to recover \$200. Ruple, who is in Washington, has been quoted as saying the money was paid some years ago.

Russell was in Philadelphia to-day and could not be communicated with regarding the details of the alleged transaction. His attorney, however, said that the deal was an "ordinary borrow and loan" transaction.

May Call Murder Trial To-morrow

Should the trial of Robert F. Scott, patrolman, accused of murdering a colored man in the Eighth ward, which may be opened to-morrow take up more than three days, county officials fear difficulty may be experienced in getting hotel quarters for the jury that will decide to get the case started by to-morrow. The fact that legislators and other persons from all parts of the State are now booking hotel accommodations for inaugural week will, it is believed, overwork the hotels.

Band for Each Local Fire Company

The fourteen fire companies of Harrisburg will each be supplied with a band of music, for the inaugural parade on January 19, at the expense of the inaugural committee, which announced to-day it desires to have a fine showing of firemen in the procession. The names of the visiting companies have not yet been given to the committee.

MORGAN FIRM FINANCES THE CZAR'S GOVERNMENT IN LOAN OF \$12,000,000

Petrograd, Jan. 13, 3:40 P. M.—A group of New York bankers, including J. P. Morgan & Co., have agreed to loan the Russian government \$12,000,000, according to an official announcement made here to-day. This amount is subject to draft by Russia at one, two or three months, at 4 1/2 per cent., with a half of one per cent. additional for acceptance.

Prominent Petrograd bankers say that this is a forerunner of further credits to be extended Russia by American financiers. The president of an important Petrograd bank has left for New York, where he expects to confer with financiers and government officials with the idea of perfecting Russian exchange facilities.

New York, Jan. 13.—J. P. Morgan & Co., confirmed to-day the dispatches from Petrograd in respect to a loan to the Russian government by stating that a group of New York banks and bankers had made a "purely banking" arrangement with Russia by undertaking to accept short term drafts of the Russian government, the proceeds of which were to be used in payment for supplies exported from this country. It is understood that the National City Bank is one of the members of the group.

NAVAL PROGRAM ADOPTED

Two Battleships, 6 Torpedo Boat Destroyers and 17 Submarines to Be Added to U. S. Navy

By Associated Press.

Washington, Jan. 13.—A naval building program of two battleships, six torpedo boat destroyers and seventeen submarines was adopted and incorporated into the naval bill to-day by the House Naval Committee. The bill was reported at once to the House.

The vote for the two battleships was 16 to 4; for the six torpedo boat destroyers, 15 to 5, and for the seventeen submarines, 11 to 9.

Besides the larger craft, the program includes one oiler, one transport and one hospital ship. The bill with this program aggregates approximately \$148,000,000, of which \$21,906,000 is for next year's part of the new construction. The committee made no provision for a gunboat, which Secretary Daniels recommended.

On motion of Representative Stephens, of California, it was provided that eight coast defense submarines shall be built on the Pacific coast, under certain conditions.

Records for Heavy Sentences Are Going to Smash in Present Session of Criminal Court

JUDGE WARNS A PICKPOCKET

Harshly Rebukes Negro Who Comes Here From Alabama to Steal—Wife of Man Who Is Robbed Dies on Day Sentence Is Passed on Crook

Court records have been broken one after another since the opening of the January criminal session on Monday. The eighth defendant to be sent to the Eastern Penitentiary was sentenced this morning; half a dozen boys have been committed to the Huntingdon Reformatory; about three score cases have been passed upon, and the number of confessions to crime is far in excess of those of other sessions.

Edmond Reed, an Alabama negro, began working a pickpocket game shortly after he arrived in the city and after he relieved A. S. Pearson, an Enola man, of \$25, the police got him. Mr. Pearson's wife, court attaches were informed this morning, died early to-day. Reed was convicted and the court gave him a penitentiary term of not less than fifteen months and not more than three years. Before passing sentence the court told Reed that if he ever again comes to Dauphin county he would certainly obey the laws.

"You better had your nerve with you," said the Judge. "It's bad enough for a man to steal in his own community, let alone going into another community for the purpose of robbery. Let others who are inclined to commit offenses like yours take warning."

TERRIFIC 'QUAKE SHAKES ROME CITY

Causes Serious Panic as People Rush From Their Homes in Terror After Disaster

SHOCK DAMAGES MANY BUILDINGS

Among Them Is the Palazzo Chigi, the Famous Column of Marcus Aurelius and Historic Structures on the Piazza Colona

By Associated Press.

