

RHODE ISLAND GOVERNOR'S WIFE WHO IS AIDING JOBLESS WOMEN

Mrs. Beekman, wife of Governor R. Livingston Beekman, of Rhode Island, is making her influence for good felt in the State of which her husband was recently elected Governor, and like her husband, she already is popular with all classes of people. Her latest effort is a novel movement arranged at her home, in Providence, for the benefit of jobless women of that city. The scheme is to hold a big auction on January 27 to obtain a nucleus for a fund for unemployed women. Many women will give articles to be auctioned, and merchants are expected to contribute heavily so that the sale may last several days. Nearly all the organizations of Rhode Island club women are identified with the scheme.

FOR ROUGH CHAPPED HANDS
What Parisian Women Use to Make Their Hands Soft and White

The best preparation for softening, whitening and beautifying the hands is a famous French formula composed of: Japora Concentrate, 2 oz.; alcohol, 2 1/2 oz.; rose water, 1 oz.; witch hazel, 2 oz. This product will also quickly remove freckles, yellow or dark spots on the skin, overcome enlarged skin pores, blackheads and unnatural redness of the skin. It is most refreshing for gentlemen to use after shaving as it is exceptionally healing to a sore skin.

In reply to an inquiry from C. K. Keller, druggist, No. 495 Market street, of this city, that they keep all the ingredients required for compounding the above prescription and that they are prepared to fill it just as well as a Paris pharmacist.—Adv.

"DIDN'T CONSULT VARE,"

ASSERTS DR. BRUMBAUGH

New Governor Declares His Appointments Were Based on His Individual Judgment—Intimates He Will Retain Adjutant General Stewart

Governor Brumbaugh late yesterday gave an interview to the newspapermen who are doing legislative correspondence on Capitol Hill during the present session. Private Secretary Hlatt arranged for the meeting, and at 3.30 o'clock the doors of Governor Brumbaugh's private office were thrown open and the newspaper men filed in, shook hands solemnly and took seats. The manner of the Chief Executive indicated that he was in a mood to receive questions and in a short while the newspaper men opened fire.

Governor Brumbaugh said he was working out his legislative program and shaping up the legislation which was part of his platform. Speaking of the workmen's compensation law he said there will be several drafts drawn by various authorities, all of which will pass through the hands of the Attorney General, and be submitted this month. The Governor claimed the sole responsibility for the appointments he announced the night before his inauguration. He said he had interviewed the men personally and had tendered the position to them and received their acceptances.

Says Vare Was Not Consulted
"Senator Vare says that he made no overtures to you for the appointment of Francis Shunk Brown as Attorney General," the Governor was told.

"Senator Vare states the fact," replied the Governor.

The Governor was asked regarding the call made upon him earlier by members of the Public Service Commission. This call was purely one of courtesy, he said, on the part of appointees of Governor Tener.

Mention being made of some notaries and justices of the peace whose nominations were sent to the Senate, the Governor said that these were appointments of Governor Tener, and in the case of the notaries, they were delayed because they had not been accompanied by their fees.

"One Justice of the Peace I appointed to fill a vacancy caused by death," remarked the Governor, "I do not even remember his name, as it was handed to me by the retiring Governor just before his quitting office."

"Harmony seems to prevail between Governor Tener and yourself regarding appointments," said one of the Governor's interviewers.

"It does," he replied, and after a pause, the Governor added, regarding notaries and justices of the peace.

Hints He Will Retain Stewart
It was mentioned to the Governor that the States revenues would be \$17,000,000 less than they were two years ago, and his reply was, regarding appropriations, that "you must cut your coat to fit your cloth, or else get some new cloth," intimating that the appropriations must be kept within the revenues or else new means of revenue must be found.

As to means of obtaining money to pay State expenses, it was suggested that the State might borrow.

"That can hardly be done, even if it were wise," he said. "It would take six years to realize on a bond issue as it would have to go before the Legislature twice and once before the people at the polls before it could be floated. That is a wise precaution to prevent the State going into debt."

The Governor said that he had no new appointments to announce and that no changes were in immediate contemplation. Adjutant General Stewart seems to have an extended tenure at that office, however, from one remark by the Governor. He was asked about the Adjutant General, whose term, it was suggested, expired with the late Governor. Dr. Brumbaugh said that there was no contemplated removal of General Stewart.

"He did very well Tuesday I thought," he said, referring to General Stewart's supervision of the inaugural ceremonies.

