UNPARALLELED SALE OF WOMEN'S SHOES

Starting To-morrow Morning at 8 O'Clock

Without a shadow of doubt, the greatest sale of its kind ever held in this city, for the reason of the vast quantities; the good styles; the complete size range, and the very unusual values.

They represent the entire stock of women's and growing girls' shoes, purchased from one of the largest retailers in the country, operating a chain of 127 shoe stores, one of which is located in Harrisburg, and for this reason we were requested not to use the name of these well known shoes in advertising them, so all identifying marks have been removed

These shoes have a standard retail price, and under ordinary conditions are not sold for less. To-morrow every pair will go on sale at

\$1.49 Pair

Important to Know

This assortment is NOT a clearance lot, nor is it an accumulation of several years. The concern from whom they were purchased, suddenly decided to discontinue handling women's shoes and took this method of disposing of them quickly. Many had been purchased for spring selling and never have been in stock before, and we venture to say, not a pair in the entire lot was made over a year ago.

Convenient Arrangement

In order to enable our greatly increased force of salespeople to render quick and satisfactory service, the shoes have been arranged on tables, and only one size on a table.

A Word to Institutions

This is a splendid opportunity for institutions, etc., to obtain a supply of women's shoes at less than half their usual prices, notwithstanding the fact that leather is steadily advancing in price.