Rome, Jan. 13, 7:50 A. M.—A terrific earthquake, the strongest ever felt in Rome, occurred early to-day. It lasted several seconds and caused a serious panic, people everywhere rushing from their homes in terror. Many buildings were damaged by the shock. So far as could be learned one hour after the quake, no lives were lost. Nor was it possible to reach any definite idea of the degree of the damage suffered by the city.

There was confusion throughout the whole of Rome. In some cases it amounted to terror and bordered on panic. The telephone was resorted to by a number of people at the same time to inquire of the safety of relatives and friends and then to learn the extent of the damage to the city. The telephone girls did their best to meet the emergency. A system of gathering and giving information was hurriedly inaugurated.

It was learned early in the day that among the old buildings damaged was the Palazzo Chigi, as well as the famous column of Marcus Aurelius. Historic buildings on the Piazza Colona, in the center of Rome, also were damaged, as was also the famous Farnese palace, occupied by the French embassy. Here a piece of the stone cornice had fallen.

The belfry of the church of St. Andrea is in danger of falling and the building has been surrounded by a cordon of police to prevent the people from approaching it.

A large crowd gathered this morning in the square in front of the column of Marcus Aurelius. At a point about half way up it was seen that the column had been broken and twisted. It was at least six inches from its true axis. The immense bronze statue of St. Paul on top of the column also inclines to one side.

The last serious earthquake in the Rome district occurred July 19, 1899. Rome, Frascati, Marino and other towns on the Alban hills felt the shock and many buildings were damaged, but there was no loss of life. Further south in Italy and in Sicily, however, earthquakes are frequent and very severe. Great loss of life and heavy damage to property have occurred in these regions.

INSURANCE CO. MAY ANSWER

Court Fixes Date to File Reply to Attorney General's Charges

Following the suggestion of Attorney General Bell, the Dauphin County Court this morning fixed January 27, at 10 o'clock, as the time for hearing the answer of the Prudential Mutual Fire Insurance Company, of Wilkes-Barre, to the request to have its affairs placed in the hands of State Insurance Commissioner Charles S. Johnson, and the business liquidated.

The Attorney General charges that the company is insolvent and that its further continuance in business would be hazardous both to its policyholders and creditors.

Dr. O. K. Grier, of Wilkes-Barre, is president of the company, and John E. Holt, also of that city, is treasurer. The offices of the company are in the Savoy building, Wilkes-Barre.

NAVY MEN ORDERED TO CUBA

Kalbfus and Brinser Will Be With Fleet During Target Practice

Lieutenant Commander Ned C. Kalbfus, chief navigator of the Atlantic fleet, stationed on the flag ship Wyoming, and Lieutenant Commander Harry S. Brinser, chief engineer of the fleet, also on the Wyoming, both Harrisburgers, are with the fleet in New York now, but will sail with the command for Guantanamo, Cuba, on Friday, where the fleet will engage in target practice and maneuvers.

They will be gone about three weeks, and on their return will get ready to go through the Panama canal on the way to California, where the big battleships will take part in the opening of the Panama-Pacific Exposition in San Francisco in February.

Transfer of Hindenburg Possible

London, Jan. 13, 5:35 P. THIS BOY WANTS TO BE A SEA FIGHTER

CLARENCE LAMBERT

Clarence Lambert, a bright little English lad, seven years old, has just arrived in America to see his father, Colonel Henry L. Lambert, a retired British officer, now serving as military attaché at the British Embassy at Washington. The youngster wants to be a sea fighter and is much disappointed because he had not "seen the German fleet or heard a cannon fired" during his trip across.

DOVER COAST BATTERIES SINK GERMAN SUBMARINES

Dover, Jan. 13, Via London, 4:55 P. M.—Two German submarines were to-day fired upon and sunk by the coast batteries off Dover, according to persistent rumors current in the city.

The presence of hostile airships over the English channel during the past night has been reported to-day from various points on the coast. These reports, however, have as yet not been confirmed.

Dover has been assailed by the Germans from the air on no less than two occasions and ships in Dover harbor are believed to have been the objective of a raid by German submarines. The bombs from above never did much damage, nor was the attack from under the water successful.