WOMAN CHARGED WITH ARSON
Divorcee Blamed for Firing Buildings on Former Husband's Farm

Hagerstown, Md., Jan. 21.—On the charge of burning two barns, a dwelling house and several outbuildings on the farm of Jacob Schindler, a mile north of this city, on November 7, Mrs. Mollie Niemeyer, divorced wife of Mr. Schindler, was held in the sum of \$1,000 bail for the action of the Grand Jury by Justice Doub, before whom she was given a hearing in the police court here last night. The woman was arrested at the Schindler home by State Fire Marshal G. Edward Myers.

Mrs. Niemeyer was apparently unconcerned during the hearing. When called to the stand she positively denied the charge, but admitted having made threats while under the influence of liquor. She said she would get bail.

Discolored or Spotty Skin Easily Peeled Off

The discoloring or roughening to which many skins are subject at this season, may readily be gotten rid of. Mercolin was spread lightly over the face before retiring and removed in the morning with soap and water, completely peeling off the discolored skin. Get an ounce of the wax at any drug-gist's. There's no more effective way of banishing chaps, blotches, pimples, freckles or other cutaneous defects. Little skin particles come off each day, so the process itself doesn't even temporarily mar the complexion, and one soon acquires a brand new, spotless, girlishly beautiful face.

Wrinkles caused by weather, worry or illness, are best treated by a simple solution of powdered salicylic acid, dissolved in 16 pint witch hazel. Bathe the face in this produces a truly marvelous transformation.—Adv.

SELECTS NEW PATROLMAN

DESPITE MAYOR'S PROTEST

City Commission, by 3 to 2 Vote, Railroads Through the Name of Dickey, Although Royal Asks for Delay—New Names for Some Streets

After defeating, by a vote of 3 to 2, the Mayor's plan to postpone for one week the naming of a successor to James R. Wilson, a colored patrolman, who resigned, the Republican City Commissioners late yesterday afternoon, by a similar vote, confirmed the appointment of Harry A. Dickey, 1125 North Cameron street, as Wilson's successor.

Wilson's resignation was on the Mayor's desk when the Commissioners went into session and the five members all said it was a surprise to them.

Dickey's name was hurriedly recommended, the Republicans said, both because of the need for a patrolman and also in view of the fact that Dickey long ago had made application for a job on the force.

The Mayor and Commissioner Gorgas opposed the confirmation of Dickey because, they said, they did not know him and they wanted an opportunity to learn something about him.

The Commissioners confirmed the action of Mayor Royal, who, at an expense of \$93.40, employed half a dozen Pittsburgh and Philadelphia detectives during the celebration incident to the Governor's inauguration.

Carrying out his plan to have all city street names made uniform, Highway Commissioner Lynch offered an ordinance changing a number of street names and giving appellations to others which now had no official name. He suggested the following changes:

New Street Names Proposed
Angle alley, between Market and Vernon streets, to be changed to Brady street; Bailey street, extending from Conestoga, to be changed to Center street; Cedar street, extending from Cameron to Front, to be changed to Elliot street; Crabapple street, extending from Fifteenth to Sixteenth street, to be changed to Park street; Elm street, extending from Cameron to Tenth

street, to be changed to Sheck street; Geary street, extending from West Parkway to Galbraith, to be called Elk street.

Howard street extending from Schuylkill to Seneca street and from Wharton alley to Forrest street, to be changed to Turner street; Jefferson street, extending from Cameron to Franklin, to be changed to McKean street; Moore street, extending from Finley to Buchanan, to be called Berks; Porter street, extending from Stewart to Ainsworth, to be known as Blair street; Ross street, extending from Conestoga to Wharton, to be called Eric street; Marigold, extending from Thirteenth to Fourteenth, to be changed to Lowell street; Dogwood street, extending from Twelfth to Thirteenth, to be called Wayne; Elder street, extending from Anderson to Brewster street, to be changed to Cambria street, and Millin, extending from Kelly to Mayday street, to be changed to Susquehanna street.

Cameron Street Complains Win
The plan to purchase a plot of ground at Cameron and Berryhill streets, as a site for the municipal asphalt repair plant was dropped yesterday when Highway Commissioner Lynch moved to postpone indefinitely the ordinance carrying the appropriation with which to buy the ground.

Opposed to the proposed location of the plant, offered by Cameron street business men was responsible of the abandonment of the plan.
