CLOUDY DAY IN PROSPECT

automobile to be provided for him and the inaugural party, including the inaugural committee, will follow in other automobiles. The retiring Governor will leave at once for the Pennsylvania station and take the train to Chicago.

The inaugural party will traverse the route of parade, escorted by the Governor's Troop, and on its arrival at the grand stand will alight and await the coming of the parade, which will start at once, presumably about 1.15, or sooner, if possible, and will be reviewed as it marches up Third street on the way to Hamilton street.

Plans for To-morrow Evening

As the end of the procession passes the reviewing stand Governor Brumbaugh, Lieutenant Governor McClain and the inaugural party will proceed to the Executive Mansion for luncheon.

The procession, after passing over the route of parade, will be reviewed in Market Square by General E. DeV. Morrell, the Grand Marshal, and staff.

At 5 o'clock in the evening Governor Brumbaugh will hold a public reception at the capitol, in the House caucus room. The general public will be admitted, going in the main entrance, passing to the right to the caucus room door, thence past the receiving party and out at the north door. Automobiles bearing those who wish to attend the reception will go to the south wing door and the occupants will alight and go by that entrance to the House caucus room.

Details of State police will be stationed to keep the crowd in line and to preserve order, and no undue crowding will be permitted. After the reception Governor Brumbaugh will attend the inaugural ball at the Chestnut street hall, remaining for a short while to greet those present. Then he will go to the Executive Mansion for the night.

The Plan in Case of Rain

Cloudy and colder weather with a remote prospect of rain is the forecast for to-morrow. A storm appeared in Alabama this morning and on the vagaries of that storm depends the weather for inauguration day in Harrisburg. Should its course be northeastward there will be cloudy weather without rain, but should its direction be more nearly in a straight line north rain here will result.

A high pressure area to the West has given the weather observers some hope that the storm will be pushed out.

DR. BRUMBAUGH TO NAME HIS CABINET TO-NIGHT

The general opinion on Capitol Hill this afternoon, based on what came from Philadelphia, was that the next Attorney General of Pennsylvania will be Francis Shunk Brown, of Philadelphia. Governor-elect Brumbaugh will announce his Cabinet appointments upon his arrival in this city to-night.

Dr. Brumbaugh will have to turn down 15 other applicants for the place, as he is said to have a list of sixteen attorneys, all of whom think they could safely care for the State's legal affairs in the next four years.

Gossip still is rife over the make-up of the new Governor's Cabinet, and nobody professes to be able to make the guess as to its composition.

There does not seem to be anything settled regarding the position of Secretary of the Commonwealth, except that it is generally believed that Robert McAfee, the present secretary, will not be retained, and that some eastern man, or somebody from the Juniata Valley, will be taken. The political quid nunc does not seem to be able to make a guess, and they are as much at sea as the tyros.

It was said to-day that Alfred R. Hock, of Lebanon, at present chief of the Bureau of Statistics, applied for the place, and that Samuel L. Spyster, of Huntingdon, is looking longingly toward it. Spyster was chairman of the Republican county committee and arranged the Huntingdon receptions for Dr. Brumbaugh.

CONFERENCE TO ADJUST ROW

He Will Confer With Inaugural Committee Late To-day and It Is Likely His Men Will Be Given Place Immediately Behind McNichol's Club

When the Legislative Inaugural Committee arranged the second Civic Division of the inaugural parade it placed the Philadelphia Republican Club, known as the McNichol Club, at the head of the division, and the South Philadelphia Republican Club, known as the Vare Club, at the rear of the division. These will be the two largest and most imposing civic clubs in line.

Congressman Vare, of Philadelphia, was made marshal of the Civic Division as an honor to the South Philadelphia club, and the committee thought it had arrived at a very happy solution of the question and that honors were even. However, Congressman Vare does not think so, and the old rivalry between the two clubs cropped out to-day when he called up the committee and protested against his club being placed at the rear of the division.

He wanted another place. In his mind the honor of being marshal does not compensate for the fact that his club has been placed at the rear of the division. It was accordingly agreed that the Congressman meet the inaugural committee late this afternoon, on the arrival of the South Philadelphia organization, and endeavor to have a rearrangement of the line. Vare wants his club to be at the head of the line.