Three days before Christmas a German aviator, according to a Berlin dispatch, flew over Dover, threw bombs and reconnoitered the positions of British warships. Two days later another hostile aeroplane appeared over the city and dropped a bomb which exploded harmlessly in a garden. This aviator eluded a British airman and flew safely to sea. The submarine attack was reported December 11. That morning a vessel, supposed to be the tender of the submarines, appeared off Dover but retired when fired upon. Shortly after submarines were seen at sea. The channel forts opened fire and kept it up for almost half an hour.

At the same time a flotilla of destroyers put to sea and the submarines were not seen again.

PANAMA FILES PROTEST ON VIOLATION OF NEUTRALITY

Panama, Jan. 15.—The Republic of Panama has filed a note of protest with Sir C. Smalley, the British vice consul, against the violation of her neutrality last month, when British and Japanese warships entered San Miguel Bay and other Panama waters to take on coal and supplies. The note in question is couched in friendly terms and is in no sense aggressive.

This action by the British and Japanese warships was part of the series of incidents which led Colonel Goethals to ask Washington for American torpedo boat destroyers to protect the neutrality of the canal.

LATE WAR NEWS SUMMARY

The assaults of the allies against selected positions in the German line, gaining ground for them at several points during the last week, have led to German counter attacks in force and the heaviest infantry fighting for some time. To-day's official communication from Berlin and Paris indicate that the Germans have brought large bodies of troops into play, have checked the advance of the allies and have themselves made important gains.

The heaviest fighting occurred yesterday to the east of Soissons. The Germans state that they definitely repulsed the allies and gained possession of two of their positions, capturing 1,700 prisoners and several guns. Attacks near the canal of La Bassee, it is said, were defeated, while the allies were compelled by German artillery fire to evacuate trenches near the Belgian coast, in the neighborhood of Nieuport.

The French statement admits that the allies were driven back near Soissons, being compelled to yield ground to the Germans. In the Argonne, where desperate fighting has been in progress for some time, the opposing armies temporarily have relaxed their efforts. There, as

Fierce Artillery Duels at Palinsburg, Suburb of Nieuport, Result in Evacuation of Allies' Strongholds—French Attacks Repulsed

Berlin, Jan. 13 (by Wireless to London, 3:25 P. M.)—German victories in several engagements on the western front are announced in to-day's statement from the War Office. It is said that the allies were compelled by German artillery to evacuate trenches near the Belgian coast in the neighborhood of Nieuport and that attacks were repulsed at other points, with the capture of 1,700 French in one instance. In the war with Russia there are no developments of consequence. The statement follows:

"In the western theatre of war fierce artillery duels took place in the neighborhood of Nieuport. They resulted in the evacuation of the enemy's trenches at Palinsburg, a suburb of Nieuport. The enemy's attacks near the canal of La Bassee have been finally repulsed.

"French attacks at La Boisselle and the hill of Touvron were repulsed. Yesterday's unsuccessful attacks on the hill near Crony were followed up by a German counter attack, which ended in the complete defeat of the French and the clearing of the hills northeast of Bussie and north of Crony. Our troops took possession of two French positions and captured 1,700 prisoners, four cannon and several machine guns.

"An attack by French sappers in the neighborhood of St. Mihiel has been successfully repulsed. Our troops took possession of the hills north and northeast of Crony.

"The situation in the Vosges remains unchanged. In the eastern theatre of the war the situation has not undergone any change."

TURKISH ARMY OCCUPIES PERSIAN CITY OF TABRIZ AS RUSSIANS WITHDRAW

London, Jan. 13, 1:15 P. M.—Reuter's Telegram Company has received a dispatch from its correspondent from Petrograd saying that an advance detachment of the Turkish army has occupied the Persian city of Tabriz.

Tabriz is in northwestern Persia and after Teheran, the largest city in the country. It is 100 miles to the east of the Turkish frontier. Tabriz was garrisoned by a Russian force, it being situated in that part of Persia under the domination of the Russians in the same manner as the southern portion of Persia is considered to be within the sphere of influence of Great Britain.

The town has been evacuated by this Russian force, according to a report sent out by the Turkish government and published last night in Berlin. The announcement from Constantinople added that the Russian garrison had retreated to Djulfa where the Russians were said to be assembling in strong force to defend the passage of the Araxax river.

Germans Capture Swedish Steamer

London, Jan. 13, 12:50 P.
