No Dyes or Other Harmful Method. Results in Four Days.

Let me send you free full information about a harmless liquid that will restore the natural color of your hair, no matter what your age nor the cause of your greyness. It is not a dye nor a stain. Its effects commence after 4 days use. I am a woman who became prematurely grey and old looking at the age of a simple method he had perfected after years of study and in a short time my hair actually was the natural color of my girlish days. This method is entirely different from anything else I have ever seen or heard of. Its effect is lasting and it will not wash or rub me off the scalp. It is neither sticky or greasy, its use cannot be detected. It will restore the natural shade to any grey or faded hair. No matter how many things have failed. It succeeds perfectly with both sexes, and all ages.

Write to-day giving your name and address plainly, stating whether lady or gentleman (Mr. Mrs. or Miss) and enclose 2c stamp for return postage and I will send you full particulars that will enable you to restore the natural color of youth to your hair, making it soft, natural and easily managed. Write to-day, Address Mrs. Mary K. Chapman, Apt. 81, P. O. Box 100, Bldg., Providence, R. I.—Adv.

Wonderful Skin and Wrinkle Removers

The method of removing bad complexion by absorption seems to have come into general use in this country. Ordinary mercerized wax, applied nightly, like cold cream and erased mornings with warm water, gradually absorbs the coarse, faded or discolored outer film skin in almost invisible particles. Soon there's a brand new complexion, formed by the younger, healthier under-skin. No cosmetic or artificial treatment can possibly produce a complexion of such radiant, youthful loveliness. Druggists all have mercerized wax; it is seldom that more than one ounce is necessary.

Thousands have also reported great success with the famous saxonite wrinkle-removing formula. One ounce of pure powdered saxonite is dissolved in a half pint witch hazel and the solution used as a face wash. The effect is almost magical. The deepest wrinkles and crow's feet, as well as the finest lines whether they are age, illness, weather or worry—completely and quickly vanish. No one need hesitate to try this simple lotion, as it won't harm any skin.—Adv.

GOD'S SCALES WILL WEIGH US, ASSERTS EVANGELIST

Two Thousand People Hear Sermon on "Weighed and Found Wanting" in Mechanicsburg Tabernacle Last Night—Music Feature of Evening

(Special to the Star-Independent.)
Mechanicsburg, Jan. 14.—A congregation of two thousand people faced Evangelist Miller last evening when he stepped on the platform to deliver his sermon on "Weighed and Found Wanting." Preceding the sermon Miss Cree sang very impressively, "Weighed in the Balance and Wanting." Mr. Miller told his hearers that not the world's scales, but God's, will weigh us at the judgment day, and called them to weigh themselves in the scales of God with His weights—the Commandments. He spoke on each of the ten Commandments, showing that we "all have sinned, and come short of the glory of God," and closed by impressing the fact that, though we have sinned, we need not fear to step into the scales of God, if we take Christ with us.

A special musical number was "The Wayside Cross." Professor Hohgatt sang the solo and the male octet, at a distance, singing the response. All the lights were extinguished and the entire tabernacle was in darkness, except for the light streaming from a large cross suspended at the back of the platform. The effect was impressive. At the opening of the service the chorus sang, "Hail, Immanuel!" and after the closing prayer, "Are You Ready for the Judgment Day?"

This morning Mr. Miller and his party spoke and sang at the High school chapel. To-morrow morning at 8:30 they will be at Irving College and the president extends a cordial invitation to the public to attend.

The shop meeting to-day was at the Eberly & Orr factory, and to-morrow's shop meeting will be at the Snellbaker shirt factory. Friday evening of next week will be High school night. There will also be a special night for employed women and a special night for Irving College, the dates to be announced later. Several of the lodges have already arranged to attend services in a body and others will do so. Several of the organizations of the town have arranged to hold their regular meetings a half hour earlier than usual, so as not to interfere with their members' attendance at the evangelistic meetings.

The cottage prayer meetings, held for a half hour four mornings each week, are increasing in power. Mrs. Bowman will meet the personal workers and the usher's each evening at 6:45 in the tabernacle.

MINISTER VON BERCHTOLD QUILTS AUSTRIAN CABINET

Vienna, Austria, Jan. 14.—Count Leopold von Berchtold, Minister of Foreign Affairs in the Common Cabinet of the dual monarchy and Minister of the Imperial and Royal House, has resigned, his resignation has been accepted and he will be succeeded by Baron Stephan Burian von Rajecz, Minister of the Royal Court in the Hungarian Ministry.

In announcing the change the "Freidenkblatt" says: "Count von Berchtold, who for a long time had desired to retire, and had asked the Emperor to relieve him of his office, renewed the request and the Emperor, recognizing the important personal reasons moving the Foreign Minister to take this step, has granted his request."

As Austro-Hungarian Foreign Minister Count von Berchtold was largely responsible for the policy which resulted in declaring war on Serbia. Several times recently it has been reported unofficially that he would resign.

The appointment of a Hungarian to succeed him in the Ministry of Foreign Affairs is believed to indicate that henceforth Hungary will be more prominent in shaping the policy of the dual monarchy during the war.

THE HAIR THAT ARTISTS ADMIRE

Ask an artist what he considers the chief charm of beautiful hair and he will answer that he looks for even color, or brilliance and a looseness that eliminates any hard, definite lines. Naturally beautiful and healthy hair are obtained by retaining a perfectly clean head. In washing the hair it is not advisable to use a makeshift, but always use a preparation made for shampooing only. You can enjoy the best that is known for about three cents a shampoo by getting a package of canthrox from your druggist; dissolve a teaspoonful in a cup of hot water and your shampoo is ready. After its use the hair dries rapidly with uniform color. Greasy, excess oil and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its lustre and softness will also delight you, while the stimulated scalp gains the health which insures hair growth.—Adv.
