The Amico Sink Protecting Dish Pan Saves Friction In the Kitchen

Scores of men have visited our Housewares Department since our introduction several weeks ago of the Amico Sink Protecting Dish Pan, and almost as many men have taken the step that will save them plumbing bills.

The Amico Dish Pan will be recognized the instant you see it as one of the greatest inventions of a decade in the interest of the household.

With the Amico Sink Protecting Dish Pan you have no more stopped up pipes.

And besides, you have more healthful conditions in the washing of your dishes.

The demonstration closes this week.

Earthquake Pictures at the Victoria To-day

Today's special feature at the Victoria Theatre, 223 Market street, will be pictures of the recent earthquake in Italy in which thousands of lives were lost. The Pathe News, which presents this extraordinary attraction, had a photographer with a moving picture camera on the job as soon as the first shocks were reported. These pictures show actual scenes of destruction and are exhibited in Harrisburg for the first time since their arrival in this country.

The other headliners at the Victoria to-day are: Sexton Black, of Scotland Yard, in the "Mystery of the Diamond Belt," in four parts, a thrilling detective story, and Vivian Rich and an all-star cast in "Redning Fires," in two reels.

To-morrow's attraction at the Victoria will be Carlyle Blackwell and an all-star cast in "The Key to Yesterday," an exceptional photo-drama in five reels.—Adv.

Crepe de Chine Waists Are Better Here Than Elsewhere

And many of them, besides their loveliness of quality and chicness of style, are lower in price than you would have to pay for in some shops.

—A Woman's Comment

One well-dressed woman was full of enthusiasm yesterday when she saw the Crepe de Chine Country Club blouse, a garment that has attracted much attention at \$2.98. "This waist is priced \$3.95 in another store," she explained, "and it is identical in quality and workmanship."

For fairness in its transactions with the public the Dives, Pomeroy & Stewart store long ago gained a reputation that few houses enjoy to-day.

There are scores of lovely new styles in Crepe de Chine and lace and many of the fairest of them are \$2.98.

—American Colors for Spring

A new arrival in Crepe de Chine whose colors are strictly American in nomenclature is shown to-day. The new colors include:

- Delaware Peach
- Riping Rock
- Rocky Mountain Blue
- Arizona Silver
- Gettysburg Grey

Iron Cross, the Cross of the Legion of Honor. These are rewards of heroism which would mark a man above his fellows even in this foreign land.

But how many Americans know what a medal of honor is?

How many Americans know that the modest American soldiers who wear the medal of honor wear a decoration that is among the rarest and most difficult to win among military honors?

The Cross of the Legion of Honor, established by Napoleon in 1802, while founded to signalize deeds of special daring in war, was after given freely for civil distinctions. Nearly 40,000 German soldiers were decorated with the Iron Cross in the seven months of the Franco-Prussian war, while in the more than half century since the creation of our honor roll only 3,088 have been granted, and of these nearly 900 were given under a mistaken reading of the law.

The holder of the medal of honor must have distinguished himself conspicuously by gallantry and intrepidity, at the risk of his life, beyond the call of duty. This standard, which bars out action, however brave, in the course of duty and includes only acts of daring which a man might refuse or avoid without rebuke, is said to be unequalled.—Chicago Tribune.
