U. S. STEEL FALLS FIVE POINTS AS MARKET OPENS

The Common Stock Declined at the Opening to 48, Its New Minimum, on Offerings of Nineteen Hundred Shares

By Associated Press.
New York, Jan. 28.—Wall Street—United States Steel shares were again the center of interest in to-day's stock market. Steel Common declined at the opening to 43, its new minimum, a fall of five points from yesterday's quotation on offerings of 1,900 shares. This was followed by another lot of 500 and several 100 share lots at 43. The preferred stock again sold off to within a fraction of its minimum. Other active stocks including Pacifiacs, St. Paul and Reading were lower, but the list made general recovery after the absorption of initial offerings. The London market showed numerous advances for Americans, but refusal of the London Exchange to reduce the minimum price on Steel caused the automatic withdrawal of that stock abroad.

The tendency to break away from the industrial list was the feature of the morning session. Gains of a point from yesterday's final figures were made by many active railroad shares. Steel common rose 3-8 above its minimum, but was freely offered on the advance and fell back. Bonds were firm.

TURKS' VIGOROUS ATTACKS REPULSED BY THE RUSSIANS

Petrograd, Jan. 28.—The general staff of the Russian army of the Caucasus gives out the following official announcement concerning the progress of the fighting in that country: "On the morning of January 26, Turkish forces in the vicinity of Sultan Selim, in the Tchoruk country, delivered a series of vigorous attacks on our positions, all of which we repulsed. In the vicinity of Olli, 55 miles west of Kara, the Turks, following the custom of recent days of taking the offensive, sent forward an enveloping column. This column was, however, thrown back by us and the Turks sustained heavy losses. "In Azerbaijan province, Persia, the activity of the enemy is increasing. It has been noticed particularly that numerous bands of Kurds, supported by regular Turkish troops, have undertaken offensive operations in the vicinity of Kobi, but everywhere they have been repulsed. Along the other Caucasian fronts on January 26, the military activity was confined to rifle fire."