SUIT CASE FOR TENER FROM ATTACHES OF HIS OFFICE

The attaches of the Executive Department gave Governor Tener a surprise this morning when they walked into his private office in a body and presented to him a handsome suit case as a token of their esteem.

Governor Tener was much surprised when Executive Clerk James C. Deisinger, in a neat speech, handed him the gift. The Governor said that it was not necessary for his intimates to give him any thing to remember them by as he should always hold them in happy remembrance because of the pleasant relations he has had with them.

Later Quartermaster Sergeant William L. Hicks, and Color Sergeant Leo A. Luttringer, of Governor Tener's non-commissioned military staff, called and presented him with the Governor's flag, carried on all occasions in the past four years when the staff turned out with the Governor. This presentation is a pretty custom always observed as an honor to the retiring Governor. Governor Tener was much impressed by the graceful courtesy.

STATE, COUNTY AND CITY OFFICES TO CLOSE TO-MORROW

Inauguration day to-morrow will be a sort of semi-holiday in Harrisburg, and many institutions will close their doors. State, county and city offices will be closed, many business houses are planning to close during the time for the parade and employees of the postoffice will have a half-holiday. It is not, however, a legal holiday and banks will remain open.

The city schools will be closed all day, the School Board having so decided on Friday night. City offices will be closed, a resolution to that effect having been passed by the City Commissioners. The regular Tuesday meeting of the City Commissioners has been postponed until Wednesday.

Some of the downtown stores have agreed to the suggestion of the Harrisburg Chamber of Commerce to close while the parade is passing. The suggestion was that the stores close from 12.30 to 2.30 o'clock.

Main postoffice and the Hill and Maclay street stations will close at noon and remain closed until 7 o'clock. The regular morning deliveries and collections of mail will be made and the usual night collections will be made.

DR. BRUMBAUGH AND FAMILY WILL ARRIVE THIS EVENING

Dr. Martin G. Brumbaugh, Governor-elect, will arrive in Harrisburg this evening at 6.55 o'clock with his family, and will go at once to the Executive Mansion where he will be met by Governor and Mrs. Tener and given a hearty welcome. The retiring Governor and his wife will then go to the residence of Spencer C. Gilbert where they will be the guests of Mr. and Mrs. Gilbert at dinner and remain over night. Dr. Brumbaugh and family will occupy the mansion to-night.

LAW-MAKERS WILL HOLD BRIEF SESSION TO-NIGHT

Chairmanships Are About Agreed on, but the Memberships of the Various Committees Will Hardly Be Announced Before Wednesday

Both Senate and House will hold short sessions to-night, the House meeting at 8 o'clock and the Senate at 9. It was expected that the presiding officers of both houses would be ready to announce their committees, but that will be impossible, and the committees will hardly be ready before Wednesday morning, according to what the leaders say.

This delay is occasioned by the scramble for chairmanships. Two years ago a Committee on Committees arranged for the committees, both as a whole and as to chairmanships. There was a great deal of dissatisfaction in the House, but no delay. This year Speaker Ambler is selecting his committees with the aid of the Republican leaders in the House, subject to the revision by Dr. Brumbaugh, and, as a matter of course, there is delay.

The Senate wrangle this year was over the chairmanship of the Appropriations Committee, but that was eventually settled by Senator Buckman, of Bucks, getting the plum, if a place full of vexations and worries can be called a plum.

In the House George W. Williams, of Tioga, will be chairman of the Law and

STATE COLLEGE CADETS COMING

Glee Club, Too, Will Be Here and Give Concerts at Capitol

The Pennsylvania State's Glee Club of forty-nine students, under the direction of C. C. Robinson, will furnish some of the music for Governor-elect Brumbaugh's inauguration to-morrow. A short open-air program will be given in the morning, and a special concert will be arranged for the afternoon in the rotunda of the Capitol.

In addition to the glee club, the cadet band of sixty pieces and Company F, the prize company of the college regiment, comprising one hundred men, will participate in the inaugural parade. The students will travel to Harrisburg and return on a special train, leaving Lemont early Tuesday morning.

RENTS DETWEILER MANSION

General Morrell Will Have Staff Headquarters There For Week

General Edward De V. Morrell, grand marshal of the inaugural parade, arrived in Harrisburg yesterday afternoon and established his headquarters in the Detweiler mansion, South Front street, which will be occupied by General Morrell and suite for the week.

