## Dandruffy Heads Become Hairless

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do.

Big Pimples Came. Itched Nearly All Time. Could Not Go Anywhere. Face Awful Looking. Used Cuticura Soap and Ointment. In Six Months Face Well.

Clarks Green, Pa.—"About two years ago acne broke out on my neck and jaw bones. Great big pimples would come and they would look awfully. They would itch nearly all the time. I had to scratch them. Sometimes I could not go anywhere for my face would be sore and awful looking.

"I was given some salve and told to get green soap and use it. I did that for a while and it went away but came back just as bad. Last spring I thought I would try Cuticura Soap and Olintment. My face stopped itching and in three weeks it began to clear up. I would wash my face with just as hot water as I could stand and use the Cuticura Soap, and I applied the Cuticura Olintment every afternoon and evening before going to bed. In six months my face was entirely well." (Signed) Mrs. Earl White, June 19, 1914.

Besides soothing and healing skin troubles Cuticura Soap and Cuticura Olintment are superior tollet preparations.

## When You Wash Your Hair Don't Use Soap

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulsified cocoanut oil, for this is pure and entirely greaseless. It's very cheap, and beats soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

At the time of the anniversary celebration in 1913 Mr. Staley met some Southern veterans, with whom he became very intimate. They have since written to him, it is said, and he prome ised to visit them some time at their home. They reside in the vicinity of Richmond and the papers of that city will be used in an effort to secure some word of the missing man. It is possible that he left here with the intention of spending some time with his Southern friends, for he took sufficient clothing for a long stay.

umption of Trade, Seriously Inter rupted in the First Three Months of European War, Has Again Resumed Former Proportions

Washington, D. C., Jan. 18.—Imports of chemicals and drugs, which were seriously interrupted in the first three months following the outbreak of the European war, have again resumed normal proportions. The November imports were valued at \$7,904,944, against \$6,746,147 in November, 1913; \$8,042,567 in November, 1911. The importation of chemicals, drugs and dyes has averaged \$7,700,000 per month during the last five years, but in August the total fell to \$5,622,000 and in September to \$5,519,000. With a partial reopening of trade channels, there has been a marked increase in imports of chemicals and drugs, which rose to \$7,382,082 in October and in November, as above noted, amounted nearly to \$8,000.000 November, as above noted, amounted nearly to \$8,000,000.
