FOOTBALL IS A BUSINESS

Or Should Be for a Coach, Is Opinion of Big Bill

Philadelphia, Jan. 13.—That a football coach to produce the best possible results should make coaching a regular business is the opinion of William (Big Bill) Edwards, the famous Princeton guard. Edwards, in stating his views on the future coaching system at Princeton, said recently:

"I believe absolutely in the one man system. Football has become a regular business. One man must stand at the head. There never should be considered at any time any man but a Princeton football man for the position. Princeton has numerous men who can handle this job successfully, but when such a man is chosen he must make football his regular business and give his entire time to this work. Such a man must be well paid and this man, I believe, should have entire selection of the coaches under him."

GOV. TENER HAS RECEIVED A SUMMONS TO CHICAGO

Leader of National League Plans to Witness Progress of Case Against Organized Baseball—Delay Opening New York Office

New York, Jan. 13.—The plans that Governor John K. Tener, president of the National League, had made to establish his headquarters in the New York offices of the league on January 26 or 27 probably will be changed on account of the Federal League's antitrust suit filed in Chicago against organized baseball. Mr. Tener's term as Governor of Pennsylvania expires on January 25 and he had arranged to come here a day or two later to begin his first day in and day out work as chief executive of the league.

Among other officials of the two big leagues, Governor Tener has received a summons from the Federal Court in Chicago to be present at the opening hearing there a week from today. A local lawyer vouchsafed the opinion yesterday that the Governor of a State cannot be forced to answer a summons in a case of this kind, but that an official of the league declared that Mr. Tener of his own will and accord will go to Chicago to witness the progress of the case, as well as to offer testimony when called upon.

It is likely now that the Governor will not make his headquarters here until the first of February, or perhaps a week or so later. There is no intention on his part to move the offices from the Metropolitan Tower, where they have been for several years, but the present quarters will have to be enlarged. The adjoining suites on the tenth floor of the tower are occupied just now by various business concerns, so that it probably will become necessary to move floors or two up or down. At present, in addition to cabinets and cases of records of the league, there are desks for John A. Heyder, secretary of the league; D. Le Roy Reeves, personal secretary of Governor Tener, and a stenographer. There are just two rooms and a reception hall. It is intended to have quarters at least twice as large when the Governor moves in.

After reconsidering the problem, Governor Tener has decided not to make his residence in New York. He will continue to live in Philadelphia, but will come over daily to attend to the league business, the entire trip from his house to the office consuming about two hours and a half.

Former Amateur Heavyweight Champion Gets Severe Drubbing

New York, Jan. 13.—Jim Flynn administered a severe drubbing to Al Reich, the former amateur heavyweight champion, in a fast ten-round bout at the Broadway Sporting Club, of Brooklyn, last night.

Reich scored a knockdown, but at the finish Reich's right eye was badly damaged, his left cut and his lips bruised and bleeding. Flynn's face was bruised. Flynn conceded twenty pounds to Reich, the weights being Flynn, 187 pounds and Reich, 207.

Reich's friends claimed after the bout that his right hand was broken and that he had fought the last six rounds with that hand damaged. It was noticeable that Reich did not use his right hand except twice, and then only lightly, in the ninth and tenth sessions.