The grand marshal was accompanied by two secretaries, his valet and second man, and immediately on his arrival began the work of arranging for the carrying out of the plans for the big parade to-morrow.

RABBI DIES IN PULLMAN CAR

Adolph Guttmacher Stricken Last Night Shortly After Passing Through This City

Rabbi Adolph Guttmacher, of Baltimore, was stricken with apoplexy last night on a Middle division train, shortly after it pulled out of this city. His body was found in the toilet of a Pullman car when the train was stopped at Longfellow. The rabbi's wife and several friends were passengers in the same car, and they knew nothing of the unfortunate occurrence until notified by the conductor.

Rabbi Guttmacher, with his wife, was en route from Baltimore to Chicago. At this city the minister walked to the smoking compartment of the Pullman car and that was the last seen of him alive.

As the train was passing Longfellow, about 5.25 o'clock, the porter of the car endeavored to open the toilet room, but he found that the door was blocked. He notified Conductor W. W. Stewart and it was found that a man's body was wedged against the door on the inside.

The train was stopped and the window into the toilet room was forced open, the lifeless body of the rabbi being found on the floor. He was an unusually big man, weighing about 300 pounds, and this made it impossible to open the door.

UNIONTOWN BANK CLOSED

First National Fails to Open Its Doors This Morning

Uniontown, Pa., Jan. 18.—The First National bank of Uniontown failed to open its doors this morning and waiting customers were told that the board of directors were in session and an announcement would soon be made.

A large crowd gathered in front of the bank, and a few minutes before noon a notice was posted on the door announcing that the institution was closed by order of the directors. This action followed a long conference between the directors, Bank Examiner Gerald Smith and a representative of the Comptroller of the Currency. President Thompson said the bank would not reopen until there was enough money on the counter to pay all depositors.

The bank has a capital of \$100,000 and in the last statement the surplus was given as \$1,000,000. Recently the bank paid an extra dividend of 700 per cent, until which time it led the roll of honor banks. President Thompson is one of the largest individual owners of coal lands in the country and it was reported last week that he was about to close deals in coal lands amounting to \$18,000,000. Failure of these transactions it was reported to-day caused the closing of the bank.

BLUECOAT DENIES MEANING TO FIRE

Patrolman Scott Tells the Court That the Killing of Banks Was Accidental

JURY MAY GIVE VERDICT TO-NIGHT

Evening Session Likely to Be Held If Necessary to Prevent Trial Being Delayed Until After Inauguration—Character of Accused Is Upheld

Robert F. Scott, the colored patrolman charged with murder growing out of the fatal shooting on August 1, last, of Nathan Banks, colored, at 1119 Monroe street, this city, took the witness stand this morning in his own behalf in a holdover session of criminal court conducted by Judge S. J. M. McCarrell, and declared emphatically that he had no intention of shooting Banks and that his revolver was discharged by accident.

A dozen or more character witnesses, mostly patrolmen and other persons connected with the city police department, testified as to Scott's good reputation both as a policeman and a civilian. Two dozen others, mostly business men of the city, counsel for the defense said, will be put on the stand this afternoon. It was the general opinion in the Court House that a verdict will be rendered by late afternoon or this evening.

It was said at noon that an evening session of court will likely be held, if necessary, to wind up the case to-day, so that the judges and court attaches may attend the inaugural ceremonies to-morrow.

Counsel for the defendant, in opening Scott's side of the case, asked the jury to acquit their client on the ground that the firing of the fatal shot was an accident. As an excuse for drawing the weapon, Scott said he did it "in the excitement of the moment and also in view of the fact that he knew Banks to be a bad character—a lawless citizen of the Tenderloin."

Hutchison Testifies for Scott

Policemen, including Chief of Police Joseph B. Hutchison, Lieutenant J. Edward Warden and City Detective White not only testified that the killing occurred in a section where the percentage of lawless characters exceeds that of law-abiding citizens, but also declared that Banks, the slain man, had a

PROBE POOLING AGREEMENTS

President Includes Them in Investigation of Wheat and Flour Prices

Washington, Jan. 18.—President Wilson, it became known to-day, has included pooling agreements in the possible causes for the recent rise in the price of wheat and flour, which he has directed Attorney General Gregory to investigate.

