GOLD WATCH****Dandruff Surely
Destroys The Hair**

Girls, if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy, every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.—Adv.

LORIMER AGAIN INDICTED**Grand Jury Also Charges Misuse of \$203,000 by Munday and Huttig**

Chicago, Jan. 27.—Additional indictments returned here yesterday in connection with the defunct La Salle Street Trust and Savings Bank, charged William Lorimer, president; Charles B. Munday, vice president, and Henry W. Huttig, a director, with misapplication of funds.

The indictments constitute the third formal charge against Munday, the second against the ex-United States Senator and the first against Huttig. The indictments were by the Federal Grand jury. One indictment is against Lorimer, in twenty-six counts, and charges misuse of \$61,500 of the bank's funds. In each instance Munday is charged with aiding the president.

The second charges Munday with the misuse of \$125,000, and has twenty-six counts. The third charges the misuse of \$80,000 by Munday and Huttig, in sixty counts.

The new indictments alleged the misuse of the funds of the bank by the indicted officials for the benefit and the advantage of themselves and the various private enterprises in which they were interested.

Bonds were fixed in \$5,000 each and Judge Carpenter ordered that the same bonds on which they previously were released be security in the new indictments.

Pritchard, chairman of the board.

The demand for the data was made by Warren S. Stone, of counsel for the engineers, who asserted that the figures compiled by J. H. Keefe, assistant general manager of the Gulf, Colorado and Santa Fe, seemed to him unduly large and appeared to be inconsistent with reports to the Interstate Commerce Commission.

LIVES 41 YEARS AS WIFE**Then Aged Woman Loses \$16,000 Estate of Supposed Husband**

Philadelphia, Jan. 27.—Although she lived with him forty-one years and believed herself to be his lawful wife, Mrs. Catherine Kollock, 80 years old, cannot, by a court ruling, share in the \$16,000 estate of William D. Kollock. Judge Paterson, in a decision yesterday dismissed her suit on the ground that she failed to prove a legal marriage with Kollock.

The woman testified that in 1874, believing Kollock to be a single man, she was married to him. Later, she said, he confessed he had been married before and had two children. He assured her, she said, that he had obtained a divorce from his first wife.

This statement proved untrue, as the records show that Kollock did not get a divorce until 1890. Children by the first Mrs. Kollock will get the property. The aged petitioner charged that much of Kollock's property was bought with her savings. She believed it to be held by them jointly, but, on Kollock's death, discovered he had placed the property in his own name.

A rehearing was refused W. E. Hepler, of Upper Mahanotown, whose license was revoked last week for selling to minors. Court has now granted a total of 1,150 licenses for the ensuing year, all old stands, with the exception of Ditchey's, and one new brewery agency. This is half a dozen less than last year.