The President sent Mr. Gregory a letter to-day formally asking him to investigate with a view to prosecution, if evidence was discovered of illegal combinations.

TENER APPOINTS COCKILL NATIONAL LEAGUE UMPIRE

Manager of Harrisburg's Pennant-Winning Baseball Club of the Tri-State, Named To-day for Post in the Big League

George Cockill, manager of two pennant-winning Tri-State baseball league teams from this city, and recognized as one of the best first basemen in that league, to-day was appointed as an umpire to officiate at National League games. The appointment was made by John K. Tener, who is the president of the National League, and who will retire as Governor of Pennsylvania to-morrow.

Cockill came to Harrisburg, as the manager of the local Tri-State team, three years ago. He also went into the games, playing at first base, and brought the pennant to Harrisburg the first season he was here. During the second season his team fell short of the "rag" but gave the winner a lively chase. Last year his team again won the pennant.

Before coming to Harrisburg in 1912 Cockill, with "Bill" Coughlin, owned and managed the Reading Tri-State baseball team. Before that he had played on the Williamsport Tri-State team. He also once was a utility man with the Detroit American League team. During one season he played with the Montreal, Canada, International League club.

In 1913 Cockill coached the Technical High school football team in this city and last season he coached the Bucknell University eleven.

Owners of the Harrisburg club this afternoon announced that a meeting of the club will likely be held within a few days, or immediately after they receive Cockill's resignation, at which time the question of getting a new manager for the Harrisburg club will be considered.

KAISER'S TROOPS DRIVE FRENCH FROM POSITIONS AT POINT OF THE BAYONET

Berlin, Jan. 18, (by Wireless to London, 2 P. M.)—The German official statement given out to-day refers to artillery exchanges in France; says the Germans were successful yesterday in various encounters of minor importance, and declares the French have not recently undertaken any direct attacks. German forces occupied French positions near La Boisselle, and in the Argonne, and the Germans are still contesting a French advance near Pont-A-Mousson. The statement is as follows:

"In the neighborhood of Nieuport yesterday there were artillery duels but nothing else. No attacking movements have been undertaken by the enemy in the last few days. British mines have been washed ashore as several places on the coast."

"At La Boisselle, northeast of Albert, our troops who again had established themselves in the church yard of La Boisselle and in the hamlet to the southwest, attacked the French with the bayonet and drove them from their positions. We took prisoner three officers and 100 men. Several French trenches have been captured in the Argonne forest. The French detachments occupying them were almost annihilated."

"The French attack on our positions to the northwest of Pont-A-Mousson, against a hill which is two kilometers (a mile and one-fifth) south of Veley, advanced as far as our trenches. This fighting is still going on."

"In the Vosges and in Upper Alsace a heavy snow storm and fogs have prevailed, interfering with the fighting."

"The situation in East Prussia has undergone no change. In Northern Poland the Russians attempted an advance across a branch of the river Wrka, near Radzanow, but were repulsed. Nothing of importance has transpired in Polish Vistula."

FRENCH REPORT GERMAN ATTACKS ARE REPULSED NEAR AUTRECH BY ALLIES

Paris, Jan. 18, 2.44 P. M.—The French official statement given out this afternoon reiterates French successes yesterday at various points along the battle line, most of them artillery engagements. None of the actions seems to have been of great importance. There was storm weather yesterday in Flanders, as well as in the Vosges. The statement follows:

"From the sea to the Oise there was yesterday a violent storm, particularly in Belgium. The day saw artillery fighting at certain points. Near Autrecht, in the northeast of Vic-Sur-Aisne, two German attacks were repulsed. In the sections of Soissons and Rheims there was no change."

"In the region of Perthes there was very efficient marksmanship on the part of our artillery on the positions of the enemy."

"In Argonne the German attacks on hill 263, to the west of Bourouilles, brought no result. We took possession of several German field works to the northwest of Pont-A-Mousson, in the only part of the forest of La Prete which is still in the hands of the enemy. We here later repulsed a counter attack and maintained all our gains."

"In the Vosges there has been a heavy fall of snow. The enemy bombarded Thann, but without inflicting serious damage."

LATE WAR NEWS SUMMARY

The German attack on the western front has shifted northward from Soissons and yesterday there was a severe encounter in the region of Albert. To-day's official Berlin statement says that the Germans, attacking with bayonets, drove the allies from positions, northeast of Albert. North of Soissons region there is little activity. Several French trenches in the Argonne are said to have been captured.

The official statement from Paris disputes the German claim of victories in the Argonne saying that the attacks were repulsed. Several minor victories for the allies are reported mostly in artillery engagements.

The official observer attached to the British army headquarters says in the recent report from St. Omer, France, that the British troops had advanced one mile near La Basse, capturing German positions.

In East Prussia, so far as the official communications show there is no marked change. At Berlin it is said that attacks by the Russian forces in North

Maurice Campbell, her husband, also filed a petition in bankruptcy, giving his liabilities as \$125,000 and assets as \$483.

MR. LAMBERTON HAS SEVERE FALL

Mr. Lambertton, 111 North Front street, who was suffering from the effects of a severe fall was reported at his home this afternoon as recovering rapidly from the shock, although he still is confined to his bed.

WALL STREET CLOSING

New York, Jan. 18.—Leaders recovered from the early lethargy later, Reading, Lehigh Valley, Union Pacific and other representative shares gaining a point or more. The closing was strong. Special stocks were again the prominent features of to-day's market standard issues being relatively inactive and backward.

ACTIVITY OF GERMANS ON THE VISTULA

Kaiser's Forces Directing Their Efforts to Push Russians Beyond the River

MAKE 6 ATTACKS SATURDAY NIGHT

Petrograd, Via London, Jan. 18, 5.05 A. M.—Recent developments in the vicinity of Warsaw appear to indicate that the Germans are directing their efforts to push the Russians beyond the east bank of the Vistula at the junction of that river with the Pillica.

It is the opinion of a high military authority that the Germans, with the co-operation of the Austrians, are seeking to force their way through from the vicinity of the upper Nida, where recently hard fighting has been recorded. Holding a line of trenches and fortifications directly west of Warsaw, the German activity for the past fifty hours has been around a big village between Sochaizew and Bolimow, where six attacks in succession were made Saturday night.

In the region of Plock and Mlawia the Germans appear to be on the defensive. They have been slowly pushed back by the Russians, who are reported to be capturing new villages. Saturday, it is said, the Russians crossed the river Skrawa, which enters the Vistula, a few miles below Plock.

Southward the Austrians have fortified along the river Danajee and are besieging Tarnow with heavy artillery. Their aim is believed to be to push eastward and relieve Przemysl.

With all Bukovina in the hands of the Russians, only one pass, which is strongly fortified, prevents an invasion of Transylvania, Hungary.

The reorganization of the Austrian army, through which an Austro-German element predominates on the eastern front, where formerly there was a large percentage of Slavs, is said to have worked a notable improvement in efficiency. The Austrian Slavs are reported to have been sent to the French front.

BERLIN PLACES LOSSES OF THE ALLIES AT 150,000

Berlin, Jan. 18.—An official statement issued by the German War Office says:

"About four weeks ago the order for a general attack which had been decided upon by the French authorities in December was given. The attempted attacks of the enemy in the western theatre were met by the necessary steps on our part. The enemy's attacks brought him no success worthy of mention, whereas our troops north of La Basse, on the Aisne, and in the Argonne made very satisfactory progress."

"The losses of the enemy during this period, counted by us, amount to 20,000 killed and about 17,800 prisoners. He will now know from experience that, together with the wounded his losses are in proportion of 1 to 4 apart from the number of sick and missing, the grand total being 150,000 men. Our total losses for the same period do not amount to one-quarter of that number."

PROHIBITION RIDER LOST

Senate Defeats, 40 to 38, Motion to Suspend Rules on Amendment Banning Liquor in the Capital

Washington, Jan. 18.—The Senate defeated to-day, 40 to 38, the motion to suspend its rules for consideration of a prohibition rider to the District of Columbia appropriation bill. A two-thirds majority was necessary to suspend the rules prohibiting general legislation in appropriation bills and the motion failed to receive even a majority. Debate had lasted five days.

After the vote Senator Sheppard stated he would make no further effort to press the prohibition issue in connection with the District of Columbia bill, but would bring it up either as a separate measure or as an amendment to some other bill. Eighteen Republican and Nineteen Democratic Senators and one Progressive voted for the motion to suspend the ruling.
